

2016-17 UPWP Amendment

- Task 3 – Long Range Planning, Subtask D – Public Transportation Planning
 - Existing language: “Provide assistance to CET and ODOT as they develop the Transit Boarding and Estimating Simulation (TBEST) tool.”
 - Proposed language: “BMPO will administer ODOT grant funding to fully develop the Transit Boarding and Estimating Simulation (TBEST) tool for use in the Bend MPO area and possibly the greater Central Oregon area. The vast majority of this funding will be subcontracted to the TBEST software developer and Cascades East Transit.”
