

Murphy Corridor Improvements Projects

Design Considerations:

- Illumination
- Stormwater and Water Utility Improvements
- Driveway Access
- Safe Crossings
- Travel Speeds
- Sight Distance
- Available Right of Way
- Two Lane vs Three Lane Configurations
- Pedestrian Connectivity
- Landscaping
- Turn Lanes
- Franchise Utilities

Project Concerns:

- Driveway Access
- Traffic Detours During Construction
- Safety and Trespassing
- Purchase of New Right of Way
- Sight Distance
- Noise, Light, and Glare from Street Lights and Cars
- Right of Way Driveway Access
- BNSF Railway Blocked Access, No Trespassing at Northwest Corner of the Bridge
