

2023 WaterWise Landscaping Webinar Series

Get your garden growing this year with the WaterWise approach!

City of Bend Water Conservation & Stormwater invite you to an educational webinar series sure to inspire your landscape.

Join the webinars and learn the following concepts:

- Develop a palette of climate-appropriate and native plants that minimize water use and maximize biodiversity
- Apply key design principles and layout a successful planting plan including converting from spray to drip
- Learn components of a properly installed drip system, troubleshoot typical problems, and establish successful maintenance practices
- Capture rainwater on your property, retain it in a healthy soil sponge, and reduce runoff
- CEU's available for landscape professionals

This EPA Water Sense accredited series is brought to you by City of Bend's WaterWise Program and presented by the award winning Green Gardens Group.
