

2019 – 2023 CONSOLIDATED PLAN GOALS

WHY ARE WE HERE?

HOW GOALS WERE FORMED / OUTREACH

- Fair housing survey (jointly with Redmond) 750+ responses from region
- Con Plan survey (public online survey) 500+ responses
- City's statistically valid Community Survey
- Two meetings with disability community: COBACC and COCA
- Public comment from AHAC meetings (including HB 4006 Rent Burden Meeting in Dec.)
- Public comment from Council meetings
- Meetings with the public (including Open House meetings)
- BEDAB meeting(s)
- Consultation with specific partners: County, Central Oregon Health Council, Mosaic, NeighborImpact (as the Continuum of Care), Housing Works (as housing authority), various State departments (OHA, OHCS, DLCD, Regional Solutions, etc.)
- Committee member recommendations
- Council efforts
- UGB expansion docs (policy framework, BLI, HNA)
- Service provider consultations: NeighborImpact Emergency Services, NeighborImpact HomeSource, Bethlehem Inn, Latino Community Association, Deschutes County Behavioral Health, Volunteers in Medicine, St. Vincent de Paul, Thrive Central Oregon, Grandma's House, Legal Aid Services of Oregon, Cascade Youth and Family Center, Central Oregon Veterans Outreach, and Oregon Housing Opportunities in Partnership Program

Affordable Rental Housing Production & Preservation

- Produce and preserve rental affordable housing through creation of new rental units, providing any land available for development of rental units, and obtaining rental units to keep them affordable.

Provide Support to Necessary Public Services

- Provide assistance to necessary and prioritized public services, including material, structural and staff support as needed. Increase community capacity for Permanent Supportive Housing a “Housing First” model programs.

Affordable Homeownership Production and Preservation

- Produce and preserve owner occupied affordable housing through creation of new homes, providing any land available for development of new homes, and obtaining homes to keep them affordable.

Assist Homeless with Shelter and Services

- Increase the number of homeless shelter units and transitional housing units, while preserving and enhancing existing facilities, and provide services the homeless population. Increase the community capacity to provide a low-barrier emergency facility where individuals with certain criminal convictions and addictions can have shelter.

Infrastructure Improvements Including Child Care Facilities

- Development of infrastructure, particularly in conjunction with affordable housing development or for economic development in low to moderate-income neighborhoods. An additional focus area includes increasing the number and capacity of child care facilities through public infrastructure improvements.
