Budget Message

Bend Metropolitan Planning Organization (BMPO) Overview

Based on the results of the year 2000 U.S. Census, the Bend Urbanized Area exceeded

50,000 population. Federal regulations (23 CFR part 450) require that a metropolitan planning organization (MPO) be designated for the area to conduct a continuing, cooperative and comprehensive transportation planning process that results in plans and programs that consider all transportation modes and supports metropolitan community development and social goals.

The Bend MPO boundaries include the area within the City of Bend adopted Urban Growth Boundary (UGB), other areas designated as urbanized areas by the 2010 Census as well as areas that may be annexed into the City to accommodate growth and anticipated development over the next twenty years. The areas included in the Bend MPO that lie outside of the UGB include the unincorporated

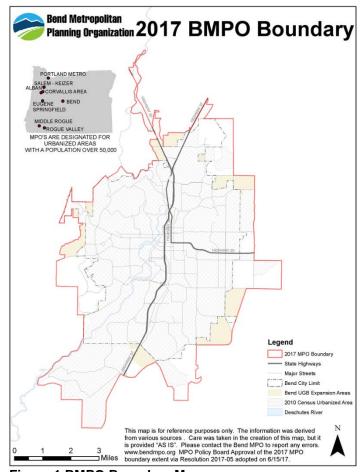

Figure 1 BMPO Boundary Map

community of Tumalo, the area generally described as Deschutes River Woods and the Woodside Ranch area to the south, an area east of the UGB from Stevens Road to Butler Market Road, and an area located northeast of the UGB (Juniper Ridge area).

Federal legislation and regulations for MPOs includes direction for the following goals:

- Develop and maintain a Metropolitan Transportation Plan (MTP), the 20-year transportation plan for defining transportation improvement strategies and policies for the MPO area;
- Develop and maintain a Metropolitan Transportation Improvement Program (MTIP), which identifies project scopes, budgets and timing for delivery within the MPO over the upcoming 4 years;
- Coordinate transportation decisions among local jurisdictions, state agencies, and area transit operators;
- Develop an annual work program; and

 Involve the general public and all the significantly affected sub-groups in the functions listed above.

In addition to meeting federal requirements, MPOs often have additional responsibilities under state law. In Oregon, cities and counties within MPOs have additional growth management and land use planning requirements. For more details or past budget materials visit the Bend MPO web page at www.bendoregon.gov/mpobudget.

Bend MPO Activity Reductions or Deferrals

Federal funding of MPO Planning Funds (PL) and Federal Transit Administration Funds (FTA 5303) to the Bend MPO decreased for several years, and then began increasing slightly in FY 2016-17. Funding in FY 2019-20 has surpassed the 2012-13 funding levels. The population for the Bend MPO has increased by 16% since the 2012-13 funding period. Population is the main determination for allocation PL and FTA 5303 funding allocation to the Bend MPO.

| FY | PL/Match | 5303 | Total | |
|---------|-----------|----------|-----------|---|
| 2010-11 | \$164,241 | \$42,841 | \$207,082 | |

Figure 2 Historical Federal Funding for MPO Planning Funds (PL)

The Policy Board has authorized use of some Surface Transportation Block Grant (STBG) funds to maintain the MPO budget. These authorized funds will go toward MPO staffing to hire a 0.6 FTE Limited Term Senior Planner, the MTP update, the US97 Bend Parkway Facility Plan, and the Deschutes County Intelligent Transportation System (ITS) Plan update. Other priorities may be delayed to ensure resources are available to complete the update to the MTP, including:

- Reduced MPO generated public outreach such as newsletters or extensive website updates
- Reduced participation in intergovernmental meetings
- Local project grant application assistance deferred to local agency staff
- Data analysis for various local projects deferred to local agency staff

If additional funding were available, the MPO would participate in and potentially provide funding for the following activities:

- Increasing staffing levels from 2.1 to 3 FTE
 - Convert .6 Limited Term Senior Planner hired in February 2019 to full time or regular
 - Half time program coordinator to full time with MPO, currently funded 50% by the City of Bend Growth Management department
- Providing additional support on the many planning projects underway within the MPO area
- Implementation of planning efforts identified in the MTP

MPO Coordination Role

Most MPOs are not the actual implementing agencies for projects but must provide an overall coordination role in planning and programming funds for projects and operations. Because the Bend MPO boundary includes lands within the Bend UGB and areas just beyond, the coordinated planning efforts are primarily between the City of Bend, Cascades East Transit (CET), Deschutes County and Oregon Department of Transportation (ODOT). This coordination is already occurring as each agency works within the realm of state requirements for transportation and land use planning and updating their respective planning documents. Nonetheless, the coordinated planning currently taking place is typically done on a project-by-project basis between staff,

planners and engineers. The Bend MPO Policy Board, comprised of three City Councilors, one County Commissioner and one representative from ODOT, is able to aid in setting transportation planning policies for each jurisdiction as coordinated through Bend MPO efforts. For example, as the City of Bend begins to implement the UGB adopted in 2016, a coordinated transportation planning effort will be vital to provide a transportation system that serves City residents as well as outlying residents who rely on Bend for a multitude of services.

Funding Support to the Bend MPO

Funding for the work of the Bend MPO is provided by the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and ODOT. FHWA and FTA allocate Metropolitan Planning funds and 5303 funds through ODOT to all MPOs in Oregon using an agreed upon formula. These funds require a local match. ODOT has traditionally met the FHWA match requirement with State funds. Match for the FTA funds is provided through in-kind staff support from the City of Bend and CET.

In recent years, the Bend MPO Policy Board has also allocated a small percentage of its discretionary federal Surface Transportation Block Grant funds to support the Bend MPO planning program. These funds require a 10.27% match. This funding is typically provided by the City of Bend with in-kind staff time and coordination with contracts for concurrent planning updates such and the TSP and MTP updates using the same analysis for planning. Additional future support for Bend MPO planning projects could come from state or federal grant programs (e.g. ODOT Traffic Records Coordinating Committee grants, Transportation and Growth Management Program grants or ODOT Public Transit grants).

Bend MPO staff will continue to work with ODOT Transportation Planning Analysis Unit (TPAU) staff through the annual Unified Planning Work Program (UPWP) process to assess travel model needs for the upcoming fiscal year and beyond. Actual ODOT funding commitments are finalized through specific agreements. The BMPO will apply for and otherwise obtain these funds. BMPO and their subcontractors will carry out the tasks described in this Budget.

FY 2019-20 Budget and Work Program

The Bend MPO is required to develop an annual work program that identifies all transportation and related planning activities that will be undertaken within the Bend MPO area during the project year from July 1, 2019 to June 30, 2020. This work program is known as the Unified Planning Work Program (UPWP). The FY 2019-20 UPWP contains four major work tasks. Those tasks and budgets are briefly described on the following pages. Further information on specific work tasks is available in the UPWP at http://www.bendoregon.gov/mpobudget

Task 1: Bend MPO Development and Program Management

Task 1 involves the coordination of all MPO activities necessary for daily operations, including program administration, coordination of the Bend MPO advisory committees, public involvement efforts, financial management, the Oregon Metropolitan Planning Organization Consortium (OMPOC) annual meeting in Bend, development of the annual work program and budget, and participation in statewide planning efforts

The funding sources for Task 1 are listed below:

| Task One | |
|--|---------------|
| FHWA PL Funding₁ | \$ 80,000 |
| FTA 5303 | 3,000 |
| State Match for FHWA PL | 18,783 |
| In-Kind Local Match | 4,136 |
| Beginning Working Capital ₂ | 70,000 |
| Loan from General Fund₃ | 100,000 |
| Total Task 1 ₄ | \$ 275,919 |
| Percent of Total Budget | 36% |

¹ FHWA PL Funding: FHWA Metropolitan Planning Funds

Task 2: Short Range Planning

This task covers short-term activities including: STBG project programming, local technical assistance, participating on local, regional and statewide project committees, development and maintenance of the Metropolitan Transportation Improvement Program and development of the Annual Obligated Funding report.

The funding sources for Task 2 are listed below:

| Task Two | |
|-------------------------|---------------|
| FHWA PL Funding | \$ 18,000 |
| FTA 5303 Funding | 12,000 |
| STBG Funding | 100,000 |

| Total Task 2 | \$ 141,502 |
| Percent of Total Budget | 19% |

² Beginning Working Capital from City loan received on June 30, 2019.

³ Grant reimbursement revenues are typically received 1-2 months after expenditures are incurred and a year-end loan from the City of Bend is anticipated on June 30, 2020 to cover charges in advance of grant reimbursement.

⁴ The Task 1 budget also includes administrative costs (financial administration, general administration, facility management, computer information systems support and legal support), direct material and services (supplies, travel, printing), and paid leave (holidays, vacation and sick leave).

Task 3: Long-Range Planning

Task 3 will include an update to the MTP, development of the US 97 (Bend Parkway) Facility Plan, update to the Deschutes County ITS Plan, and participating in the process to update the CET Regional Public Transportation Plan. The MTP must be updated every five years to comply with federal requirements. The next update is due by September 2019.

The funding sources for Task 3 are listed below:

| Task Three | | | | | | | |
|-------------------------|----|---------|--|--|--|--|--|
| FHWA PL Funding | \$ | 66,105 | | | | | |

| Total Task 3 | \$ | 256,861 | | | | | |
| Percent of Total Budget | | 34% | | | | | |

Task 4: Travel Demand Modeling and Data Collection/Analysis

The primary focus of this task is development and maintenance of the travel demand model and data collection and analysis. Staff will also establish a data and file management structure for all model-related files. Several non-MPO led projects (e.g. corridor studies, modernization projects, land use planning studies) are typically under way in the Bend MPO study area. To varying degrees, these projects all make use of the travel demand model. The travel demand model may be used to assess scenarios reflecting land use and transportation alternatives. In FY 2019-20, MPO staff will collect and organize updated crash data from ODOT (to include vehicle, bicycle and pedestrian crashes), update the safety report, and continue to provide data support and assistance with development of crash analyses. This information will be used to address the federal safety performance measures, prioritize projects and seek funding for safety projects. Additionally, the MPO manager is serving on the Executive Committee of the Oregon Modeling Steering Committee and multiple subcommittees.

The funding sources for Task 4 are listed below:

| Task Four | | | | | | | |
|-------------------------|----|--------|--|--|--|--|--|

Significant Budget Changes from the Previous Year

Bend MPO Policy Board approved STBG funding to add a 0.6 Limited Duration (LD) Senior Planner (3 days/week). This budget continues this funding for FY 2019-20. The FTA 5303 funds were reduced by \$15,000 to allow Cascades East Transit (CET) to pool these funds with a statewide effort to perform a federal requirement for a Transit Safety Plan. Each MPO in Oregon that serves a small transit agency was approached to fund this project. Most MPOs are contributing to this effort if the transit agency did not have the funding available.

Financial Polices

The Bend MPO relies on the federal framework for handling and distributing funding. This framework is detailed under Title 23 (Highways) and Title 49 (Transit) of the Code of Federal Regulations.

23 CFR Section 420.117 details the requirement to show budgeted (approved) amounts and actual costs incurred

Part 450 of 23 CFR Chapter 1, Subchapter E and Part 613 of 49 CFR detail the requirements for metropolitan transportation planning and programming process.

Description of Line Item Budget

The line item budget for 2019-20 is shown on the following table ("Figure 5") and, for some budget lines, described below.

Beginning Working Capital (Figure 5, line 1)

Beginning Working Capital at July 1, 2019 is available due to a temporary \$70,000 loan from the City of Bend expected on June 30, 2019.

Federal Pass-through Grant - ODOT (Figure 5, 2)

The funding sources referenced as FHWA PL, FTA Section 53030 and STBG – MPO planning are included in the federal pass through line item detail.

City of Bend In-kind Match (Figure 5, line 7)

The grant mandated match for FTA and STBG funds is provided by the City of Bend Growth Management Director and additional staff in the Growth Management Department as an in-kind match. Hard match for project costs from combining contracts to complete the MTP and Bend Transportation System Plan (TSP) are also listed in this line.

Personnel Services (Figure 5, line 36)

Personnel services include the salaries and other associated costs for the dedicated MPO staff members. The 2019-20 budget assumes 2.1 full time equivalents (FTE). 1.0 for the MPO Manager, 0.5 for the Program Coordinator and 0.6 for the LD Senior Planner.

Current monthly salary ranges for these positions are listed below (the salaries listed below reflect those for full time employees). New salary ranges will be established on July 1, 2019.

MPO Manager: \$6,682 to \$8,679

Program Coordinator: \$4,560 to \$5,819

Senior Planner: \$5,811 to \$7,546

Professional Services – Other (Figure 5, line 37)

The 2019-20 budget includes charges for administrative support from several City of Bend departments. Description of services proved are included below.
