

RESOLUTION NO. 2963

A RESOLUTION ESTABLISHING A PUBLIC ADVISORY COMMITTEE (PAC) TO WORK ON THE INTEGRATED LAND USE AND TRANSPORTATION PLAN FOR THE CENTRAL WESTSIDE OF BEND

Findings:

- A. The City is moving forward with a Transportation and Growth Management-funded planning project for the central west side of Bend. The project includes public outreach, land use and transportation scenario development and evaluation, creation of transportation performance measures, and code and plan amendments.
- B. A Stakeholder Advisory Committee will be formed, consisting of representatives who have signed an IGA with the City of Bend to contribute \$25,000 each (Deschutes County, Bend Park and Recreation District, OSU-Cascade) as well as Cascades East Transit, Commute Options, and the Department of Land Conservation and Development.
- C. An invitation to apply for a position on the PAC was posted on the City's website and forwarded to Neighborhood Associations and other interest groups. The application period was open for three weeks. A total of 38 applications were received.
- D. A Planning Commission subcommittee reviewed the applications and selected 22 applicants. On October 27, the full Planning Commission approved the subcommittee's recommendations.
