December 21, 2012

Honorable Mayor Jeff Eager Members of the City Council and Citizens of the City of Bend, Oregon

The Comprehensive Annual Financial Report (CAFR) of the City of Bend, Oregon (the City) for the fiscal year ended June 30, 2012 is hereby submitted.

This report presents the City's financial position as of June 30, 2012 and the results of its operations for the fiscal year then ended. The financial statements and supporting schedules have been prepared in accordance with accounting

FINANCE DEPARTMENT

710 NW WALL STREET PO Box 1024 BEND, OR 97701 [541] 388-5505 TEL [541] 385-6675 FAX WWW.CI.BEND.OR.US

principles generally accepted in the United States of America (GAAP) and meet the requirements of the standards as prescribed by the Secretary of State Audits Division. We believe the data, as presented, is accurate in all material respects and presented in a manner designed to fairly present the financial position and results of operations of the various funds of the City.

JEFF EAGER

JODIE BARRAM Mayor Pro Tem

TOM GREENE City Councilor

SALLY RUSSELL

MARK CAPELL City Councilor

SCOTT RAMSAY

ERIC KING City Manager

City Councilor

SONIA ANDREWS Finance Director The accuracy of the City's financial statements and the completeness and fairness of their presentation are the responsibility of City management. The City maintains a system of internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss or unauthorized use and that financial records can be relied upon to produce financial statements in accordance with GAAP. The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed benefits likely to be derived.

Talbot, Korvola & Warwick LLP, Certified Public Accountants, have issued an unqualified or "clean" opinion on the City's financial statements for the fiscal year ended June 30, 2012. The independent auditor's opinion is located at page 1 in the Financial Section of this report.

City Councilor GAAP requires management to provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management's Discussion and JIM CLINTON Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be City Councilor read in conjunction with it. The City's MD&A is located on page 3 immediately following the independent auditor's opinion.

City Profile

The City is located in Central Oregon, just east of the Cascade mountain range and encompasses an area of 32.5 square miles. Originally a small mill town in the early 20th century, Bend is now the largest city in Central Oregon with a population estimate of 76,925. Bend serves as the seat for Deschutes County and as the hub of economic activity in a three-county region including Deschutes, Jefferson and Crook counties. Bend is the principal city of the Bend Metropolitan Statistical Area (Bend MSA).

The City was founded in 1904 and incorporated in 1905. It is organized under a council/manager form of government and is served by a seven member Council. Councilors are elected to fouryear terms and select a mayor and mayor pro-tem from among themselves, each for a term of two years. The Council sets policies and enacts ordinances. The City Council hires and directs a City Manager who is the City's Chief Executive Officer. The City Manager is responsible for the administration of the City and manages a staff of eight department heads with approximately 450 full-time equivalent employees.

The City provides a full range of municipal services which include police, fire protection and suppression, emergency medical services, a municipal court, community development and planning, building permit and inspection activities, economic development, water, water reclamation and stormwater operations, construction and maintenance of streets, sidewalks and other public facilities. The City also operates an airport, a cemetery and downtown parking. The City operated a transit system until September 1, 2010 when the City entered into an agreement transferring the management for transit operations to Central Oregon Intergovernmental Council. During 2012, the transfer of the transit system's ownership was completed.

In addition to the above general government activities, the City has a Bend Urban Renewal Agency (BURA). BURA is a legally separate entity first established in 1984 to address redevelopment of a 236 acre area of downtown Bend. In 2005, the Juniper Ridge Urban Renewal Plan was adopted for development of approximately 700 acres of land in northeast Bend. In 2008, the Murphy Crossing Urban Renewal Plan was adopted for transportation and public utility improvements in southeast Bend. The accompanying financial statements include the activities of BURA.

The City's budget document is prepared for a 24-month period beginning July 1 of odd-numbered years. The City's budget is prepared in accordance with provisions of the Oregon Local Budget Law (ORS Chapter 294), which provides standard procedures for the preparation, presentation, administration and appraisal of budgets. The law mandates public involvement in budget preparation and public exposure of its proposed programs. The law also requires that the budget be balanced. A budget is prepared for each fund requiring appropriations. Expenditure budgets are appropriated by program or department. Budgeted expenditures at the appropriation level may not legally be overspent.

The budget is presented to the public through public hearings held by a budget committee consisting of an equal number of City Council members and citizens-at-large. After giving due consideration to the input received from the citizens, the City Council adopts a resolution that adopts the budget, authorizes the levying of taxes and sets appropriations. The budget serves as the foundation for the City's financial planning and control.

Local Economy and Outlook

Bend started as a logging town but is now a gateway for many outdoor recreational activities such as mountain biking, fishing, golfing, skiing and rock climbing. The employment base and economic base have expanded to include a variety of businesses serving tourism, government, healthcare, utilities, high technology and research and most recently microbreweries. Over the last 10 years, Bend experienced a large influx of new residents drawn by the lifestyle. Population grew significantly as a result of this influx, by 33% from 2003 to 2012 (57,750 in 2003 to 76,925 in 2012). Low interest rates and easy lending fostered explosive home construction in 2001-2005, causing the rate of home price appreciation in Bend to grow substantially during that period. In June 2006, Money Magazine named the Bend MSA the fifth most overpriced real estate market in the United States. By September 2006, the Bend metro area ranked second in the list of most overpriced housing markets, and in June 2007 it was named the most overpriced housing market in America.

The 2008-2009 housing downturn had a significant impact on Bend's housing and economic situation. Unemployment (seasonally adjusted) in the Bend MSA reached 15.5% in June 2009 and home foreclosure activity was the highest in the state. In May 2010, the Federal Housing and Finance Agency released a report in which Bend had the largest price drop in the country, 23% from first quarter of 2009 to the first quarter of 2010.

During fiscal year 2011-12, Bend's economy continued its slow recovery but remains fragile with unemployment at 11.1% as of June 2012. Tourism provided a boost with visitor numbers picking up as national sporting events selected Bend for various championship events. Small businesses across various industries, such as microbreweries, are cautiously starting to expand. However the distressed housing market will prevent the economy from improving more quickly. Longer term, in-migration will continue to drive the growth in Bend.

Long-Term Financial Planning

Like many other communities, the City has been confronted with serious budget shortfalls driven by the downturn in real estate development and recession. In response, the City Council took proactive steps to limit new funding requests, reduce expenditures which included staff reductions and implemented other personnel cost savings measures. Despite the reductions made, the City's five-year financial projections reveal structural deficits where revenues are insufficient to support the current level of programs and services being provided to our citizens. Long term funding solutions are still needed for public safety, street maintenance and other basic services. Funding basic services, while maintaining adequate General Fund reserves, remains a top priority for the City's management. The City updates its long term financial projections on an on-going basis and conducts annual financial strategy work sessions with City Council to identify both current and long term funding needs and challenges. The next financial strategy work session has been scheduled for January 2013 to discuss funding issues and ensure the long term financial stability of the City.

Major Initiatives

As a result of the explosive growth in population and real estate development from the mid 1990's to 2008, significant infrastructure improvements are needed to provide additional capacity. Water and sewer capital investments are also needed to meet federal and state mandates and address aging infrastructure. A number of significant initiatives, outlined below are underway in Bend to ensure the City's continued economic health and ability to provide services to its residents and businesses.

Surface Water Improvement Project - The City plans to replace 11 miles of aging pipeline that transport water from its surface water source to a new water treatment facility at the City's Outback site. The City is required to treat its surface water for Cryptosporidium in order to comply with federal regulatory requirements under the Safe Drinking Water Act (SDWA) and the Environmental Protection Agency's rules implementing the SDWA, known as the LT2 rule. The Surface Water Improvement Project is estimated to cost approximately \$70 million and will be funded by water rates. Currently design for the water pipeline is complete. The City has purchased the steel and the pipeline is being fabricated. However, construction is on hold due to a federal lawsuit filed that has resulted in a federal injunction against the project. The lawsuit claims the United States Forest Service failed to adequately study what effects the City's Surface Water Improvement Project would have on fish and wetlands in issuing a Special Use Permit for the City's project. Potential financial implications and the standing of the project are unknown at this point.

Secondary Treatment Expansion Project - The Secondary Treatment Expansion Project at the Water Reclamation Facility is at 95% design. The City expects to begin construction of this \$38.8 million project in the Spring of 2013 with completion in the Spring of 2016. This project will increase treatment plant capacity from the current 6 million gallons/day to 8.5 million gallons/day.

Sewer Collection System Improvements - These improvements include expansion of the complex network of underground infrastructure and above ground facilities that collect wastewater throughout the City and convey it to the Water Reclamation Facility for safe and efficient treatment. The City is in the process of updating its Collection System Master Plan (CSMP) to address both short term and long term sewer solutions. A Sewer Infrastructure Advisory Group (SIAG), made up of 18 citizens, has been created to work with City staff and consultants on sewer solutions. Existing sewer interceptor projects have been put on hold pending the outcome of the updated CSMP.

Transportation Infrastructure Improvements - On May 17, 2011 voters approved a \$30 million General Obligation Bond to fund various roundabouts and intersection improvements including improvements to Reed Market road. The bond measure will cost taxpayers an average of 22 cents per \$1,000 of assessed value. During fiscal year 2011-12 work began on the roundabouts at Empire & 18th, Simpson & Mt. Washington, and Powers & Brookswood.

Airport Development - In the fall of 2010, the City began an Airport Master Plan update to identify current and long term needs of the airport. The Master Plan is expected to be complete within 2 to 6 months. Preliminary recommendations include runway extension, construction of a helicopter landing area, traffic pattern modifications and other improvements. In fiscal year 2011-12, the City received \$3.4 million from the Federal Aviation Administration (FAA) for the construction of Taxiway A. Subsequent to year-end, the City received grant funding from the ConnectOregon IV program, in the amount of \$192,220, to fund the match for the FAA grant for Taxiway A. The construction on the Taxiway A project will be completed in fiscal year 2012-13.

Accessibility Program - In 2004 and 2007, the City entered into settlement agreements with the United States Department of Justice (DOJ) and Disability Rights Oregon (DRO) following a series of inspections initiated by a complaint filed against the City under Title II of the Americans with Disabilities Act of 1990 (ADA). The complaint alleged that the City has not taken steps to provide access to its programs and services. Specifically, City facilities, bus stops and curb ramps had various accessibility issues. As a result of the inspections, the DOJ and DRO identified areas needing improvement. To date, the City has completed structural modifications to city owned buildings including City Hall, public works facilities, fire and police stations, airport facilities and public parking lots. The City also completed access to fixed route bus stops currently administered by Central Oregon Intergovernmental Council (COIC). The City continues work to assess, prioritize and fix curb ramps throughout the City, conducting a self-evaluation of its programs, policies and procedures to address various areas of ADA compliance. As a result, the City has systematically increased the number of programs accessible to individuals with disabilities and continues to remove public right of way curb ramp and sidewalk barriers.

Public Safety Funding - In 2010, the City Council appointed nine citizens to form the Bend Public Safety Funding Committee and charged them to "study and recommend options to maintain current public safety services over the next five years". In December 2010, the Committee presented recommendations to City Council which included a variety of cost reduction efforts, reducing personnel costs, prioritizing General Fund expenditures and raising new revenues. In September 2011, the City moved all employees to a high deductible health plan in an effort to reduce personnel costs. Efforts to streamline Police and Fire operations are being made. The City also hired a consulting firm to further study funding options for the Fire / Emergency Medical Services department.

Other Financial Information

Independent Audit - State statutes require an annual audit by an independent certified public accountant. The accounting firm of Talbot, Korvola & Warwick LLP, selected by the City Council, performed the City's annual audit for the fiscal year ended June 30, 2012. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act Amendments of 1996 and revised OMB Circular A-133. The auditor's report on the financial statements and required supplementary information is included in the Financial Section of this report. The auditor's reports related specifically to the single audit are included in the Compliance Section.

Certificate of Achievement - The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bend for its comprehensive annual financial report for the fiscal year ended June 30, 2011. The Certificate of Achievement is a prestigious national award that is an important recognition of conformance with the highest standards for preparation of state and local government financial reports. The City has received this certificate from the GFOA for 19 consecutive years since June 30, 1993. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR that conforms to program standards and satisfies both GAAP and applicable legal requirements. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Distinguished Budget Presentation Award - The City also received the Distinguished Budget Presentation Award for its 2011-13 biennial budget from the GFOA. The award represents the City's commitment to meeting the highest principles of governmental budgeting. The budget is rated in four major categories: as a policy document, an operations guide, a financial plan and a communications device. Budget documents must be rated "proficient" in all four categories to receive the award.

Acknowledgments - We wish to thank everyone who contributed to the preparation of this report with special thanks to Brooks Slyter, Heidi Faller, and James Wood for their dedication and expertise in financial reporting. We would also like to express our appreciation to the City Council and the Budget Committee for their interest and support in planning and conducting the operations of the City in a responsible and professional manner.

Respectfully submitted,

Sonia Andrews Chief Financial Officer Eric King City Manager

INDEPENDENT AUDITOR'S REPORT

December 21, 2012

Honorable Mayor and City Council City of Bend Bend, Oregon

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bend, Oregon (the City), as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements, as listed in the Table of Contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2012, and the respective changes in financial position and the cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2012 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedules of Funding Progress, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have

INDEPENDENT AUDITOR'S REPORT (Continued)

Honorable Mayor and City Council City of Bend December 21, 2012

applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying budgetary comparison information for the General Fund and Major Special Revenue Funds, as listed in the Table of Contents as Required Supplementary Information, is not a part of the basic financial statements and is presented for purposes of additional analysis, as required by the Governmental Accounting Standards Board, who considers it to be an essential part of basic financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Government, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Other Supplementary Information and Other Financial Schedules, as listed in the Table of Contents, are presented for purpose of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, Other Supplementary Information and Other Financial Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. MANAGEMENT'S DISCUSSION AND ANALYSIS

Fiscal Year Ended June 30, 2012

This Management's Discussion and Analysis (MD&A) is presented to facilitate financial analysis and provide an overview of the financial activities of the City of Bend, Oregon (the City) for the fiscal year ended June 30, 2012. Information in the MD&A is based on currently known facts, decisions and conditions. Please read it in conjunction with the transmittal letter, the basic financial statements and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

- The City's assets totaled \$926.2 million at fiscal year-end consisting of \$808.3 million in capital assets, \$76.8 million in unrestricted cash and investments, and \$41.1 million in receivables, prepaid expenses and other assets. Total assets increased by \$7.9 million due mainly to an increase in cash and investments of \$6.1 million, an increase in amounts due from other governments of \$2.3 million, and an increase in loans and notes receivable of \$1.2 million, offset by a decrease in investments in capital assets of \$0.9 million, and a decrease in prepaid expenses, other receivables and other assets of \$0.8 million.
- The City's liabilities totaled \$117.6 million at fiscal year-end consisting of \$92.1 million in long-term debt and \$25.5 million in accounts payable and other liabilities. Total liabilities decreased by \$0.9 million from the prior year due mainly to a decrease in long term debt of \$5.9 million and a decrease of \$0.5 million in deposits and unearned revenue, offset by an increase of other post-employment benefits payable of \$1.9 million and an increase in accounts and notes payable of \$1.8 million, and other liabilities of \$1.8 million.
- The assets of the City exceeded its liabilities by \$808.6 million at fiscal year-end. Net assets consisted of capital assets net of related debt of \$730.7 million, unrestricted net assets of \$63.6 million, and \$14.3 million of restricted net assets for debt service, capital projects, the building program, grant activity and tourism.
- Expenses for governmental activities totaled \$77.8 million in direct program and \$2.2 million in transfers.
 These activities were funded by \$14.6 million in charges for services, \$19.3 million in grants and
 contributions and \$38.3 million of general revenues from property and room taxes, franchise fees,
 investments and gains on sales of capital assets. This resulted in a decrease of net assets of \$7.8
 million.
- Expenses for business-type activities totaled \$28.4 million. These activities were funded by \$34.8 million of charges for services, \$7.8 million in grants and contributions and \$2.4 million of general revenues from investment income and transfers. This resulted in an increase in net assets of \$16.6 million.
- The City's general revenues of \$38.6 million for the year consisted of \$25.7 million in property taxes, \$7.2 million in franchise fees, \$3.6 million of transient room taxes, \$0.6 million of investment income, and \$1.5 million of gains on sales of capital assets.
- Unassigned fund balance in the General Fund was \$10.7 million at June 30, 2012, an increase of \$1.4 million from June 30, 2011. The net increase resulted mainly from increased property taxes and revenue from the sale of fixed assets.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's Comprehensive Annual Financial Report (CAFR) is organized as follows:

- I. Introductory Section
- II. Financial Section
 - a. Basic Financial Statements government-wide and fund financial statements, including notes to the basic financial statements.
 - Required Supplementary Information budget and actual schedules for the General Fund and major Special Revenue Funds.
 - c. Other Supplementary Information budget and actual schedules for other major funds and nonmajor funds and includes internal service fund financials.
 - d. Other Financial Schedules schedules of property tax and long-term debt transactions.
- III. Statistical Section
- IV. Compliance Section

The Basic Financial Statements and supplementary information are presented using the integrated approach as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. The Basic Financial Statements are comprised of three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the basic financial statements

The Basic Financial Statements present financial information about the City as a whole and about its activities. Following the Basic Financial Statements are Required Supplementary Information and Other Supplementary Information, which provide budgetary comparisons for each fund. Finally, completing the document is a series of other financial and statistical schedules, and the reports by the independent certified public accountants.

1. Government-wide Financial Statements

The government-wide financial statements are designed to present the financial picture of the City in a manner similar to a private-sector business, i.e. from the economic resources measurement focus using the accrual basis of accounting.

The Statement of Net Assets includes all assets of the City (including infrastructure) as well as all liabilities (including long-term debt). Net assets are the difference between assets and liabilities, which is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets may be an indicator of whether its financial health is improving or deteriorating.

The Statement of Activities reports all revenues when earned and expenses when incurred regardless of the timing of related cash flows. The focus of the Statement of Activities is to present the major program costs, matching major resources with each. To the extent a program's costs are not recovered by grants and direct charges, the costs are paid from taxes and other general revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

The government-wide financial statements distinguish programs/functions of the City that are governmental (principally supported by taxes and intergovernmental revenues) from those that are business-type (intended to recover all or a significant portion of their costs through user fees and charges).

Governmental activities of the City are categorized as follows:

- General government includes centralized services such as garage, information technology, facility management, public works administration, public works laboratory, insurance, administration and financial services, legal and risk management, and other general functions not separately identified as a program.
- Public safety includes police, fire and emergency medical services.
- Public ways and facilities includes the City's street maintenance operations, street and local improvement construction and the City's engineering activities.
- Permanent Maintenance includes the City's cemetery permanent maintenance collections.
- Community and economic development includes the City's community development, building inspection, planning, community development block grant program, affordable housing, tourist promotion, and economic improvement district.
- Urban renewal consists of the activities of the Bend Urban Renewal Agency.

Business-type activities include the following:

- Water
- Water Reclamation
- Airport
- Cemetery
- Downtown Parking
- Stormwater

2. Fund Financial Statements

Following the government-wide statements is a section containing fund financial statements. The fund financial statements include statements for governmental funds and proprietary funds. Funds are used to segregate resources for specific activities or objectives.

Governmental Funds. The governmental fund statements emphasize available financial resources rather than net assets. They are prepared using the current financial resources measurement focus and modified accrual basis of accounting.

The following reconciliations are provided to facilitate a comparison between governmental funds as reported in the fund financial statements and governmental activities as reported in the government-wide financial statements:

- A reconciliation of the fund balance reported in the governmental funds Balance Sheet to the net assets reported on the government-wide Statement of Net Assets, and
- A reconciliation of the change in fund balances reported in the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balances to the change in net assets reported in the government-wide Statement of Activities.

The City has 28 governmental funds. The governmental fund statements present four major funds separately: General Fund, Transportation Operations and Planning, Fire/Emergency Medical Services Fund, and the Community Development Block Grant Fund. The other 24 nonmajor funds are combined and presented in a single column as nonmajor governmental funds.

Proprietary Funds. Proprietary funds are used to account for activities supported by user charges and where the emphasis is on the sufficiency of revenues to cover expenses. There are two types of proprietary funds – enterprise funds and internal service funds.

The City uses enterprise funds to account for its water, water reclamation, airport, cemetery, downtown parking and stormwater operations. The water and water reclamation funds are presented separately as major funds in the proprietary fund financial statements while the airport, cemetery, downtown parking, and stormwater funds are combined and presented in a single column as nonmajor enterprise funds.

Internal service funds are generally used to accumulate and allocate internally the costs of the City's central services. The City has established an internal service fund with the following divisions – garage, information technology, facility management, engineering, public works administration, public works laboratory, insurance, administration and financial services, legal and risk management. Because the internal service fund activities predominantly benefit governmental rather than business-type functions, their assets and liabilities have been included with governmental activities in the government-wide financial statements.

Fiduciary Funds. The fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

3. Notes to the Basic Financial Statements

The notes provide information that is essential for a full understanding of the data presented in the government-wide and fund financial statements (the basic financial statements). Information such as significant accounting policies and detail of certain assets and liabilities are included in the notes which should be read in conjunction with the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This section discusses and analyzes significant changes from the prior year in the government-wide financials.

Analysis of Net Assets

The City's assets exceeded liabilities by \$808.6 million at June 30, 2012. The vast majority of the net assets (90%) are invested in capital assets (land, buildings, infrastructure, etc.) less any related outstanding debt used to acquire those assets. The following is a condensed statement of net assets and an analysis of the change in the City's financial position from the previous year.

Net Assets as of June 30th

(in millions)

| | Governmental Activities | | | Business-Type Activities | | | | Total City Net Assets | | | | |
|---------------------------------------------|-------------------------|-------|----|--------------------------|----|-------|----|-----------------------|----|-------|----|-------|
| | | 2012 | | 2011 | | 2012 | | 2011 | | 2012 | | 2011 |
| Capital assets, net | \$ | 512.7 | \$ | 525.9 | \$ | 295.6 | \$ | 283.4 | \$ | 808.3 | \$ | 809.3 |
| Current and other assets | | 76.5 | | 69.7 | | 41.4 | | 39.3 | | 117.9 | | 109.0 |
| Total assets | | 589.2 | | 595.6 | | 337.0 | | 322.7 | | 926.2 | | 918.3 |
| Long-term debt | | 52.7 | | 55.3 | | 39.4 | | 42.7 | | 92.1 | | 98.0 |
| Other liabilities | | 18.2 | | 14.2 | | 7.3 | | 6.3 | | 25.5 | | 20.5 |
| Total liabilities | | 70.9 | | 69.5 | | 46.7 | | 49.0 | | 117.6 | | 118.5 |
| Net assets | | | | | | | | | | | | |
| Invested in capital, net of related debt | | 474.5 | | 484.8 | | 256.2 | | 240.7 | | 730.7 | | 725.5 |
| Restricted | | 13.6 | | 13.9 | | 0.7 | | - | | 14.3 | | 13.9 |
| Unrestricted | | 30.2 | | 27.4 | | 33.4 | | 33.0 | | 63.6 | | 60.4 |
| Total net assets | \$ | 518.3 | \$ | 526.1 | \$ | 290.3 | \$ | 273.7 | \$ | 808.6 | \$ | 799.8 |

As mentioned earlier, net assets may be an indicator of the City's financial position. At the end of the current year, the City's net asset balance increased by \$8.8 million from the prior year.

Restricted and unrestricted cash and investments increased \$6.1 million, due from other governments increased \$2.3 million, loans and notes receivable increased \$1.2 million, capital assets decreased \$0.9 million, and other assets decreased \$0.8 million.

Long-term debt decreased by \$5.9 million as discussed in further detail in the debt administration section. Deposits and unearned revenue decreased \$0.5 million, other post-employment benefits payable increased \$1.9 million, accounts and notes payable increased \$1.8 million, and other liabilities increased by \$1.8 million.

^{*}Actual amount is too small to report

Government-wide Activities

Total revenues from governmental activities decreased by \$5.4 million from the prior year. Program revenues decreased by \$6.7 million. This decrease is due mainly to decreased charges for services of \$3.6 million including court fines, ambulance billings, building permits and affordable housing fees. Capital and operating grants and contributions decreased \$3.1 million due mainly to a decrease of \$2.8 million in community and economic development, and a decrease of \$2.0 million in transit grants, offset by an increase of \$1.7 in public safety, general government, and public ways & facilities. Taxes and gains on sales of capital assets increased \$1.4 million.

Governmental expenses increased by \$3.3 million mainly due to increases in general government, public safety, and public ways and facilities, offset by a decrease in community and economic development.

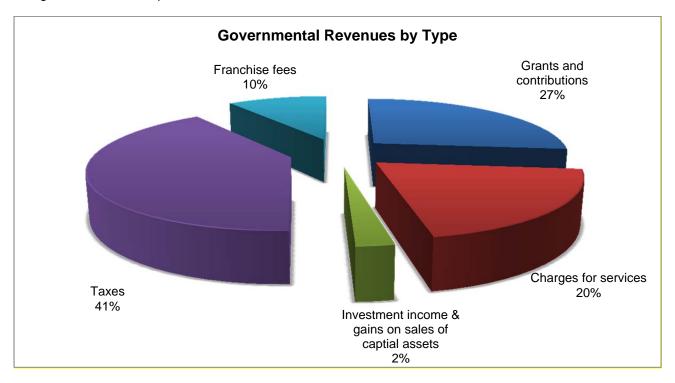

Total revenues from business-type activities increased by \$7.7 million from the prior year. Increases in charges for services of \$2.8 million are due to higher water reclamation rates (10.0%) and water rates (7.0%), and capital grants and contributions increased by \$5.1 million, offset by a decrease in investment earnings.

Business-type expenses decreased overall by \$0.7 million due to decreases in water, stormwater, and downtown parking program expenses and slight increases in water reclamation, airport and cemetery program expenses.

Overall, total net assets for the City increased by \$8.8 million due mainly to increased capital grants and contribution revenues.

Governmental Activities

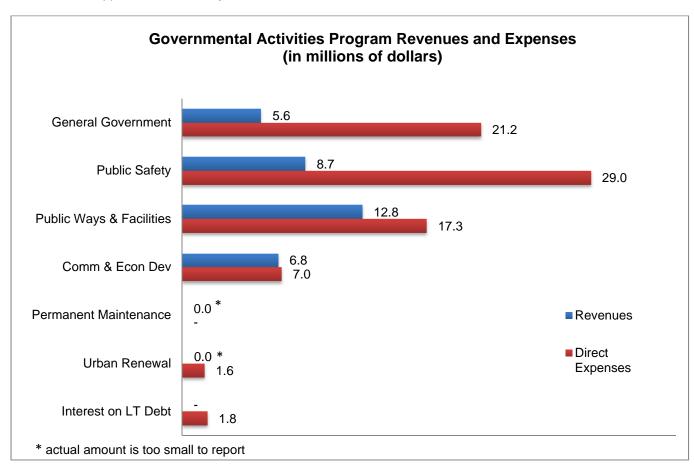

As previously mentioned, governmental activities decreased the City's net assets by \$7.8 million, with revenues totaling \$72.2 million, expenses totaling \$77.8 million, and transfers to business-type activities totaling \$2.2 million. Revenues consisted of taxes of \$29.3 million, operating and capital grants and contributions of \$19.3 million, charges for services of \$14.6 million, franchise fees of \$7.2 million, and \$1.8 million of investment income and gains on sales of capital assets.

Property taxes decreased by \$0.2 million (1.0%) from the prior year due to a decrease in property tax assessed values. Charges for services decreased by \$3.6 million (19.8%) from the prior year due to decreased activity in general government and community development revenues. Grants and contributions decreased by \$3.1 million (14.0%) from the prior year due to decreased grant revenues from the community and economic development and transit programs.

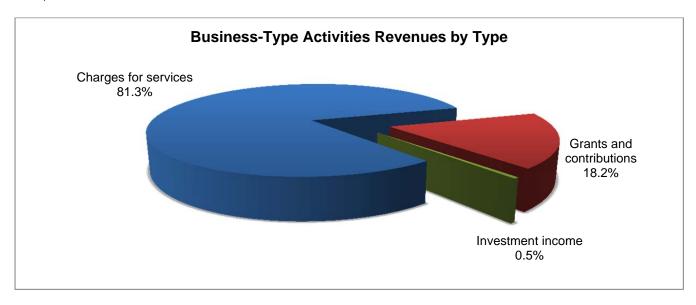

As discussed earlier, the City's governmental activities are categorized into the following programs: public safety; public ways and facilities; community and economic development; permanent maintenance; urban renewal. General government activities are activities not categorized in any of the programs and include central services such as garage, information technology, facility management, public works administration, public works laboratory, insurance, administration and financial services, and legal and risk management.

All governmental programs utilize general revenues to support their functions. Some programs such as public safety are dependent on general revenues to fund operations. The following chart compares the revenues and expenditures for each of the City's programs and shows the extent of each program's dependence on general revenues for support in the current year.

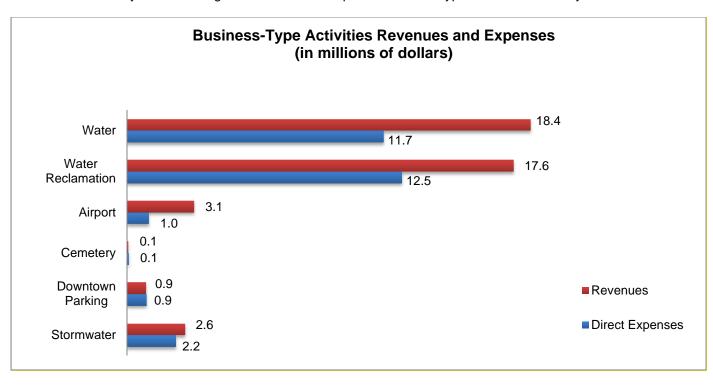

Business-Type Activities

Business-type revenues consisted of charges for services of \$34.8 million, grants and contributions of \$7.8 million and \$0.2 million of investment income.

Charges for services accounted for 81% of total business-type revenue in fiscal year 2011-12 compared to 91% in fiscal year 2010-11. This shift resulted from a combination of an increase in capital grants and contributions of \$5.1 million primarily due to \$2.8 million Americans Recovery and Reinvestment Act (ARRA) water loan being forgiven, a \$1.6 million water reclamation loan and increased developer contributions of water and water reclamation infrastructure.

Business-type activities are self-supporting and revenues are expected to cover expenses. The following chart shows the sufficiency of revenues generated to cover expenses for each type of business activity.

Revenues for water and water reclamation operations are significantly higher than the respective direct expenses because water and water reclamation rates have been increased to generate revenues for infrastructure spending over the next five years, and developer contributed assets are recognized as contribution revenue. Airport revenues were significantly higher than direct expenses in the current year due to continued grant revenue related to the construction of Taxiway A and the Airport Master Plan. Acquisitions of capital assets and principal payments on long-term debt are not reported as direct expenses, but are reported as additions to assets and reductions to liabilities respectively on the Statement of Net Assets. Cemetery and downtown parking revenues are essentially equivalent to the related direct expenses as there are minimal capital improvements and no debt service for these two operations. A stormwater fee was enacted in fiscal year 2007-08 to support the City's stormwater operations and allow the City to make needed improvements to the infrastructure.

FUND ANALYSIS

The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The focus of the governmental funds is to provide information on near-term inflows, outflows and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds and Permanent Funds.

At the end of the current year, the City's governmental funds had combined ending fund balances of \$40.6 million which is an increase of \$4.1 million. This increase is due mainly to the issuance of long-term debt and proceeds from the sale of assets.

Of the combined ending fund balance of \$40.6 million, \$5.2 million was nonspendable; \$7.0 million was restricted by creditors, grantors or by law; \$12.5 million was committed to specific purposes through council resolution or ordinance; \$5.6 million was assigned by intent of the City to a specific purpose; and \$10.3 million, consisting of \$10.6 million in the General Fund, and (\$0.3) million in the Nonmajor Governmental Funds, was unassigned and available for spending by the City within the purposes specified for the City's funds.

The General Fund is the primary operating fund of the City. At the end of the fiscal year, the unassigned fund balance of the General Fund was \$10.7 million, up \$1.4 million (15.3%) from the previous year. The unassigned fund balance represents 31.6% of total General Fund requirements.

The other major governmental funds are the Transportation Operations and Planning, Fire/Emergency Medical Services (EMS) Fund and the Community Development Block Grant (CDBG) Fund. The Transportation Operations and Planning Fund balance increased by \$1.8 million due primarily to the issuance of long term debt. The Fire/EMS fund balance increased by \$0.1 million due to increased intergovernmental revenues and charges for services. The CDBG fund balance decreased due to intergovernmental revenues from less activity in the neighborhood stabilization grant program.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements where the focus is on the sufficiency of revenues to cover expenses.

Unrestricted net assets of the Water Fund and Water Reclamation Fund at the end of the year amounted to \$7.1 million and \$20.3 million, respectively. The growth/(reduction) in unrestricted net assets of the Water Fund and the Water Reclamation Fund was (\$4.2) million and \$4.4 million respectively, reflecting the implementation of rate increases and debt issuances to fund needed improvements in infrastructure. In the Water Fund, system development charges generated \$1.0 million of revenue and developer contributed infrastructure totaled \$0.8 million. In the Water Reclamation Fund, system development charges generated \$1.2 million of revenue and developer contributed infrastructure totaled \$0.9 million. Contributed infrastructure increased in both funds from the prior year due to increased development activity.

System development charges are received in the System Development Charges Fund (a governmental fund) and transferred to the Water and Water Reclamation Funds as qualifying expenses are incurred. Revenues from system development charges increased in both the Water and Water Reclamation Funds by 9.3% and 8.4% respectively in fiscal year 2011-12 over fiscal year 2010-11, but are still much lower than prior fiscal years.

Other factors concerning the finances of the proprietary funds can be found in the previous discussion of the City's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the biennium budget, General Fund revenues were increased by \$2.1 million for changes in property tax, transient room tax, and franchise fee estimates; and expenditures were increased by \$3.1 million for interfund loans, transfers to various operations and reserves, and other financing uses including fire, information technology, and the garage division.

CAPITAL ASSETS

As of June 30, 2012 the City had invested \$808.3 million in capital assets, net of depreciation, as reflected in the following table. This represents a net decrease (additions, disposals and depreciation) of \$1.0 million. Governmental capital assets totaled \$512.7 million while business-type capital assets totaled \$295.6 million.

Capital Assets as of June 30th

Major construction projects affecting capital assets for fiscal year 2011-12 are as follows:

- Street Construction Construction of various street improvements added \$5.5 million to capital assets.
 Major projects included street overlays of \$1.2 million, accessibility projects of \$0.8 million, GO Bond
 projects of \$2.2 million, and other street construction and safety projects of \$1.3 million. The City did
 not receive any street related developer constructed infrastructure during fiscal year 2011-12.
- Airport Improvements The City spent \$2.1 million on the Airport Taxiway A Rehabilitation project that was funded primarily by federal grants.
- Water Improvements Improvements to the City's water system added \$8.3 million to capital assets.
 Projects included the Surface Water Improvement project of \$7.8 million, and other minor projects of \$0.5 million.
 Developer constructed infrastructure contributed to the City totaled \$0.8 million in the current year.
- Water Reclamation Improvements Improvements to the water reclamation system added \$3.6 million to capital assets. Major projects included the southeast interceptor of \$1.1 million, expansion of the treatment facility of \$2.0 million, and other water reclamation projects of \$0.5 million. Developer constructed infrastructure totaled \$0.9 million.

Please refer to Note 5 of the basic financial statements for further detailed information on capital assets.

DEBT ADMINISTRATION

Debt outstanding by type at year-end is as follows:

The City has \$65.4 million of full faith & credit obligations outstanding for airport improvements (\$0.9 million), land acquired (\$3.2 million), street improvements (\$16.9 million), fire and police stations (\$10.6 million), street and fire equipment (\$2.8 million), pension obligation (\$13.3 million) and water and sewer improvements (\$17.7 million). The airport improvement bonds are serviced by airport lease revenues and street improvement bonds are serviced by property taxes and other discretionary revenues and the equipment bonds are repaid from other tax revenues. The pension obligation bonds are serviced by property taxes and other revenues of the City. The water and sewer improvement bonds are serviced by charges for services. During fiscal year 2011-12 the City refunded \$5.2 million of the police facilities, series 2002 obligations to benefit from lower interest rates.

Revenue bonds outstanding total \$15.0 million and are for water reclamation infrastructure. These bonds are repaid from water reclamation service charges and system development charges. During fiscal year 2011-12 the City refunded \$3.2 million of the Sewer, series 2002 bonds to benefit from lower interest rates.

The City has \$5.6 million of notes payable issued for various water, water reclamation and airport capital improvement projects.

The City also owes \$5.2 million on a long-term line of credit related to Juniper Ridge that will be paid from land sales proceeds and tax increment revenues.

Change in debt outstanding is as follows:

Outstanding Debt as of June 30th

(in millions)

| | Governmental Activities | | | Bus | iness-Ty | pe A | Total | | | |
|----------------------------------|-------------------------|------|----|------|----------|------|-------|------|---------|---------|
| | 2012 | | | 2011 | 2012 | | 2011 | | 2012 | 2011 |
| Full faith & credit obligations | \$ | 46.8 | \$ | 48.1 | \$ | 18.6 | \$ | 16.3 | \$ 65.4 | \$ 64.4 |
| Revenue bonds | | - | | - | | 15.0 | | 19.5 | 15.0 | 19.5 |
| Tax increment bonds | | - | | 1.7 | | - | | - | - | 1.7 |

| | | 52.0 | | 55.0 | | 39.2 | | 42.6 | 91.2 | 97.6 |
| | | | | | | | | | | |
| Unamortized premiums & discounts | | 0.7 | | 0.3 | | 0.2 | | 0.1 | 0.9 | 0.4 |
| Total Outstanding Debt | \$ | 52.7 | \$ | 55.3 | \$ | 39.4 | \$ | 42.7 | \$ 92.1 | \$ 98.0 |

As of June 30, 2012, the City had \$92.1 million in long-term debt and unamortized premiums and discounts, a decrease of \$5.9 million from the prior year. The City has an unamortized balance of premiums and discounts on long-term debt issuances of \$0.9 million that are amortized over the life of the associated debt.

The significant changes in long-term debt include the issuance of \$1.4 million of full faith and credit bonds to fund street equipment purchases, the City also received a State of Oregon Clean Water State Revolving Fund Loan for \$1.6 million. These increases were offset by \$4.7 million in scheduled principal payments, early repayment of \$1.7 million of the 2004 tax increment bonds for urban renewal, and the forgiveness of the Oregon Business Development Department (OBDD) ARRA forgivable loan for \$2.8 million.

The City also refunded \$8.7 million of the Sewer, series 2002 revenue bonds and the Police, series 2002 Full Faith and Credit bonds.

Debt Limitation and Ratings

Oregon Revised Statues provides a limit on non-self-supporting general obligation debt of 3% of the real market value of all taxable property within the City. Based on the fiscal year 2011-12 value, the City's debt limitation is \$296.0 million. The City is well within its debt limitation with an amount of outstanding debt subject to this limitation of \$63.4 million.

The table below details the City's most recent Moody's Investors Service Global Scale ratings. These ratings reflect the recalibration process completed by Moody's in 2010 and do not reflect a change in credit quality of the securities.

| <u>Issue Type</u> | Global Scale Rating |
|-----------------------------------|---------------------|
| Full Faith and Credit Obligations | Aa3 |
| Sewer Revenue Bonds | Aa2 |
| Water Revenue Bonds | Aa2 |
| Urban Renewal Bonds | A2 |

Please refer to Note 13 of the basic financial statements for further detailed information on long-term debt.

ECONOMIC FACTORS

The population of the City of Bend as of July 1, 2012, was 76,925, which is 48% of Deschutes County's population of 157,733. Between July 1, 2002 and July 1, 2009, the non-annexation population increased by 56%. With the growth in population, the City experienced significant building activity in both residential and commercial developments that has dramatically fallen off with the national housing market crisis. The City of Bend has been slowly recovering from the impacts of the nationwide recession. The recession has lowered many of the City's revenue sources including system development charges, developer contributed infrastructure, and community development fees. The recession has also significantly slowed the growth rate in property taxes.

In response to the slow economic recovery during fiscal year 2011-12, the City has continued cost constraints at all levels of the organization in order to decrease nonessential expenditures thereby increasing revenues available for core priority programs such as public safety, transportation, and providing water and water reclamation services to its citizens.

The City is dependent on property taxes, charges for services, and grants and contributions to support its operations. Property taxes make up approximately 22% of the City's total revenue sources. In May 1997, Oregon voters approved Measure 50 which rolled back property assessed values to 90 percent of 1995-96 levels, established permanent tax rates, and limited assessed value growth for individual properties to 3% per year plus new construction. The current permanent tax rate for the City of Bend is \$2.8035 per \$1,000 of assessed value which is one of the lowest in Oregon. In the past, significant increases in the number of properties subject to property tax helped mitigate the effects of Measure 50 on property tax revenues. These significant increases ended and property tax revenues decreased 0.5% for fiscal year 2011-12. The gap between current real market values and taxable assessed values has narrowed considerably. New construction and the retirement of the urban renewal area added \$80.0 million in tax assessed values and only 50% of properties continue to grow as allowed by Measure 50, resulting in relatively flat property tax levels for the near term. The low permanent tax rate and minimal growth in the tax base will continue to present challenges in providing services at the current rate without additional sources of revenue.

Both the water and water reclamation rates were increased for fiscal year 2011-12 by 7.0% and 10.0%, respectively. These increases were necessary to finance construction of new and replacement infrastructure.

REQUEST FOR INFORMATION

The City's financial statements are designed to present users with a general overview of the City's finances. Questions concerning any information provided in this report or requests for additional financial information should be addressed to Sonia Andrews, City of Bend Finance Director, at 710 NW Wall Street, Bend, Oregon 97701. The telephone number for the City's Finance Department is 541-388-5508.

City of Bend, Oregon

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets

June 30, 2012

| Total Fund Balances (Deficits) | \$ 40,574,658 |
|----------------------------------------------------------------------------------------------------------------------|---------------|
| Amounts reported for governmental activities in the Statement of Net Assets are different because: | |
| Capital assets used in governmental activities are not financial resources and therefore, are not reported in funds. | 489,970,424 |
| Other assets are not available to pay for current-period expenditures and therefore, are deferred in the funds: | |
| Interest receivable | 10,347 |
| Prepaid pension obligation | 8,687,299 |
| Bond issuance costs | 714,076 |
| Liabilities, including accrued liabilities and bonds payable, that are not due and payable in the | |
| current period and therefore, are not reported in the funds: | |
| Deferred property taxes | 1,399,494 |
| Deferred assessments and loan | 5,014,736 |
| Other deferred revenues | 3,792,881 |
| Interest payable | (170,309) |
| Notes payable | (1,160,000) |
| Accrued compensated absences | (2,042,453) |

Internal service funds are used by management to charge costs of certain activities such as garage services, information technology support, engineering services and administration and financial services to individual funds. The net assets of the internal service fund are reported with governmental activities.

18,614,859

(5,837,989)

City of Bend, Oregon

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the fiscal year ended June 30, 2012

| Net Change in Fund Balances | | \$ 4,050,144 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|--------------|
| Amounts reported for governmental activities in the Statement of Activities are different because: | | |
| Governmental funds report capital outlay as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the depreciation was greater than capital outlay. Capital asset additions Depreciation | 6,098,317 (11,876,146) | (5,777,828) |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. | | (296,999) |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. | | |
| Bonds issued | | (4,527,883) |
| Long-term debt principal repayments | | 5,372,400 |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | |
| Accrued interest payable | | (16,458) |
| Amortization of bond issuance costs | | (43,563) |
| Amortization of bond premium and discounts | | 27,598 |
| Amortization of prepaid pension obligations | | (545,103) |
| Accrued compensated absences | | (38,766) |
| Accrued other postemployment benefit obligations | | (1,270,548) |
| Accrued health insurance benefits | | (70,563) |
| Contributed capital assets | | (1,046,832) |
| Internal service funds are used by management to charge costs of certain activities such as garage | | |
| services, information technology, engineering, administration and financial services to individual funds | | |
| The net revenues and expenses of the internal service fund are reported with governmental activities. | - | (3,633,214) |

The accompanying notes are an integral part of the basic financial statements.

Noncash Capital and Related Financing Activities

The City received donated Water, Water Reclamation, and Nonmajor Enterprise Funds infrastructure totaling \$815,224, \$874,053, \$94,282, respectively, in the current year.

Acquisition of capital assets financed through accounts payable for the current year totaled \$2,329,472 in the Water Fund, \$587,051 in the Water Reclamation Fund, \$904,292 in the Nonmajor Enterprise Funds, and \$62,876 in the Internal Service Fund.

The net book value of capital assets contributed to other funds in the current year totaled \$4,296,060 in the Internal Service Fund. The net book value of capital assets contributed from other funds in the current year totaled \$669,581 in the Water Reclamation

Fund, \$32,716 in the Nonmajor Enterprise Funds, and \$344,535 in the Internal Service Fund.

Forgiveness of debt in the Water Fund totaled \$2,806,500.

The \$1,662,419 Clean Water Loan in the Water Reclamation Fund is received on a reimbursment basis. As of year end, \$1,329,649 was not received.

The accompanying notes are an integral part of the basic financial statements.

Notes to Basic Financial Statements

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies

The financial statements of the City of Bend, Oregon (the City) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP statements require the application of all relevant Governmental Accounting Standards Board (GASB) pronouncements. The financial statements have incorporated all applicable GASB pronouncements as well as, for the proprietary funds, the Financial Accounting Standards Board (FASB) statements and interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. No FASB guidance issued after November 30, 1989 has been applied unless specifically adopted by Governmental Accounting Standards Board pronouncements.

The Financial Reporting Entity

As required by GAAP, the financial reporting entity consists of the primary government, as well as its component unit, which is a legally separate organization for which the elected officials of the primary government are financially accountable or a legally separate organization that raises and holds economic resources for the direct benefit of the primary government. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

The accompanying financial statements present the City of Bend, Oregon (the primary government) and its component unit, the Bend Urban Renewal Agency. The component unit discussed in the next paragraph is blended and reported as if it is part of the City.

Blended Component Unit - The Bend Urban Renewal Agency (the Agency), is a legally separate public body corporate and politic, created by ordinance of the City. The Agency's board consists exclusively of members of the City Council. The City can impose its will on the Agency through its ability to modify and approve the Agency's budget and govern the overall policies of the Agency. The services of the Agency are exclusively for the benefit of the City, and the assets, liabilities, revenues and expenses related to the Agency are reported in the government-wide financial statements. The Agency has a June 30 year-end and unless otherwise noted in this report, the accounting policies of this component unit are consistent with those described for the primary government.

The Agency receives funds through tax increment financing pursuant to Oregon Revised Statutes (ORS) 457.420 through 457.450. Separate financial statements for the Agency can be obtained from the finance department of the City of Bend, 710 NW Wall Street, Bend, OR 97701.

Organization

The City of Bend, Oregon is a municipal corporation governed by an elected council of seven members. The City (located in Deschutes County) was organized in 1904 and incorporated in 1905 under Article XI of the State of Oregon Constitution. On May 16, 1995, City voters approved the City of Bend Charter of 1995, replacing the previously approved City Charter of 1960. The Bend Charter of 1995 modernizes language utilized and reflects changes in conditions, provides for councilors to be elected to terms of four years rather than two or four years and establishes terms of two years for the mayor and mayor pro-tem. The City operates under a council/manager form of government and provides the following services as authorized by its charter: police, fire, ambulance, municipal court, community development, planning, street construction and maintenance, transportation facilities and airport, cemetery, public works, water, water reclamation and stormwater utilities.

Note 1 - Summary of Significant Accounting Policies (Continued)

Financial Statement Presentation, Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The Statement of Net Assets and the Statement of Activities report information on all activities of the primary government and its blended component unit. Governmental activities, which are supported by taxes, franchise fees, intergovernmental revenues and charges for services, are reported separately from business-type activities, which rely on fees charged to external parties for services. The City's Agency fund has been excluded from the government-wide financial statements.

The Statement of Activities presents the direct expenses of a given function/program or business-type activity and the related program revenues categorized into charges for services, operating grants and contributions and capital grants and contributions. Direct expenses are those that are clearly identifiable with a specific function or program. Indirect expenses are those costs, usually administrative in nature, that support all City functions and enable direct services to be provided. Program revenues include 1) fees, fines and charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, investment income and other items not included among program revenues are reported as general revenues.

The government-wide financial statements are accounted for using an economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. The City also receives revenue from nonexchange transactions, in which the City receives value without giving equal value in exchange; including property taxes, grants, entitlements and donations. Revenue from property taxes is recognized in the year for which the taxes are levied. Revenues from grants, entitlements and donations are recognized when all eligibility requirements have been satisfied. Interfund activity consists of transfers, services provided and/or used, reimbursements, advances, and loans. As a general rule the effect of interfund activity has been eliminated from the governmental-wide financial statements. Exceptions to this general rule include interfund services provided and/or used between the governmental and proprietary funds.

All financial statements are presented in whole dollars. Actual amounts may vary due to rounding.

Fund Financial Statements

The City uses funds to report its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance, and to aid financial management by segregating transactions related to certain functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate funds. Fund financial statements are provided for governmental, proprietary and fiduciary funds.

Governmental funds are used to account for most of the City's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the servicing of general long-term debt (debt service funds), the acquisition or construction of capital assets (capital projects funds), the legally restricted funds that only earnings, not principal, may be used for programs (permanent funds).

The governmental fund financial statements are accounted for using a current financial resources measurement focus whereby only current assets and liabilities generally are included in the Balance Sheet, and the Statement of Revenues, Expenditures and Changes in Fund Balance presents increases and decreases in those current fund balances. Governmental funds use the modified accrual basis of accounting where revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies (Continued)

"Measurable" means the amount can be determined and "available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

The City considers property taxes available and susceptible to accrual if they are collected within sixty days after yearend.

Intergovernmental revenues are recognized when all eligibility requirements are met. Eligibility requirements for intergovernmental revenues received on a reimbursement basis (i.e. where monies must be expended on specific projects or for a specific purpose before any amounts are paid to the City) are determined to be met when the underlying expenditures are recorded. Eligibility requirements for intergovernmental revenues which are unrestricted as to purpose of the expenditure and are usually revocable only for failure to comply with prescribed requirements are considered to be met at the time of receipt or when susceptible to accrual.

Special assessments and loan repayments are recognized as revenues when received.

Licenses and permits, charges for services and miscellaneous revenues are recognized as revenues when received because they are generally not measurable until actually received.

The following are the City's major governmental funds:

General Fund – The General Fund accounts for the City's police and municipal court operations and general services not accounted for within another fund. The principal sources of revenue include property taxes, franchise fees, intergovernmental revenue, transient room taxes and fines. Primary expenditures are for police, municipal court operations and transfers to other funds needing General Fund support.

Transportation Operations and Planning Fund – This fund accounts for the City's transportation operations, including street repair, maintenance and lighting, as well as transportation engineering. Resources consist primarily of state highway fund apportionment and support from the general fund.

Fire / Emergency Medical Services (EMS) Fund – This fund accounts for the City's fire protection and emergency medical services. Revenues include General Fund support, fire protection contracts, charges for emergency medical services and Firemed memberships.

Community Development Block Grant Fund – This fund accounts for the City's Community Development Block Grants. The principal sources of revenue include grant receipts, as well as loan repayments from prior grant recipients. Primary expenditures are for the distribution of grants for qualified projects and/or loans to qualified recipients.

In addition the City also reports the following fund types:

Special Revenue Funds – These funds account for revenue sources that are restricted or committed to finance particular functions or activities.

Debt Service Funds – These funds account for resources that are restricted, committed or assigned to the payment of principal and interest on urban renewal bonds, special assessment bonds and general obligation bonds.

Capital Project Funds – These funds account for revenue sources that are restricted, committed or assigned to capital projects.

Permanent Funds – These funds account for resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies (Continued)

Proprietary Funds

Proprietary funds are used to account for activities similar to those found in the private sector where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments of the City (internal service fund). Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the funds' on-going operations. The principal operating revenues are charges to customers. Operating expenses include cost of sales, personnel costs, administration expenses and depreciation.

All proprietary funds are accounted for using a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of these funds are included on the balance sheet. The accrual basis of accounting is utilized by proprietary fund types where revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The following are the City's major enterprise funds:

Water Fund – This fund accounts for the maintenance, operation and construction of the City's water intake, purification and delivery systems. Principal sources of revenue are user fees and system development charges.

Water Reclamation Fund – This fund accounts for the maintenance, operation and construction of the City's wastewater collection and treatment system. The principal sources of revenue are user fees and system development charges.

Additionally, the City reports the following fund types:

Internal Service Fund – The Internal Service Fund accounts for those activities and services furnished internally to other departments within the City on a cost reimbursement basis. Charges are made to the various departments to support these activities. The City has one internal service fund comprised of the following divisions: Garage, Information Technology, Facility Management, Engineering, Public Works Administration, Public Works Laboratory, Insurance, Administration and Financial Services, and Legal and Risk Management. The Engineering, Public Works Laboratory and Administration and Financial Services divisions charge external customers fees for services. The aggregate of all these divisions is reflected as the Internal Service Fund in the fund financial statements.

Fiduciary Fund

Assets held in a trustee capacity for others and not used to support the City's own programs qualify as fiduciary. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City has the following fiduciary fund:

Agency Fund – The agency fund accounts primarily for the assets and liabilities of various monies received on behalf of the Bend Metro Parks and Recreation District. Agency activity is custodial in nature and does not involve the measurement of results of operations.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies (Continued)

Cash and Investments

The City maintains a common cash and investment pool for all City funds. Investments in the State Treasurer's Local Government Investment Pool (LGIP) are considered short-term and highly liquid where the remaining maturity at the time of purchase is one year or less and are stated at fair value. Fair value of the investment in the LGIP is the same as the value of the pool shares. The LGIP is governed by the Oregon Short Term Fund Board and audited by the Secretary of State, Audits Division.

All investments are stated at fair value. Fair value is determined as the quoted market price, if available; otherwise the fair value is estimated based on the amount at which the investment could be exchanged in a current transaction between willing parties. Earnings on pooled cash and investments are credited to each fund monthly based on the average daily balance of each participating fund. Pooled cash and investments have the general characteristics of a demand deposit account in that any participating fund may deposit additional cash at any time and may also withdraw cash at any time without prior notice or penalty.

Restricted Cash and Investments

Restricted cash and investments are those whose use is restricted to specific purposes by state statute, bond indenture or otherwise. At June 30, 2012, the City had \$3,552,052 of cash and investments restricted for debt service, construction, the building program, and deposits.

Receivables

Property taxes are assessed on a July 1 - June 30 fiscal year basis. The taxes are levied July 1 and property owners have the option of paying the full amount by November 15 or prior to February 15 and receiving a discount or paying in three installments, November 15, February 15 and May 15. Property taxes attach as an enforceable lien July 1 and are considered delinquent if not paid by the following May 15. The County Treasurer is the tax collection agent for all taxing entities within the County. Tax revenue is considered received when in the hands of the County as the intermediary collection agency. In the governmental funds, tax revenue is recognized when collected and available to the City. Taxes receivable at June 30, less tax collections received within sixty days subsequent to year end, are recorded as deferred revenue. Management has determined that an allowance for uncollectible accounts is not required for property taxes.

Other receivables consist primarily of water, sewer, and stormwater utility receivables; but, also include ambulance, court, community development, and airport receivables. Ambulance and court receivables at June 30, less collections received within sixty days subsequent to year end, are recorded as deferred revenue. In the proprietary funds, receivables include services provided but not received. The enterprise funds' receivables include billings for residential and commercial customers utilizing the City's water, sewer, and storm water services and are reported net of an allowance for uncollectible amounts based on past performance of uncollectible accounts.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Prepaid Pension Obligation

In May 2004, the City issued limited tax pension obligation bonds to make a supplemental lump-sum payment to the Oregon Public Employees Retirement System (PERS). The intent was to prepay a portion of the City's share of the PERS unfunded actuarial liability. Amortization of this supplemental lump-sum payment is recognized as pension expense over the life of the bonds using the straight-line method.

Assets Held for Resale

Assets held for resale are recorded at cost and classified as current asset if expected to be sold within the next fiscal year, and noncurrent if expected to be sold after the next fiscal year.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies (Continued)

Capital Assets

Capital assets are stated at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at the fair market value of such assets at the date of donation. Capital assets include land, right-of-ways, buildings, improvements, infrastructure, vehicles and equipment costing over \$5,000 with an estimated life of one year or more. Maintenance and repairs that do not add to the value of the assets or extend the assets' lives are charged to expense as incurred and are not capitalized.

Depreciation is computed using the straight-line method over the estimated useful lives of the related capital assets, except for land, right-of-ways, land use rights and works of art which are considered inexhaustible in nature and are not depreciated. The estimated useful lives of the various categories of assets are as follows:

Buildings and improvements 20 to 75 years Infrastructure 60 to 75 years Vehicles and equipment 3 to 12 years

Upon disposal of capital assets, the accounts are relieved of the related historical costs and accumulated depreciation, and if appropriate, resulting gains or losses are recognized.

Capitalized Interest

Capital assets of the proprietary funds constructed with tax-exempt borrowing include capitalized interest as part of the costs of the assets. All interest costs of the borrowing less any interest earned on investments acquired with the proceeds of the borrowing are capitalized from the date of the borrowing until the assets are ready for their intended use. For fiscal year ended June 30, 2012 there was \$58,203 of interest capitalized in the Water Fund, and \$275,339 of interest capitalized in the Water Reclamation Fund. Total capitalized interest for the year ended June 30, 2012 was \$333,542.

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability reported for unpaid accumulated sick leave since the City by policy does not pay out sick leave banks when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of termination or retirement.

Other Post Employment Benefits Obligation

In accordance with GASB Statement No. 45, Accounting and Financial Reporting by Employers for the Post Employment Benefits Other Than Pensions (OPEB), the City's net OPEB obligation is actuarially determined and is recognized as a long-term liability in the government-wide financial statements and in the proprietary funds statements. The annual required contribution is recognized on the accrual basis.

Long-term Debt and Bond Issuance Costs

Long-term debt is reported as a liability in the Statement of Net Assets and proprietary fund financial statements. The related bond discounts, premiums and issuance costs are deferred and amortized over the term of the bonds using the straight-line method. In the governmental fund financial statements, the bond discounts, premiums and issuance costs are recognized when incurred and not deferred. The face amount of the debt issued and premiums received are reported as other financing sources while discounts are reported as other financing uses. Bond issuance costs, whether or not withheld from the actual debt proceeds, are reported as debt service expenditures in the governmental fund financial statements.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Balances

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balance is reported as nonspendable when the resources cannot be spent because they are either legally or contractually required to be maintained intact, or are in a nonspendable form such as inventories, prepaid amounts, and assets held for resale.

Fund balance is reported as restricted when the constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the City Council passes a resolution that places specific constraints on how the resources may be used. The City Council can modify or rescind the resolution at any time through passage of an additional resolution.

Resources that are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. Intent is expressed when the City Council approves which resources should be "reserved" during the adoption of the biennial budget. The City's Finance Director or designee uses that information to determine whether those resources should be classified as assigned or unassigned for presentation in the City's Comprehensive Annual Financial Report.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund. This classification is also used to report any negative fund balance amounts in other governmental funds.

Finally, GASB Statement No.54 requires a spending policy, as it relates to ending fund balance. The following hierarchy applies to the order in which funds are spent in all governmental funds:

- 1. Restricted Fund Balance
- 2. Committed Fund Balance
- 3. Assigned Fund Balance
- 4. Unassigned Fund Balance

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

The City established a stabilization reserve in fiscal year 2009-10 to provide temporary support to minimize the impacts to citizens of severe economic downturns or major unforeseen events and to enhance the City's credit rating. Additions to the stabilization reserves may include investment earnings and excess revenues and/or additional allocations from the General Fund. The stabilization funds may be spent for City Council approved temporary support for critical basic services and operations meeting the General Fund Stabilization Fund Policy. The stabilization balance as of June 30, 2012 is \$1,426,515.

Note 2 - Cash and Investments

The City maintains a common cash and investment pool for all City funds. The types of investments in which the City may invest are restricted by State of Oregon statutes and a Council adopted investment policy. Authorized investments include general obligations of the United States Government and its agencies, obligations of the States of Oregon, California, Idaho and Washington that have a rating of AA (or equivalent) or better, A-1 rated commercial paper and banker's acceptances, AA (or equivalent) rated corporate bonds, time deposits, repurchase agreements and the State of Oregon Local Government Investment Pool.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 2 - Cash and Investments (Continued)

At June 30, 2012, the City's cash and investments are comprised of the following:

| Cash on hand | \$ 6,150 |
|-----------------------------------------------------------------------|------------------|
| Deposits with financial institutions | 7,058,115 |
| Investments: | |
| State of Oregon Local Government Investment Pool | 32,344,872 |
| Corporate notes | 17,659,604 |
| U.S. agency obligations | 16,186,032 |
| Obligations of the States of Oregon, California, Idaho and Washington | 7,241,158 |
| Total pooled cash and investments | \$ 80,495,931 |

Cash and investments are reflected on the basic financial statements as follows:

| | (| Governmental | Е | Business-Type | Agency | |
|---------------------------------|----|-------------------|----|-------------------|---------------|------------------|
| | | <u>Activities</u> | | <u>Activities</u> | <u>Fund</u> | <u>Total</u> |
| Pooled cash and investments | \$ | 45,368,480 | \$ | 31,406,127 | \$ 169,272 | \$ 76,943,879 |
| Restricted cash and investments | | 2,606,975 | | 945,077 | - | 3,552,052 |
| | \$ | 47,975,455 | \$ | 32,351,204 | \$ 169,272 | \$ 80,495,931 |

Deposits with Financial Institutions

The City's cash deposits with financial institutions are in a public funds checking account that is fully insured by the Federal Depository Insurance Corporation (FDIC). The City's cash balance held in the public funds checking account on June 30, 2012 was \$7,671,909.

Interest Rate Risk

As a means to limit exposure to fair value loss arising from interest rates, the City's investment policy requires that at least half of the City's investments mature in less than one year. Investment maturity limitations and actual maturities for the City's investments are as follows:

| | Minimum | Actual at |
|---------------------|------------|---------------|
| <u>Maturity</u> | Investment | June 30, 2012 |
| Less than 30 days | 10% | 49% |
| Less than 12 months | 50% | 63% |
| Less than 18 months | 65% | 86% |
| Less than 7 years | 100% | 100% |

Credit Risk

The City's investment policy limits investments in commercial paper and corporate bonds to specific bond ratings as determined by nationally recognized rating agencies. Commercial paper must be rated at least A-1 by Standard & Poor's, or P-1 by Moody's, or F-1 by Fitch at the time of purchase by each service which rates the commercial paper. Corporate bonds must be rated at least AA by Standard & Poor's, or Aa by Moody's, or AA by Fitch. In addition, ownership of commercial paper and corporate bonds is limited to a combined total of 35% of the portfolio with no more than 5% of the portfolio held in any one issuer. At June 30, 2012, the City was in compliance with the above policy requirements with commercial paper and corporate bonds totaling just under 24% of the portfolio. Investments in obligations of the States of Oregon, California, Idaho and Washington must be rated AA (or an equivalent rating) or better and ownership of such obligations is limited to 25% of the portfolio with no more than 10% held in any one issuer.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 2 - Cash and Investments (Continued)

The State of Oregon Local Government Pool and money market account are unrated. Investments held at June 30, 2012 are categorized by rating as follows:

| | U.S. Agency | State / Local | Corporate |
|--------------------------------|---------------------|--------------------|--------------|
| Investor Service Rating | Obligations | Obligations | <u>Notes</u> |
| Prime (AAA, Aaa, AAA)* | \$ 16,186,032 \$ | - \$ | 711,868 |
| High Grade (AA, Aa, AA)* | - | 6,194,948 | 16,947,736 |
| High Grade (SP-1, MIG 1, F-1)* | - | 1,046,210 | - |
| | \$ 16,186,032 \$ | 7,241,158 \$ | 17,659,604 |

^{*}Respectively, the rating agencies are as followed: Standard & Poor's, Moody's, Fitch.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City's investment policy limits its exposure to custodial credit risk by requiring that all security transactions entered into by the City be conducted on a delivery-versus-payment basis. Securities are to be held by a third party custodian in a segregated account. For each transaction, the broker or securities dealer issues a confirmation ticket to the City listing the specific instrument, issue, rating, coupon, maturity, CUSIP number, purchase or sale price, yield, transaction date, and other pertinent information. At June 30, 2012, the City does not have investments exposed to custodial credit risk.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 3 - Assessments, Loans and Notes Receivable

Assessments receivable consist of amounts levied against benefited property owners for the cost of public improvements and attach as an enforceable lien on the property until paid. All the City's assessment loans are made over a period of 10 years and bear interest ranging from 5.00% to 7.50%. Promissory notes consist of business development loans/grants made over a period of 2 years with no interest, System Development Charge (SDC) deferrals and loans over a period of 9 months to 10 years and bear interest ranging from 5% to 12%, building permit and energy efficiency upgrade deferrals due upon the sale/transfer of the property with no interest, and Community Development and Affordable Housing loans with variable terms.

Assessments, loans and notes receivable consisted of the following at June 30, 2012:

| | G | overnmental | В | usiness-type |
|--------------------------------------------------------------------------------|----|-------------------|----|-------------------|
| Assessments Receivable | | <u>Activities</u> | | <u>Activities</u> |

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 5 - Capital Assets (Continued)

Depreciation expense was charged to business-type activities as follows:

Business-type activities

| Airport | \$ 410,482 |
|-----------------------------------------------|--------------|
| Water | 2,302,331 |
| Water reclamation | 3,085,108 |
| Parking | 322,288 |
| Stormwater | 720,392 |
| Other business activities | 13,683 |
| Business-type activities depreciation expense | \$ 6,854,284 |

Note 6 - Lease Obligations

The City leases fire stations from the Deschutes County Rural Fire Protection District No. 2 under operating lease agreements expiring in June 2050 with options to renew for five successive terms of ten years each. Lease payments are due semi-annually on December 1 and June 1 each year. Rental expense for the fiscal year ended June 30, 2012 totaled \$220,080. Minimum future lease payments not including annual consumer price index adjustments are \$220,080 each fiscal year from 2012 through 2050.

The City leased office space under an operating lease agreement that expired in March 2012. Lease payments were due monthly on the first day of the month. Rental expense for the fiscal year ended June 30, 2012 totaled \$190,959.

Note 7 - Lease Receivables

The City is the lessor of numerous ground and hangar leases associated with the municipal airport. Most of these leases carry 20 year terms with current leases expiring through 2032. In general, the leases call for monthly rent payments based on square footage as defined in each lease agreement. Total lease revenue included in the Airport Fund for the fiscal year ended June 30, 2012 is \$720,645. Cost of leased assets totaled \$1,947,061 at June 30, 2012 with a carrying amount of \$1,255,127 and current year depreciation of \$41,134.

Note 8 - Due To / From Other Funds

The City provided interim financing for the following funds due to delayed grant funding reimbursements and delayed transient room taxes.

| <u>Amount</u> | <u>Description</u> |
|---------------|---------------------------------------------------------------------------------------------|
| \$ 25,000 | Due to the General Fund from the Community Development Block Grant Fund |
| 55,000 | Due to the General Fund from Nonmajor Enterprise Funds |
| 70,104 | Due to Transportation Operations & Planning Fund from the Community Development Block Grant |
| | Fund for ADA improvements |
| 45,978 | Due to Nonmajor Governmental Funds (EECBG Grant Fund) from other Nonmajor Governmental |
| | Funds (Planning, Building, Transportation Construction Funds) |
| 14,000 | Due to the Internal Service Fund from Nonmajor Governmental Funds |

These advances are non-interest bearing and are repaid in the following fiscal year.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 9 - Advances

On June 16, 2010 the city council authorized a \$35,000 advance from the General Fund to the Downtown Parking Fund to provide the necessary financing of capital expenditures. The loan matures on June 30, 2015 with an interest rate of 3%. Revenues from building rental and other operating revenues will be utilized to repay the loan. For the fiscal year ended June 30, 2012, the remaining outstanding balance is \$21,602.

Note 10 - Short-Term Note Payable

On June 27, 2012 the City obtained a bank loan in the amount of \$3,000,000 to provide interim financing for capital street improvements before permanent debt financing was issued in September 2012. The amount outstanding as of June 30, 2012 was \$1,160,000. The note carried interest at a variable bank rate and was repaid on September 20, 2012.

| | Ва | lance at | | | Balance at |
|-----------|-------------|----------|------------------|----------------|---------------|
| | <u>June</u> | 30, 2011 | <u>Additions</u> | Reductions | June 30, 2012 |
| Bank loan | \$ | - \$ | 3,000,000 \$ | (1,840,000) \$ | 1,160,000 |

Note 11 - Interfund Transfers

Transfers between funds provide support for various City programs in accordance with budgetary authorizations. During fiscal year 2011-12, the City made the following interfund transfers between its governmental activities and business-type activities:

| Amount | Description |
|--------------|---------------------------------------------------------------------------------------------------------------------------------|
| \$ 10,000 | From the General Fund to the Nonmajor Enterprise Funds for general operations |
| 994,998 | From the Nonmajor Governmental Funds to the Water Fund to transfer system development charges for eligible expenses |
| 1,207,760 | From the Nonmajor Governmental Funds to the Water Reclamation Fund to transfer system development charges for eligible expenses |
| 3,105 | From the Nonmajor Governmental Funds to the Nonmajor Enterprise Funds for general operations |

Note 12 - Compensated Absences

Change in compensated absences during the fiscal year ended June 30, 2012 was as follows and are included in accrued liabilities on the Statement of Net Assets:

| | | Balance at | | | | Balance at | Due within |
|--------------------------|------------|---------------------|----------------------|-------------|----------|----------------------|-----------------|
| | <u>J</u> ı | <u>une 30, 2011</u> | <u>Earned</u> | <u>Used</u> | <u> </u> | <u>June 30, 2012</u> | one year |

Debt Service requirements for the water reclamation Clean Water Loan of \$1,662,419 is not included in the schedule above. The debt service schedule for that obligation will be determined when the project is complete.

The balance of unamortized premiums and discounts on long-term debt issuances is \$909,346, which is amortized over the life of the associated debt.

All bond reserve requirements were met at the time of issuance and the City is in compliance with any ongoing reserve requirements. The City is in compliance with the bond covenants regarding debt service coverage.

Full Faith & Credit Obligations

In prior years, the City issued full faith & credit obligations to provide financing for the construction of police and fire facilities, airport, stormwater, and street infrastructure and equipment, and to partially fund unfunded pension costs attributable to the unfunded actuarial liability in the Public Employees' Retirement System plan in which the City participates. These bonds are backed by the full faith and credit of the City with stated interest rates on specific maturities ranging from 1.56% to 6.095% and maturities through fiscal year 2032. Subsequent to year end, the remaining balance owing on the storm water equipment, series 2008 loan was paid in full.

New Debt Issuances and Current Refunding. On April 19, 2012 the City issued \$1,425,000 in full faith & credit obligations with an interest rate of 1.66% and maturity in fiscal year 2027. The proceeds of the obligations are being used to finance the purchase of street maintenance equipment.

On April 19, 2012, the City issued \$3,185,000 in bonds with an interest rate of 2.04% to refinance the 2002 series Sewer Revenue Bonds with an interest rate of 4.48%. The refunding was undertaken to reduce the total future debt service payments by \$486,092. The transaction also resulted in an economic gain of \$444,629.

On April 19, 2012, the City also issued \$4,670,000 in bonds with an interest rate of 2.60% to refinance the 2002 series Police Facility Full Faith & Credit Obligations with an interest rate of 4.96%. The refunding was undertaken to reduce the total future debt service payments by \$988,587. The transaction also resulted in an economic gain of \$865,396.

Tax Increment Bonds

The Bend Urban Renewal Agency issued tax increment bonds in 2004 to finance a parking structure and street improvements in the Downtown Urban Renewal District. In fiscal year 2007-08, the City issued full faith & credit bonds related to Cooley Road improvements in the Juniper Ridge Urban Renewal District in the amount of \$3.7 million which is serviced by tax increment revenues. During fiscal year 2011-12 the City paid off the 2004 series of tax increment bonds.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 13 - Long-Term Debt (Continued)

Revenue Bonds

The City issued revenue bonds to provide funds for major expansions of the City's water and water reclamation systems. The revenue bonds are not backed by the full faith and credit of the City, but are secured and serviced by the pledged net revenues of the respective operations. The revenue bonds include a rate covenant requiring the City to maintain net revenues from its water and water reclamation operations at a minimum of 1.25 times the debt service of each operation. The City was in compliance with the rate covenant for the year ended June 30, 2012. The outstanding bonds have stated interest rates on specific maturities ranging from 1.77% to 5.04% and maturities through fiscal year 2029.

Refunded Debt. In 2012, the City defeased certain 2002 Sewer Revenue Bonds by placing the proceeds of new bonds in an irrevocable trust to provide for future debt service payments on the old bonds in the amount of \$3,451,397. Accordingly, the trust account assets and the liability for the defeased bonds are not included on the City's financial statements. The City refunding was structured so that the City pays the scheduled November 1, 2012 payment and the trust will pay the balance of the defeased debt on the redemption date of November 1, 2012.

Notes Payable

The City has long-term notes payable to the State of Oregon Business Development Department (OBDD) to provide funding for airport, water and water reclamation infrastructure improvements. The notes have maturities through fiscal year 2032 and stated interest rates on specific maturities of 3.00% to 5.01%. Revenues from the airport, water, and water reclamation operations are utilized to repay the respective notes.

OBDD provided notes payable of \$1,165,513 for airport infrastructure improvements.

During fiscal year 2009-10, the City was awarded a State of Oregon Business Development Department (OBDD) Safe Drinking Water Revolving Loan Fund (SDWRLF) Note and an American Recovery and Reinvestment Act (ARRA) Forgivable Note for a total of \$5,613,000. The water projects funded by these notes include the Shiloh Well Rehabilitation, Pilot Butte Well No. 4 Control Building, Timber Ridge Water Line Replacement, and the Fixed Base Automation Meter Reading System and Meter Replacement. As of June 30, 2012, all projects were completed and the City complied with all terms and activities as set forth in the ARRA Forgivable Note loan agreement, and during fiscal year 2011-12, the OBDD forgave the repayment of \$2,806,500. The remaining \$2,806,500 SDWRLF Note has an interest rate of 3.83% and repayment will begin December 2012.

In May 2011, Council approved a loan of \$5,482,336 from the Oregon Department of Environmental Quality (DEQ) for the Wastewater Treatment Plant upgrade. The loan has an interest rate of 3.32% and repayment will be required annually following project completion. This loan is drawn on a reimbursement basis. As of June 30, 2012 the City has requested reimbursement of \$1,662,419.

The City applied for additional funding from the DEQ for this project and was awarded another \$14,484,130 loan in October 2011. The loan term is 20 years with an interest rate of 2.71% with no prepayment penalties and an annual fee of 0.5% of the outstanding loan amount. This loan is drawn on a reimbursement basis and as of June 30, 2012 there is no outstanding balance.

Long-Term Line of Credit

On June 19, 2010 the City extended the maturity date of the line of credit with Bank of America to June 19, 2013. As of June 30, 2012 the City had drawn \$5,208,850 on the line of credit which provides funding for Juniper Ridge development. The line of credit is available up to \$6,000,000 with interest paid quarterly on the outstanding balance at a variable interest rate. The interest rate is determined as the LIBOR Fixed Rate or 64% of the Prime Rate minus a spread of four-tenths percent at the discretion of the City. The interest rate as of June 30, 2012 was 1.36%.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 14 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City obtains insurance policies from commercial suppliers and annual premiums are paid for the following coverages: general and automobile liability limit of \$10,000,000 per occurrence or \$30,000,000 in the aggregate; commercial property blanket building and contents limit \$100,000,000; a cyber liability up to \$1,000,000; a public employee dishonesty bond for claims up to \$100,000 covering the Finance Director; a blanket fidelity bond at \$500,000; and various real, personal and inland marine property coverage for replacement costs. The City also carries \$1,000,000 commercial insurance for workers' compensation and \$10,000,000 for airport liability. Employee health, life and disability coverages are also maintained. Settled claims from these risks have not exceeded commercial insurance limits in any of the past three fiscal years.

An Insurance Division in the City's Internal Service Fund accounts for the City's risk management activities. All funds of the City participate in the Insurance Division. Amounts payable to the Insurance Division are based on cost estimates necessary to pay premiums, and if applicable, prior and current year claims and to establish a reserve for catastrophic losses. Workers' compensation is insured under a retrospective plan where premiums are accrued based on contributions and paid losses.

A liability for workers' compensation claims is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable.

| | | Claims Incurred | | |
|-------------|---------------|-----------------|--------------------|----------------|
| | Balance at | and Changes in | Claims | Balance at |
| Fiscal Year | July 1 | <u>Estimate</u> | <u>Paid</u> | <u>June 30</u> |
| 2009-2010 | \$ 150,000 | \$ 449,556 | \$ (356,657) \$ | 242,899 |
| 2010-2011 | 242,899 | 554,626 | (375,798) | 421,727 |
| 2011-2012 | 421,727 | 668,491 | (545,537) | 544,681 |

The City implemented a high-deductible health insurance plan city-wide during fiscal year 2011-12. The City shares responsibility for 62.5% of the co-insurance claims on this plan with employees. The City has recognized an estimated co-insurance liability of \$105,752 for the probable and reasonable co-insurance claims.

Note 15 - Participation in Public Employees' Retirement System

Plan Description

The City contributes to the Oregon Public Employees Retirement System (OPERS) and to the Oregon Public Service Retirement Plan (OPSRP). OPERS is an agent multi-employer defined benefit public employee retirement system. OPSRP is a hybrid retirement plan with two components: the Pension Program (defined benefit; established and maintained as a tax-qualified governmental defined benefit plan) and the Individual Account Program (defined contribution; established and maintained as a tax-qualified governmental defined contribution plan). A defined benefit plan is benefit-based and uses predictable criteria such as a pension determined by salary multiplied by length of service multiplied by a factor. A defined contribution plan has no guarantee. OPSRP is administered by OPERS, which acts as a common investment and administrative agent for political subdivisions in the State of Oregon.

The 1995 Oregon Legislature established a different level of benefits for employees who began their six-month waiting period on or after January 1, 1996 called Tier Two. The 2003 Oregon Legislature established OPSRP for public employees hired on or after August 29, 2003, unless membership was previously established in OPERS. Benefits generally vest after five years of continuous service. Retirement benefits based on salary and length of service are calculated using a formula and are payable in a lump sum or monthly using several payment options. OPERS also provides death and disability benefits. These benefit provisions and other requirements are established by state statute.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 15 - Participation in Public Employees' Retirement System (Continued)

The State of Oregon OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, P.O. Box 23700, Tigard, Oregon 97281-3700 or by calling 1-888-320-7377.

Funding Policy

The rate of employers' contributions to OPERS is determined periodically by OPERS based on actuarial valuations performed at least every two years. The City is required by ORS 238.225 to contribute at an actuarially determined rate. For fiscal year 2011-12, the City was required to contribute 12.42% of covered Tier One and Tier Two employees' salaries. For OPSRP employees, the City contributed 9.88% of eligible police and fire salaries and 7.17% of eligible general service salaries to the plan. These contribution rates were determined based on actuarial valuations as of December 31, 2009 and are effective for the period beginning July 1, 2011 through June 30, 2013. These rates include the effect of side account rate offsets, but exclude contributions to the Individual Account Program (IAP) and debt service for pension obligation bonds.

Members of OPERS and OPSRP are required to contribute 6% of their salary covered under the plan. Pursuant to collective bargaining agreements, the required employee contribution of 6% of covered compensation is paid by the City for all OPERS eligible employees. Effective January 1, 2004, this 6% contribution is remitted to the Individual Account Program. The contribution requirements for plan members and the City are established by ORS Chapter 238 and may be amended by an act of the Oregon Legislature.

Annual Pension Cost

For fiscal year 2011-12, the City's annual pension cost for OPERS was equal to the City's required and actual contributions and consisted of \$3,562,706 for the City's required share. The City also paid the employees' contribution of \$1,847,881.

Actuarial Methods and Assumptions

The actuarial assumptions include:

- An underlying long-term assumed rate of inflation of 2.75% compounded annually and an assumed rate of healthcare cost inflation graded from 6.9% in 2012 to 4.5% in 2029.
- An investment rate of return of 8.0% compounded annually.
- Interest crediting of 8.0% annually on regular account balances and 8.5% on variable account balances.
- Projected general wage inflation of 3.75% per year.

The actuarial valuation method used is the Projected Unit Credit (PUC) method. Plan assets are valued at market-value, excluding reserves. The Employer's unfunded actuarial liability is being amortized as a level percentage of combined valuation payroll over 16 to 20 year closed period. The following table presents the three-year trend information.

Three Year Trend Information

| | Annual | Percentage | |
|-------------|---------------------------|--------------------|-------------------|
| | Pension | of APC | Net Pension |
| Fiscal Year | Cost (APC) Contribution | Contributed | Obligation |
| 2009-10 | \$ 2,288,072 \$ 2,288,072 | 100% | - |
| 2010-11 | 2,354,923 2,354,923 | 100% | - |
| 2011-12 | 3,562,706 3,562,706 | 100% | - |

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 15 - Participation in Public Employees' Retirement System (Continued)

The City issued \$13,725,000 of pension obligation bonds during fiscal year 2003-04 and made a \$13,122,795 lump sum contribution towards its unfunded actuarial liability which was determined to be at a fair value of \$11,070,258 on December 31, 2011. The lump sum contribution is being amortized through June 1, 2028 to provide employer contribution rate relief and the current year amortization expense totaled \$545,103. With the lump sum contribution, the City's employer rate was reduced by 2.99% effective July 1, 2011. As of December 31, 2011, the defined benefit plan funded status was \$102,833,984 and the City had funded \$73,245,653 or 71%.

As of December 31, 2011, the most recent actuarial valuation date, the plan was 86% funded. The actuarial accrued liability for benefits was \$132.4 million, and the actuarial value of assets was \$113.9 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$18.5 million. The covered payroll (annual payroll of active employees covered by the plan) was \$31.5 million, and the ratio of the UAAL to the covered payroll was 59%.

The schedule of funding progress for the postemployment defined benefit plan in the Required Supplementary Information section presents multi-year trend information about the increasing or decreasing over time of the actuarial value of plan assets relative to the actuarial accrued liability.

Note 16 - Other Post Employment Benefits (OPEB)

The City has adopted GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The OPEB for the City combines three separate plans. The City provides an implicit rate subsidy for retiree Health Insurance Continuation premiums, a stand alone plan for employees meeting certain eligibility requirements, and a contribution to the State of Oregon's OPERS cost-sharing multiple-employer defined benefit plan.

Health Insurance Continuation and Stand Alone Plans

Plan Description

The OPEB for the City includes an implicit rate subsidy for retiree health insurance. Per ORS 243.303, the City provides a single-employer plan to provide retirees with group health and dental insurance from the date of retirement to age 65 and the premium cannot be separately rated from the group for health care insurance coverage of officers and employees of the City. Retirees pay the full premium for coverage elected unless the premium is paid for by the City as described below. Providing the same rate to retirees as provided to active employees constitutes an implicit rate subsidy for OPEB. This "plan" is not a stand-alone plan and therefore does not issue its own financial statements.

Based on negotiated union agreements, the City provides retiree health benefits to retired employees with at least 15 years of service prior to retirement when the retiree reaches age 62 (age 60 for emergency personnel). The City will pay the premium for retiree coverage if the retiree has continuously maintained City retiree or OPERS group insurance since date of retirement until the qualifying age of 62 (age 60 for emergency personnel). The City will pay the OPERS sponsored supplement to Medicare insurance beginning at age 65 if the retiree has continuously maintained coverage. The City is not responsible for any costs associated with retiree health care insurance coverage including Medicare and supplement to Medicare insurance for non-represented employees hired after December 31, 2010, COBEA members hired after August 31, 2011, and Fire employees hired after June 30, 2012. As of July 1, 2010 the total number of plan participants is 511: 433 active, 78 inactive.

Funding Policy

The City has not established a trust fund to supplement the costs for the net OPEB obligation, but during fiscal year 2011-12 the City began funding contributions to offset the net OPEB obligation. Contribution requirements are negotiated between the City and union representatives. The City's funding policy provides for contributions at amounts sufficient to fund benefits on a pay-as-you-go basis.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 16 - Other Post Employment Benefits (OPEB) (Continued)

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The amortization of the City's unfunded liability is calculated as a level percent of payroll over 15 years on a rolling (open) basis.

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes to the City's net OPEB obligation.

| | For the Year Ended | |
|-------------------------------------------------------------|--------------------|---------------|
| | | June 30, 2012 |
| Determination of Annual Required Contribution | | |
| Normal cost at year end | \$ | 1,099,615 |
| Amortization of Unfunded Actuarial Accrued Liability (UAAL) | | 1,565,367 |
| Annual required contribution (ARC) | \$ | 2,664,982 |
| | | |
| Determination of Net OPEB Obligation | | |
| Annual required contribution | \$ | 2,664,982 |
| Interest on prior year net OPEB obligation | | 318,410 |
| Adjustment to annual required contribution | | (495,849) |
| Annual OPEB expense | | 2,487,543 |
| Benefit payments | | (609,478) |
| Increase in net OPEB obligation | | 1,878,065 |
| Net OPEB obligation - beginning of year | | 7,075,776 |
| Net OPEB obligation - end of year | \$ | 8,953,841 |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years 2010-12 were as follows.

| Year ending | Annual | OPEB | Percentage of | Net OPEB |
|----------------|-------------|---------------------|------------------|-------------------|
| <u>June 30</u> | OPEB Cost | Contribution | Cost Contributed | Obligation |
| 2010 | \$3,309,923 | \$672,994 | 20% | \$5,230,255 |
| 2011 | 2,437,496 | 591,975 | 24% | 7,075,776 |
| 2012 | 2,487,543 | 609,478 | 25% | 8,953,841 |

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 16 - Other Post Employment Benefits (OPEB) (Continued)

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2010 was as follows:

| Actuarial accrued liability (AAL) | \$ 20,603,241 |
|-----------------------------------------------------|------------------|
| Actuarial value of plan assets | |
| Unfunded actuarial accrued liability (UAAL) | \$ 20,603,241 |
| Funded ratio (actuarial value of plan assets / AAL) | 0% |
| Covered payroll | \$ 31,668,881 |
| UAAL / covered payroll | 65.1% |

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employments, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the City and plan members), and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and the plan members. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

In the July 1, 2010 actuarial valuation, the projected unit credit cost method (PUC) was used. Plan assets are valued at market-value, excluding reserves. The actuarial assumptions included a discount rate of 4.5% for unfunded liabilities based on the expected long-term annual investment returns for Oregon's LGIP pool and comparable investments. An annual healthcare cost trend rate of 9.0%, reduced incrementally to an ultimate rate of 5%, is assumed. The rates include projected annual payroll increases of 3.75%. Retirement and withdrawal rates were based on the Oregon OPERS in its actuarial valuations of retirement benefits.

OPERS Retirement Health Insurance Account (RHIA)

Plan Description

As a member of Oregon Public Employees Retirement System (OPERS), the City contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other post employment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and Required Supplementary Information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700, or by calling (888) 320-7377.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 16 - Other Post Employment Benefits (OPEB) (Continued)

Funding Policy

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a OPERS-sponsored health plan. A surviving spouse or dependent of a deceased OPERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from OPERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating cities are contractually required to contribute to RHIA at a rate assessed each year by OPERS, currently 0.59% of annual covered payroll for Tier 1 & 2 and 0.50% for OPSRP. The OPERS Board of Trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The City's contributions to RHIA for the years ended June 30, 2012, June 30, 2011, and June 30 2010 were \$172,059, \$80,847, and \$78,801, respectively, which equaled 100% of the required contributions for each of the three years.

Note 17 - Deferred Compensation Plan

The City has a deferred compensation plan created in accordance with the Internal Revenue Code Section 457(g). The plan is administered by independent plan administrators through administrative service agreements. The plan is available to all employees of the City. Employees may defer a portion of their salary until future years. Deferred compensation is not available to employees until termination, retirement, death or financial hardship. The plan's assets are held in custodial accounts for the exclusive benefit of participants and beneficiaries and are not subject to the claims of the City's creditors, nor can they be used by the City for any purpose other than the payment of benefits to the plan participants. Accordingly, these plan assets and related liability are not recorded in the City's basic financial statements.

Note 18 - Commitment and Contingencies

At June 30, 2012 the City was committed on outstanding construction, engineering, consulting, service and equipment purchase contracts totaling \$11,711,680 in the governmental activities, and \$31,726,807 in the business-type activities.

The City has agreements to reimburse various developers for the construction of certain street, water and water reclamation infrastructure through system development charges or recovery fees collected from properties established as reimbursement or recovery areas. As of June 30, 2012, amounts collected and potentially due to developers totaled \$445,250 and are recorded as a liability in the System Development Charges Fund.

Various immaterial claims and lawsuits against the City are pending. These claims are either covered by insurance or are the types which are normal in view of the City's operations. City management believes the total amount of liability, if any, which may arise from such claims and lawsuits beyond that which is covered by insurance would not have a material effect on the City's financial condition or its ability to carry on its activities substantially as now conducted.

Notes to Basic Financial Statements (Continued)

Fiscal Year Ended June 30, 2012

Note 19 - Subsequent Events

The Oregon Department of Environmental Quality (DEQ) has awarded the City \$19,966,466 in low interest loans for the water reclamation plant expansion with an estimated project cost of \$38,800,000. On October 2, 2012 the DEQ awarded the City an additional loan of \$18,833,534 for continued work on the water reclamation plant expansion. These loans are administered on a reimbursement basis.

On September 20, 2012, the City issued \$26,805,000 in general obligation bonds. These bonds will be used to finance the costs of capital construction and capital improvements to City streets, including new construction and improvements and repairs to streets, bicycle lanes, sidewalks and related improvements, and to refund an interim financing promissory note.

In September 2012, Central Oregon Landwatch filed a federal lawsuit against the United States Forest Service claiming the agency failed to adequately perform environmental review under the National Environmental Policy Act as it relates to the City's Surface Water Improvement project. In October 2012, a federal judge issued a preliminary injunction to halt City construction on the project until summary judgement on the merits. Potential financial implications are unknown at this time.

| |
| |
| |
| |
| |
| |
| |

GENERAL FUND AND MAJOR SPECIAL REVENUE FUNDS

General Fund

This fund accounts for the City's police and municipal court operations, allocation of general discretionary revenues and other general services of the City not accounted for in any other fund. Principal sources of revenue are property taxes, transient room taxes, franchise fees, intergovernmental revenues and municipal court fines. Primary expenditures are for police and municipal court operations and transfers of general discretionary revenues to other governmental funds.

Transportation Operations and Planning Fund

This fund accounts for the City's street maintenance and transportation engineering operations that are funded mainly by state highway apportionment, garbage franchise fees, charges for services, and allocation of general discretionary revenues.

Fire / Emergency Medical Services Fund

This fund accounts for the operations of the Fire/EMS department which are funded primarily by general discretionary revenues, fire protection contracts and charges for emergency medical services.

Community Development Block Grant Fund

This fund accounts for monies received from Community Development Block Grants. Revenues include grant receipts, as well as loan repayments from prior grant recipients. Expenditures are for the distribution of grants for qualified projects and/or loans to qualified recipients.

Notes:

Assumptions for valuation calculations are as described in the 2010 Experience Study for Oregon PERS and adopted by the PERS Board in July 2011.

There were no changes in actuarial methods and allocation procedures since the December 31, 2010, actuarial valuation.

| 7/1/2009 | = | 22,829 | | 22,829 | 0% | 30,451 | 75% | 6/30/2010 | 3,376 | 20% |
| 7/1/2010 | - | 20,603 | | 20,603 | 0% | 31,669 | 65% | 6/30/2011 | 2,569 | 23% |
| | | | | | | | | 6/30/2012 | 2,665 | 23% |

Notes:

Year over year change in the AAL reflects the anticipated cost savings from the implementation of the high deductible insurance plan.

Select actuarial assumptions used: 50% of future retirees electing coverage are assumed to cover a spouse as well; males are assumed to be three years older than their female spouses; 100% of active members immediately eligible for City-paid health care coverage are assumed to elect coverage upon retirement for their lifetime; 2012-13 annual claims costs for an age 64 retiree or spouse are assumed to be \$10,914. Demographic assumptions were revised to match (as closely as possible) those developed in the 2011 experience study for Oregon PERS.

Additional details regarding actuarial assumptions can be found in the notes to the financial statements.

Notes to Required Supplementary Information

Fiscal Year Ended June 30, 2012

Required Supplementary Information includes budgetary comparisons for the General Fund, the Fire/Emergency Medical Service Fund, and the Community Development Block Grant Fund. The budgetary comparison information for all other funds can be found in Other Supplementary Information which follows this section.

Note 1 - Budgetary Information

Municipal budgets are adopted on a basis consistent with Oregon Revised Statutes (ORS 294 – Local Budget Law) and generally accepted accounting principles (GAAP). The City Manager is responsible for submitting a proposed budget to the Citizens Budget Committee comprised of the City Council and an equal number of citizens of the City. The City is required to prepare a budget for each fund that is balanced in accordance with Oregon Revised Statutes. Each fund is budgeted on the modified accrual basis of accounting.

The Citizens' Budget Committee conducts public hearings for the purpose of obtaining citizens' comments, and then approves a budget and submits it to the City Council for final adoption. The approved expenditures for each fund may not be increased by more than 10 percent by Council without returning to the Citizens Budget Committee for a second approval. After the Council adopts the budget and certifies the total ad valorem taxes to be levied, no additional tax levy may be made for that budget period.

The City Council legally adopts the budget by resolution before July 1. The resolution establishes appropriations for each fund and sets the level by which expenditures and other uses cannot legally exceed appropriations. In the General Fund and the Internal Service Fund, the levels of budgetary control established by resolution are set at the department level. For all other funds, the levels of budgetary control are personal services, materials and services, debt service, capital outlay, transfers and operating contingency.

Appropriations lapse at of the end of the biennium for goods or services not yet received. The City Council may modify the budget by transferring appropriations between levels of control and by adopting supplemental budgets. Unexpected additional resources may be added to the budget through the use of a supplemental budget. Some supplemental budgets require hearings before the public, publications in newspapers and approval by the City Council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the City Council. Supplemental appropriations were approved by the City Council for the 2011-13 biennium. All appropriations terminate on June 30, 2013.

NONMAJOR SPECIAL REVENUE FUNDS

BURA General Fund

This fund accounts for the operation and general service related to Urban Renewal.

Police Grant Fund

This fund accounts for the grant revenues and expenditures of the police department.

Energy American Recovery and Reinvestment Act (ARRA) Grant Fund

This fund accounts for grant revenues and expenditures received for energy efficient related projects.

System Development Charges (SDC) Fund

This fund accounts for the collection of system development charges for street, water and water reclamation systems. Revenues are used to fund eligible construction projects.

Building Fund

This fund accounts for the City's building inspection and compliance operations. The principal sources of revenues are permit fees and other fees charged for services provided.

Planning Fund

This fund accounts for the City's current and long-range planning activities. Revenues include plan review fees and transfers from other City funds.

Private Development Engineering

This fund accounts for private development engineering plan reviews and other engineering services. Revenues are engineering fees used to cover operating expenses.

Affordable Housing Fund

This fund accounts for the affordable housing program. Funding is provided by a fee of 1/3 of 1% of the total building permit valuation for all building permits issued. Expenditures are for housing opportunities for residents at or below 80% of median income.

Tourism Fund

This fund accounts for tourist promotion and economic development activities sponsored by the City. The principal source of revenue is transient room tax allocations. Expenditures are to other agencies to promote tourism and economic development efforts.

Economic Improvement District Fund

This fund accounts for the collection and disbursement of assessments from the Downtown Economic Improvement District and disbursement of those assessments.

Police Reserve Fund

This fund accounts for the reserves of the police department.

NONMAJOR DEBT SERVICE FUNDS

Improvement District Debt Service Fund

This fund accounts for the collection of special assessment loans and the servicing of the related bonded debt. There are no special assessments outsanding.

Urban Renewal Debt Service Fund

This fund accounts for the debt-related activities of the Bend Urban Renewal Agency's downtown urban renewal district. The principal source of revenue is property taxes which are used to pay the principal and interest on outstanding tax increment bonds.

Murphy Crossing Urban Renewal Debt Service Fund

This fund accounts for the debt-related activities of the Murphy Crossing urban renewal district. The principal source of revenue is property taxes which will be used to pay the principal and interest on outstanding tax increment bonds.

Fire Station Debt Service Fund

This fund accounts for the servicing of bonds issued to fund construction of new fire stations. The principal source of revenue is payments from the Deschutes County Rural Fire Protection District. Expenditures are for principal and interest payments on the outstanding debt.

PERS Debt Service Fund

This fund accounts for the servicing of pension obligation bonds issued to reduce the City's unfunded actuarial liability.

Juniper Ridge Urban Renewal Debt Service Fund

This fund accounts for the debt-related activities of the Bend Urban Renewal Agency's Juniper Ridge urban renewal district. The principal source of revenue is property taxes which will be used to pay principal and interest on tax increment bonds.

General Obligation Bond Debt Service Fund

This fund accounts for the collection of property taxes and the servicing of the related general obligation bonds.

NONMAJOR CAPITAL PROJECTS FUNDS

Urban Renewal Construction Fund

This fund accounts for the construction activities of the Bend Urban Renewal Agency other than those related to Juniper Ridge. The principal source of revenue is loan proceeds used to relieve urban blight and renovate the downtown area.

Juniper Ridge Urban Renewal Construction Fund

This fund accounts for the expenditures of the Juniper Ridge urban renewal district. The principal source of revenue is contribution from other funds and proceeds from borrowings.

Accessibility Construction Fund

This fund accounts for construction activities related to improving accessibility. Funding is provided from the General Fund.

<u>Transportation Construction Fund</u>

This fund accounts for the construction of streets, bridges, and trails. The principal sources of revenue are franchise fees and proceeds from borrowings.

General Obligation Bond Transportation Construction Fund

This fund accounts for the construction of transportation improvements funded by general obligation bonds in the City's Capital Improvement Program.

NONMAJOR ENTERPRISE FUNDS

Airport Fund

This fund accounts for the operations of the City's municipal airport. The principal sources of revenue are grants, and hangar, ground and operator leases. Expenses are for maintenance and improvements of airport facilities.

Cemetery Fund

This fund accounts for the operations of the City cemetery. The principal sources of revenue are user charges and interest income which are used to fund maintenance and capital improvements at the cemetery.

Downtown Parking Fund

This fund accounts for the operation of City-owned parking facilities. Revenue sources include parking fees, fines and rental charges. The revenue is used for program administration and management.

Stormwater Fund

This fund accounts for the operation of the City's stormwater facilities. The primary revenue source is user fees.

INTERNAL SERVICE FUND

Garage Division

To account for the maintenance and service of all City vehicles and heavy equipment except for the police vehicles. User charges cover equipment and vehicle maintenance expenses.

Information Technology Division

To account for equipment acquisition, maintenance and operation of the City's computer and telephone systems. User charges cover the cost of operations and acquisitions.

Facility Management Division

To account for maintenance on and improvements to City buildings. Facility maintenance rates are charged on the basis of square footage to recover the full cost of services provided.

Engineering Division

To account for construction project oversight, plan reviews and other engineering services. Revenues are engineering fees used to cover operating expenses.

Public Works Administration Division

To account for general and administrative services provided to other funds. User charges are generated for public works administration.

Public Works Laboratory Division

To account for the laboratory analysis and technical support provided to other funds. User charges are generated for public works laboratory.

Insurance Division

To account for the City's employee health, workers' compensation, general liability, automobile and property liability insurance programs. Revenues consist of premium contributions by departments as well as insurance settlements and refunds. Expenses are for premiums and claims costs.

Administration & Financial Services Division

To account for the general government and finance functions. User charges are generated to cover the full cost of operations of the City Council, City Manager's office, Human Resources and Finance.

Legal & Risk Management Division

To provide legal support and interpretation of the law for other funds. User charges are generated to cover the full cost of operations.

STATISTICAL SECTION

This part of the City of Bend's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends (pages 171 to 180)

These schedules contain trend information to help readers understand how the City's financial performance and well-being have changed over time.

Revenue Capacity (pages 181 to 184)

These schedules contain information to help readers assess the City's most significant local revenue source, property tax.

Debt Capacity (pages 185 to 190)

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information (pages 191 to 193)

These schedules offer demographic and economic indicators to help readers understand the environment within which the City's financial activities take place.

Operating Information (pages 194 to 196)

These schedules contain service and infrastructure data to help readers understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Source:

State of Oregon, Treasury Department

Notes:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Bend. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

- (1) Net property-tax backed debt includes all limited-tax general obligation bonds and unlimited-tax general obligation bonds less self-supporting limited and unlimited general obligation bonds.
- (2) Percent applicable to City of Bend represents the City's real market value as a percent of the real market value of the respective jurisdictions.

Notes:

- (1) As defined under the Water Revenue Bonds Master Resolution No. 2121, gross revenues includes all fees, charges, interest earnings and other revenues (except for system development charges) from the operation of the water system. Gross revenues do not include payments of assessments made with respect to a local improvement levied against benefited properties, any restricted gifts, donations or grants received from any State, Federal agency or other person, proceeds from borrowings for capital improvements, proceeds from any liability or insurance, proceeds derived from the sale of assets and ad valorem taxes received which are pledged to other debt.
- (2) Operating expenses means all expenses incurred for operation, maintenance and repairs of the water system including overhead expenses. Operating expenses do not include rebates or penalties paid from gross revenues, litigation settlements, depreciation and amortization, debt service payments, capital transfers and capital outlays and expenses of owning and operating any separate utility system.
- (3) Annual debt service on revenue bonds issued pursuant to Master Resolution No. 2121.
- (4) The metered charge represents the minimum water charge for a 3/4" meter for the first 400 cubic feet of consumption within the City. Other charges apply according to meter size and usage over 400 cubic feet.
- (5) The monthly flat rate represents the per unit service charge for flat rate accounts. One unit service is considered to be 1 tap, 1 bath, 1 sink, 1 toilet or a combination thereof.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

Talbot, Korvola & Warwick, LLP

4800 Meadows Road, Suite 200 Lake Oswego, Oregon 97035-4293

> P 503,274,2849 F 503.274.2853

www.tkw.com

December 21, 2012

Honorable Mayor and members of City Council City of Bend Bend, Oregon

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Bend, Oregon (the City), as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 21, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Minimum Standards for Audits of Oregon Municipal Corporations.

COMPLIANCE

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed the procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways, roads, and streets.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS (Continued)

talbot, Korrola & Warwich, UP

OAR 162-10-230 INTERNAL CONTROL

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements in accordance with *Government Auditing Standards* is presented elsewhere in this report as listed in the Table of Contents.

* * * * * * *

This report is intended solely for the information and use of the City Council, management, the Oregon Secretary of State Audits Division, Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

December 21, 2012

Honorable Mayor and City Council City of Bend Bend, Oregon

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bend, Oregon (the City), as of and for the year ended June 30, 2012, and have issued our report thereon dated December 21, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

* * * * * * *

This report is intended solely for the information and use of management, City Council, others within the City, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

December 21, 2012

Honorable Mayor and City Council City of Bend Bend, Oregon

COMPLIANCE

We have audited the compliance of the City of Bend, Oregon (the City), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133, Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The City's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

INTERNAL CONTROL OVER COMPLIANCE

Management of City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (Continued)

INTERNAL CONTROL OVER COMPLIANCE (Continued)

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

CITY OF BEND, OREGON

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

YEAR ENDED JUNE 30, 2012

Finding 2011-01

Condition: The City should have a system of internal controls over inventory such that

> misstatements of the accounting records would be prevented, or detected and corrected by management or employees in the normal course of their duties.

> The City prepared an inventory count of water meters and parts at year end and made a material adjustment to these inventory balances without sufficient

supporting documentation.

Corrective Action Taken: The City has implemented a system of controls and processes to track water

> meters and parts to accurately record the inventory held by the City. The City has and will continue to perform periodic checks to ensure appropriate

controls are in place and the system is accounting for all inventory held.

Finding 2011-02

Federal Program: Neighborhood Stabilization Program - ARRA (CFDA 14.256)

Federal Agency: Department of Housing and Urban Development

Condition: In accordance with OMB Circular A-102, the City is required to ensure that

> subrecipients are not on the excluded parties list maintained by the General Services Administration. In accordance with Circular A-133, the City is required to maintain a structure of internal control to ensure compliance with the above requirement. The authoritative requirement for maintaining internal

controls is in OMB Circular A-133 §____.300(b)

The City did not sufficiently document that it performed procedures to ensure

the subrecipient was not suspended or debarred before entering into a

contract with a subrecipient.

Corrective Action Taken: The City has enhanced procedures and contract documents to ensure that

subrecipients are not suspended or debarred before entering into a contract. The City has and will continue to document the review of the Excluded

Parties Listing System before a formal award to a subrecipient.
