

CITY OF BEND

Stormwater Quality

Public Advisory Group

Proposed Agenda

Thursday, May 3, 2018

9:00 AM – 11:00 AM

City Utility Annex—Eisenhower Conference Room
62975 Boyd Acres Rd.

Proposed Agenda

- I. **Welcome and Introductions, All, 9:00-9:10 AM**
Objectives: Introductions. Review agenda, previous meeting summary.
- II. **Infill Site Design Within a Built Environment 9:10-9:40 AM, Brad Mandal, Ryan Oster, Chris Hart-Henderson**
--Update From February 13, Stormwater PAG-CDD-COBA Joint Meeting
--A Case Study Discussion
Objectives: Hear summary from joint meeting in February. Work through a real life small-site redevelopment/infill project example to determine underlying issues and potential solutions related to handling stormwater.
- III. **Future of Bend Stormwater Perspectives, 9:40-10:30 AM**
Objectives: Receive overview of preliminary initial draft. Begin work to ensure scale analysis by perspective captured accurately and provide additions; begin work to prioritize issues and information needs in preparation for further analysis and recommendations.
- IV. **Program Updates, 10:30- 10:45 AM, Wendy Edde**
Objectives: Receive regulatory and programmatic updates related to program elements (Clean Water Works Partnership Program and kids contests, regulatory, training, new outreach, upcoming events). Provide requested input.
- V. **Roundtable Discussion, 10:45-10:55 AM**
Objective: Open discussion for members to participate.
- VI. **Meeting Summary and Effectiveness Check-ins 10:55-11:00 AM**
Objective: Continual improvement of meeting effectiveness.
