Bend Metropolitan Planning Organization Policy Board

A RESOLUTION ADOPTING THE BUDGET FOR THE FISCAL YEAR 2022-23

THE BEND METROPOLITAN PLANNING ORGANIZATION DOES RESOLVE AS FOLLOWS:

To adopt the fiscal year 2022-23 budget as approved by the Budget Committee pursuant to ORS 294.900 to 294.930, and;

That the amount for the fiscal year beginning July 1, 2022, for the purpose shown below, is hereby appropriated as follows:

Metropolitan Planning Organization (MPO) Fund		
MPO Program	\$	1,006,000
COVID Relief Program	\$	1,500,900
Total Program	\$	2,506,900
Contingency		100,000
Total Requirements	\$	2,606,900

Adopted by the Bend Metropolitan Planning Organization on the 19th day of April, 2022.
Yes: <u>3</u> No: <u>0</u> Abstain: <u>0</u>
Authenticated by the Chair this 19th day of April, 2022.
Barb Campbell
Barb Campbell, Chair
Attest:

Tyler Deke, MPO Manager

Budget Message

The Bend Metropolitan Planning Organization (MPO) budget document provides information about the priorities the Bend MPO Policy Board has set to be accomplished during the upcoming 2022-2023 fiscal year and includes information about the day-to-day activities performed by the Bend MPO. The Budget is foremost a financial plan, providing a numerical road map that matches resources available with the spending priorities established through policy direction and goals established by the Bend MPO Policy Board.

Bend MPO Overview

Based on the results of the year 2000 U.S. Census, the Bend Urbanized Area exceeded 50,000 population. This population threshold resulted in the establishment of the Bend MPO. The Code of Federal Regulations (Title 23, part 450) requires that an MPO be designated for the area to conduct a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs that consider all transportation modes and supports community development and social goals.

The Bend MPO boundary includes the area within the City of Bend Urban Growth Boundary (UGB), other areas designated as urbanized areas by the 2010 Census as well as areas that may be annexed into the City to accommodate growth and anticipated development over the next twenty years. The areas included in the Bend MPO that lie outside of the UGB include the unincorporated community of Tumalo, the area generally described as Deschutes River Woods, and the Woodside Ranch area to the south, an

area east of the UGB from Stevens Road to Butler Market Road, and an area located northeast of the UGB (Juniper Ridge area).

Federal legislation and regulations for MPOs include direction for the following goals:

- Develop and maintain a Metropolitan Transportation Plan (MTP), the 20-year transportation plan for defining transportation improvement strategies and policies for the Bend MPO area;
- Develop and maintain a Metropolitan Transportation Improvement Program (MTIP), which identifies scopes, budgets, and timing for projects to be delivered within the Bend MPO over the upcoming 4 years;
- Coordinate transportation decisions among local jurisdictions, state agencies, and area transit operators;
- Develop an annual Unified Planning Work Program (UPWP); and

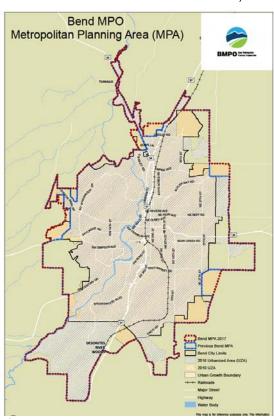

Figure 1: Bend MPO Boundary Map

 Involve the public and all significantly affected sub-groups in the functions listed above.

In Oregon, cities and counties within MPOs have additional growth management and land use planning requirements. For more details or past budget, materials visit the Bend MPO web page at www.bendoregon.gov/mpobudget.

MPO Coordination Role

Most MPOs are not the implementing agencies for projects. MPOs provide an overall coordination role in planning and programming funds for projects and operations. Because the Bend MPO boundary includes lands within the Bend UGB and areas just beyond, the coordinated planning efforts are primarily between the City of Bend, Cascades East Transit (CET), Deschutes County, and the Oregon Department of Transportation (ODOT). This coordination is already occurring as each agency works within the realm of state requirements for transportation, land use planning, and updating their respective planning documents. Nonetheless, coordination often only occurs on a project-by-project basis between staff, planners, and engineers. The Bend MPO Policy Board is comprised of three City Councilors, one County Commissioner, and one representative from ODOT. The Bend MPO Policy Board can aid in setting transportation planning policies and priorities for each jurisdiction as coordinated through Bend MPO efforts. For example, as the City of Bend begins to implement the Transportation System Plan (TSP), a coordinated planning effort will be vital to provide a system that serves City residents as well as outlying residents who rely on Bend for a multitude of services.

Bend MPO Major Transportation Planning Activities for Fiscal Year (FY) 2022-23

The Bend MPO Unified Planning Work Program (UPWP) document provides additional details in Figure 2. This includes deliverables and coordinating agencies. The adopted FY 2021-22 and Draft FY 2022-23 UPWP documents are available at www.bendoregon.gov/mpobudget. There is a 21-day public notice period for the draft UPWP.

Census 2020	 MPO boundary adjustments Updates to federal road classifications Metropolitan Planning (PL) and FTA 5303 funding distribution updated formula 	City of BendDeschutes CountyODOT	Dates to be determined

Bend MPO Activity Reductions or Deferrals

Over the past decade, federal funding (FHWA PL and FTA 5303) to the Bend MPO has fluctuated, including funding decreases in some years. Even in years of increased funding, the funding needed for the Bend MPO work program has exceeded available funding. To maintain the Bend MPO budget, the Policy Board has authorized use of Surface Transportation Block Grant (STBG) funds which are included in the 2021-2024 MTIP. These STBG funds are identified to support increased staffing and to support

specific planning projects. The Bend MPO is the only non-Transportation Management Area (TMA) in Oregon that uses some of its STBG funding to support planning projects. These funds have been used for the MTP update, the US97 Bend Parkway Facility Plan, the Deschutes County Intelligent Transportation System (ITS) Plan update, the Transportation Safety Action Plan and for Bend MPO staffing. To account for these funding fluctuations and increasing workloads, some work items may be delayed or altered to ensure resources are available to complete priority projects. Each year, the budget document will rely on strategic priorities to balance a growing workload due to the growth in our region and fluctuating funding levels.

If additional funding were available, the Bend MPO would participate in and potentially provide funding for the following activities:

- Data analysis for various local projects and performance measures
- Expanded and enhanced public engagement options for ongoing and specific MPO work items
- Accelerate work on expected work items identified in the MTP
- Providing additional support for current and upcoming planning and analysis projects underway within the MPO area
- Geographic Information System (GIS) transportation data development and enhancement

ODOT Funding Support to the Bend MPO

Funding from FHWA, FTA, and ODOT supports the Bend MPO planning program. FHWA allocates Metropolitan Planning (FHWA PL0 funds through ODOT to the Bend MPO) by a formula that consists of 89.73% federal funds and 10.27% local match. ODOT has traditionally met the local match requirement (10.27%) with state planning funds. Additional Bend MPO support comes from FTA 5303 planning funds and Bend MPO member in-kind support. Additional future support for Bend MPO planning projects could come from state or federal grant programs (e.g. ODOT Transportation Safety Division, Transportation and Growth Management Program).

Bend MPO staff will continue to work with the ODOT Transportation Planning Analysis Unit (TPAU) through the annual UPWP process to assess travel model needs for the upcoming fiscal year and beyond. Additionally, the Bend MPO will continue to expand consultant support services for travel modeling support. Such an agreement intends to reduce work demands on MPO and TPAU staff. These agreements may need to be processed through ODOT or utilize the STBG Fund Exchange program.

Actual ODOT funding commitments are finalized through specific Intergovernmental Agreements (IGA). Bend MPO and its subcontractors will carry out the tasks described in this UPWP.

Bend MPO Work Summary for FY 2021-22

Listed below are some of the tasks completed or started by the Bend MPO in FY 2021-22 as well as some projects that included significant Bend MPO involvement.

Tasks Completed FY 2021-22

- ✓ Annual Listing of Obligated Funds report
- √ 2021-24 MTIP maintenance
- ✓ Title VI annual report
- ✓ Refined STBG funding distribution process
- ✓ Updates and edits to the Bend MPO web pages
- ✓ Transportation Safety Action Plan implementation phase 1
- ✓ Mobility Hubs Feasibility Study
- ✓ Development of 2019 travel model scenario
- ✓ Development of 2019 peak season travel model scenario
- ✓ Multi-modal volume count collection and summary reports
- ✓ Coordination with ODOT Research Division for Non-Motorized Travel Activity Estimation and Crash Analysis in Bend MPO
- ✓ US97 Bend Parkway Facility Plan (ODOT led process, Bend MPO was a funding partner, process used Bend MPO TAC and Policy Board)
- ✓ Public Participation Plan update
- ✓ US97 North Interchange Study
- ✓ US97/Baker Road Interchange Area Management Plan (project started December 2020)

Tasks Underway FY 2021-22 and continuing in FY 2022-23

- Mobility Hubs Study
- Bend Transportation Safety Action Plan Implementation phase 2
- US20 Facility Plan (ODOT led process, process is using Bend MPO TAC and Policy Board)
- Coordination with City of Bend staff on implementation of a multi-modal count program
- Coordination with ODOT to consider data warehousing options (ODOT led project)
- Serve as the small MPO representative on the Executive Committee of the Oregon Modeling Statewide Collaborative, and serve on the Policy Committee, Technical Tools Subcommittee, Modeling Program Coordination Subcommittee, Climate Change subcommittee, Travel Survey Subcommittee, and Emerging Technologies workgroup
- Bend MPO representation on various transportation-related committees/groups
- Transportation modeling support: land use development, plans, and projects

FY 2022-23 Budget and Work Program

The Bend MPO is required to develop an annual work program (officially known as the Unified Planning Work Program [UPWP]) that identifies all transportation and related planning activities that will be undertaken within the Bend MPO area during the project year from July 1, 2022 to June 30, 2023. The UPWP and Budget document are prepared and revised in tandem. The FY 2022-23 UPWP contains five major work tasks. Those tasks and budgets are briefly described on the following pages. More detailed information is available in the Draft FY 2022-23 UPWP at http://www.bendoregon.gov/mpobudget

MPO Program

Task 1: Bend MPO Development and Program Management

Task 1 involves the coordination of all Bend MPO activities necessary for daily operations, including program administration; coordination of the Bend MPO committees; public involvement efforts; financial management; Oregon Metropolitan Planning Organization Consortium (OMPOC) annual meeting in Bend, and attendance in other cities; development of the annual work program and budget; and participation in quarterly meetings of MPO, ODOT, and FHWA staff.

The funding sources for Task 1 are listed in the following table:

Task One	
FHWA PL Funding	\$ 101,200
State Match for FHWA PL	13,500
FTA 5303 Funding	12,900
STBG - UPWP	195,700
In-Kind Local Match - UPWP1	23,900
Loan from General Fund ²	100,000
Total Task 1	\$ 447,200
Percent of MPO Program ³	40.4%

¹ In-Kind Local Match – UPWP refers to the in-kind match required for FTA 5303 and STBG – UPWP funding included in the UPWP ODOT/MPO Intergovernmental Agreement. In-Kind match sources are listed in each subtask in the draft UPWP. ² Grant reimbursement revenues are typically received 1-2 months after expenditures are incurred and a year-end loan from the City of Bend is anticipated on June 30, 2023, to cover charges in advance of grant reimbursement. ³ The Task 1 budget also includes administrative costs (financial administration, general administration, facility management, computer information systems support and legal support), direct material and services (supplies, travel, printing), and paid leave (holidays vacation, and sickleave).

Task 2: Short Range Planning

This task covers short-term activities including; Surface Transportation Block Grant (STBG) project programming, participating in local, regional, and statewide project

committees, development and maintenance of the MTIP, and development of the Annual Obligated Funding report. The funding sources for Task 2 are listed below:

Task Two	
FHWA PL Funding	\$ 21,100
State Match for FHWA PL	2,400
FTA 5303 Funding	20,600
STBG - UPWP	53,400
In-Kind Local Match - UPWP	8,500
Total Task 2	\$ 106,000
Percent of MPO Program	9.6%

Task 3: Long-Range Planning

Task 3 includes work to develop a schedule to implement actions and additional planning work identified in the MTP (e.g. corridor or area studies), development of the US20 Refinement Plan, development of the US97/Reed Market Rd interchange area plan, developing a schedule to implement actions and additional planning work identified in the Deschutes County ITS Plan, implementing some of the non-engineering components of the Bend Area Transportation Safety Action Plan, completing the US97/Baker Road IAMP, completing the Bend Mobility Hubs Study, and active tracking and engagement in climate change related planning and rulemaking.

The funding sources for Task 3 are listed below:

Task Three	
FHWA PL Funding	\$ 21,100
State Match for FHWA PL	2,400
FTA 5303 Funding	12,900
STBG - UPWP	88,900
STBG - Fund Exchange ¹	100,000
ODOT Safety Funds ²	95,000
In-Kind Local Match - UPWP	11,600
ODOT Safety Local Match ³	19,000
Total Task 3	\$ 350,900
Percent of MPO Program	31.7%

¹ The STBG Fund Exchange program provides local agencies a flexible funding option for delivering transportation improvements. These funds are eligible for local procurement processes without being constrained by federal requirements of a certified fiscal agency.

Task 4: Modeling and Data Collection

This task is focused on the regional travel demand model and data collection, analysis, and development. Many non-MPO led plans and projects (e.g. corridor studies, capital projects, land use planning studies, and land use developments) are underway in the Bend MPO study area. To varying degrees, these projects all make use of the travel demand model. The travel demand model can be used to assess scenarios reflecting land use and transportation alternatives. The model geography extends to and includes the city of Redmond and some outlying areas.

MPO staff maintain multi-modal volume data (from the city of Bend and ODOT) and crash data (from ODOT). MPO staff will continue to provide data support and assistance to agency partners. ODOT is leading an effort to develop a regional data warehouse. The MPO will continue to be actively engaged in that effort.

Additionally, the Bend MPO manager serves on the Executive Committee of the Oregon Modeling Statewide Collaborative and several of its subcommittees.

² ODOT Safety Funds are carried over from FY 2021-22 for safety work as identified in Task 3 of the draft UPWP.

³ODOT Safety Funds require a 20% in-kind match.

The funding sources for Task 4 are shown in the following table:

Task Four				
FHWA PL Funding	\$ 25,300			
State Match for FHWA PL	1,000			
STBG - Fund Exchange ¹	150,000			
STBG - UPWP	17,800			
FTA 5303 Funding	5,200			
In-Kind Local Match - UPWP	2,600			
Total Task 4	\$ 201,900			
Percent of MPO Program	18.2%			

¹ The STBG Fund Exchange program provides local agencies a flexible funding option for delivering transportation improvements. These funds are eligible for local procurement processes without being constrained by federal requirements of a certified fiscal agency.

COVID Relief Program

Task 1: COVID Relief Program

The Bend MPO received \$1,500,900 from the Coronavirus Response and Relief Supplemental Appropriations Act Funds. These funds are included as the beginning working capital for FY 2022-23.

The funds will be directed to local jurisdictions through an interagency transfer and will be processed through a public process with Bend MPO Policy Board deliberations and decisions. The Bend MPO TAC and Policy Board will develop a process to allocate these funds in FY23.ODOT received COVID relief funding for Oregon Counties, Cities, and MPOs and allocated them through an existing formula based on population and other factors.

Visit this link for more detail: https://www.oregon.gov/odot/STIP/Pages/COVID_Relief_Funding.aspx

Task One					
COVID Relief Funding	\$	1,500,900			

Summaries of the FY 2022-23 Budget are shown with the following figures.

Figure 3: Budget Summary Table

	Fiscal Year 20	22-23 Budget Summary		
Resources			Requirements	
Beg. Working Capital/COVID Relie	ef			
Funding ¹	1,500,900	By Budget Category (Rounded):		
FHWA PL ²		MPO Program	\$	1,006,000
Federal Share	168,700	Loan Repayment		-
FTA Section 5303	51,600	Contingency		100,000
STBG - UPWP	355,800	COVID Relief Program		1,500,900
STBG - Fund Exchange ³	250,000			
ODOT Safety Funds	95,000			
		Total Budgeted Appropriations	\$	2,606,900
Total Grant Funding	\$ 2,422,000			
		By Task:		
FHWA PL ²		MPO Program		
State Match	19,300	Task 1: Dev. & Program Management	\$	447,200
FTA Local Match ⁴	6,000	Task 2: Short Range Planning		106,000
STBG Local Match - UPWP4	40,600	Task 3: Long Range Planning		350,900
ODOT Safety Local Match4	19,000	Task 4: Modeling and Data Collection		201,900
Total Match Funding	\$ 84,900	COVID Relief Program		
		Task 1: COVID Relief Funding		1,500,900
City of Bend Loan	100,000	Total Program	\$	2,606,900
Total Budgeted Resources	\$ 2,606,900	Total Budgeted Requirements	\$	2,606,900

¹ COVID Relief Program funding is a one-time allocation based on the Highway Infrastructure Programs - Coronavirus Response and Relief Supplemental Appropriations Act, 2021. This funding is considered beginning working capital due to being received in FY 2021-22. There are no match requirements for these funds. See COVID Relief Program, Task One in the UPWP for additional information.

² The FHWA PL funds are awarded at 89.73% with a requirement for a 10.27% local match. ODOT provides this match requirement with State funds under the ODOT-MPO annual funding agreement.

³ The STBG Fund Exchange program provides local agencies a flexible funding option for delivering transportation improvements. These funds are eligible for local procurement processes without being constrained by federal requirements of a certified fiscal agency.

⁴Local match for the FTA, ODOT Safety Division and STBG-Federal Funds can be provided as hard match or through "in-kind" services. It is anticipated that the local match requirement will be met through in-kind services from local agency staff and project collaboration. See line 4 of Resources for the match estimate from the Local Partners In-Kind Match in the Line Item Budget, Figure 6.

Figure 4: Requirements by MPO and COVID Relief Programs Chart FY 2022-23

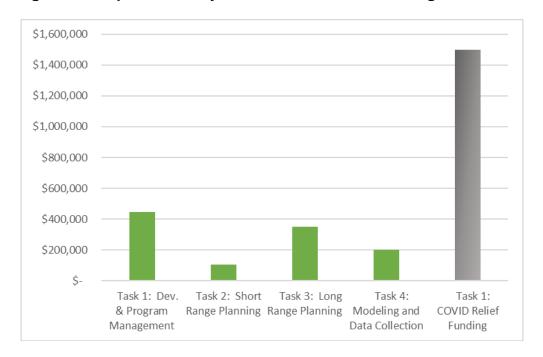

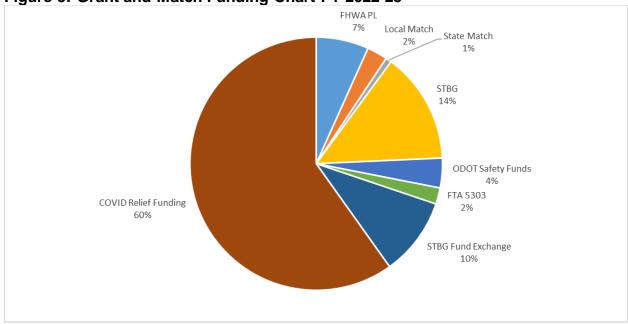

Figure 5: Grant and Match Funding Chart FY 2022-23

Significant Budget Changes from the Previous Year

Resources in Beginning Working Capital (*Figure 6, Line 1*) include state funds from COVID-19 Relief Funding. In 2021, the Oregon Transportation Commission (OTC) allocated COVID-19 Relief Funding under an existing federal fund share agreement between ODOT, the Association of Oregon Counties, and the League of Oregon Cities. In this allocation process, Bend MPO received approximately \$1,500,900 in state funds. COVID Relief funding is a one-time allocation based on the Highway Infrastructure Programs - Coronavirus Response and Relief Supplemental Appropriations Act, 2021. The appropriation of these federal funds was directed to ODOT. These funds were allocated to local governments and state programs by action of the Oregon Transportation Commission in March 2021. https://www.oregon.gov/odot/Get-Involved/OTCSupportMaterials/Agenda H COVID-19 Relief Funding Ltr.pdf

Resources (*Figure 6, Line 2*) include ODOT Safety Division funding to implement non-infrastructure action items addressed in the Transportation Safety Action Plans for Bend and Deschutes County. This grant was awarded in FY22 and no funds were expended in FY22. The grant funding is expected to continue through the first quarter of FY 2022-23 ending by 9/30/2023. The Bend MPO may request to extend the funds until 9/30/2024. Additional details about this project are provided at www.bendoregon.gov/transportationsafety.

Loan Repayment (Figure 6, Line 51)

Loan repayment for FY23 does not apply. The COVID Relief Funds were carried over from FY22. These funds in the Bend MPO budget eliminate the need for the year-end loan to cover expenses reimbursed after the year-end closes.

COVID Relief Interagency Transfer (Figure 6, Line 51)

Bend MPO Policy Board will discuss, deliberate, and transfer these funds in FY23 as determined to meet the needs of the community within the intent of the funds. These decisions will be made in public meetings with an opportunity for community comment. To follow this process, sign up to receive Bend MPO Policy Board meeting materials at www.bendoregon.gov and subscribe to e-news.

Financial Policies

The Bend MPO relies on the federal framework for handling and distributing funding. This framework is detailed under Title 23 (Highways) and Title 49 (Transit) of the Code of Federal Regulations. 23 CFR Section 420.117 detail the requirement to show budgeted (approved) amounts and actual costs incurred. Part 450 of 23 CFR Chapter 1, Subchapter E and Part 613 of 49 CFR detail the requirements for metropolitan transportation planning and programming process.

Description of Line Item Budget

The line-item budget for FY 2022-23 is shown in Figure 6. Descriptions for significant budget lines are provided below.

Beginning Working Capital (Figure 6, line 1)

Beginning Working Capital on July 1, 2022, is available due to receipt of COVID Relief Funds.

Federal Pass-through Grant - ODOT (Figure 6, Line 2)

The funding sources referenced as FHWA PL, FTA Section 5303, STBG, and ODOT Safety Funds – MPO planning is included in the federal pass-through line item detail.

Bend/Deschutes County In-Kind Match (Figure 6, line 4)

The required match for FTA 5303 and STBG federal funds is provided by the City of Bend and other jurisdictions within the MPO as an in-kind match. Other match sources may be from project costs from combining contracts to complete the local projects in collaboration with the MPO and our partners. ODOT Safety Division Funding requires a match that is provided by the City of Bend, Deschutes County, and other partners involved in the grant project.

Personnel Services (Figure 6, line 30)

Personnel services include the salaries and other associated costs for the dedicated MPO staff members. The FY 2022-23 budget assumes 2.8 full-time equivalents. 1.0 for the MPO Manager, 1.0 for the Program Coordinator, and 0.8 for the Senior Planner. Current monthly salary ranges for these positions are listed below (the salaries listed below reflect those for full-time employees in FY22).

MPO Manager: \$6,952 to \$9,030 Program Coordinator: \$4,828 to \$6,162 Senior Planner: \$6,046 to \$7,851

City of Bend Support, Interagency (Figure 6, line 38)

The FY 2022-23 budget includes charges for administrative support from several City of Bend departments. These charges are revised every two years as the City of Bend budget is updated. Descriptions of services provided are included below.

<u>Information Technology:</u> Provides general information technology support required by Bend MPO

<u>Facilities Management:</u> Provides support for ongoing facility maintenance in Bend MPO occupied space

<u>Administration and Human Resources:</u> General administrative support provided by the City

<u>Finance:</u> Financial support, including billing and collection of grant reimbursement requests, accounts payable, payroll, and coordination of the annual audit and budgeting process

Purchasing: Provides contracting and procurement services

Figure 6: Line Item Detail

¹ Line 1 represents the Beginning Working Capital for the MPO fund. For the proposed budget, the 2022-23 Beginning Working Capital is the amount of the COVID Relief funding.

² Line 5 represents the loan amount expected and/or received on June 30, 2023, of the fiscal year to cover reimbursements not received by the end of the fiscal year. Grant reimbursement revenues are typically received 1-2 months after expenditures are incurred.

Acronyms/Glossary

Bend MPO Bend Metropolitan Planning Organization, the federally designated regional transportation planning organization for Bend. When cities reach a population of 50,000 and meet population density requirements, MPOs are designated for those areas by the governor. The Bend Metropolitan Planning Organization represents a geographic area slightly larger than the City of Bend.

COACT Central Oregon Area Commission on Transportation, COACT was formed in 1998 to serve as a forum for the discussion, understanding, and coordination of transportation issues affecting the Central Oregon region. COACT membership includes representatives from each Central Oregon City and County government, ODOT, the Confederated Tribes of Warm Springs, the private sector and various regional organizations.

CET Cascades East Transit, Central Oregon's regional public transportation provider.

FHWA Federal Highway Administration, a division of the U.S. Department of Transportation that specializes in highway transportation. The Administration's major activities are grouped into two "programs": Federal-aid Highway Program; and Federal Lands Highway Program.

FHWA PL Metropolitan Planning Funds as defined by as the Metropolitan Planning Program. Review the FHWA fact sheet here: https://www.fhwa.dot.gov/bipartisan-infrastructure-law/metro_planning.cfm.

FTA Federal Transit Administration, a division of the U.S. Department of Transportation that administers the public transit funding programs.

FTA 5303 Planning funds used for MPO and state transit planning. These funds are sub-allocated by states to MPOs by a formula that considers each MPO's urbanized area population, their individual planning needs, and a minimum distribution. Review the FTA website here: https://www.transit.dot.gov/funding/grants/metropolitan-statewide-planning-and-nonmetropolitan-transportation-planning-5303-5304

FTE Full Time Equivalent, staffing levels are measured in FTE's to give a consistent comparison from year to year. In most instances an FTE is one full time position filled for the entire year, however, in some instances an FTE may consist of several part time positions.

FY Fiscal Year. For the purpose of this document, fiscal year is the state fiscal year from July through June.

GIS Geographic Information System

IAMP Interchange Area Management Plan is a long-term (20+ year) transportation facility plan for a highway interchange. This link is for the US97/Baker Road IAMP

project: https://www.oregon.gov/odot/projects/pages/project-details.aspx?project=US97BakerRd

IGA Intergovernmental Agreement, a formally adopted agreement between units of government that articulates the respective roles, duties and responsibilities of the agencies that are party to the agreement.

Intelligent Transportation System (ITS) Plan A plan that evaluates the region's information, communication and technology systems to determine future needs. The Plan focuses on technology to improve traffic flow and aims to provide an efficient, reliable and safe system for all modes of transportation in Deschutes County. MTIP Metropolitan Transportation Improvement Program, an MPO's Capital Improvement Program, which identifies project, budgets and timing for delivery within the MPO. Link to webpage:

https://www.bendoregon.gov/government/departments/bend-metro-planning-organization/plans-and-programs/mtip-and-annual-project-report

ODOT Oregon Department of Transportation is responsible for operating and maintaining Oregon's system of highways and bridges, public transportation services, rail passenger and freight systems, and bicycle and pedestrian systems. ODOT manages driver licensing and vehicle registration programs, motor carrier operations, and transportation safety programs.

OMPOC Oregon Metropolitan Planning Organization Consortium is comprised of all MPOs in the State of Oregon and provides a forum to address common needs, issues and solutions to transportation and land use challenges; provide recommendations for individual action of Oregon MPOs on issues of common interest; advocate for Oregon MPO policy, regulatory and funding interests at the state and federal level. http://www.ompoc.org

STBG Surface Transportation Block Grant Program, one of the major federal funding programs. Funding may be used for planning, roadway construction, transit capital projects, carpool projects, etc. The name of this program changed from Surface Transportation Program (STP) to STBG in 2016. Link to webpage: https://www.oregon.gov/odot/LocalGov/Pages/Funding.aspx

TAC Technical Advisory Committee advises the Bend MPO Policy Board. The committee is comprised of staff from local jurisdictions and includes two citizens. Link to webpage: https://www.bendoregon.gov/government/committees/mpo-technical-advisory-committee

Title VI The scope of this program is to ensure that transportation programs and services are accessible and provided uniformly, and to avoid adverse and disproportionate impacts by considering the populations impacted by transportation projects. https://www.bendoregon.gov/government/departments/bend-metro-planning-organization/plans-and-programs/public-participation-your-rights

TMA Transportation Management Area An urbanized area with a population over 200,000, as defined by the Bureau of the Census and designated by the Secretary of the U.S. Department of Transportation (DOT), is called a Transportation Management Area (TMA). TMAs must be certified by the Secretary of DOT as being in compliance with federal requirements.

TPAU The Oregon Department of Transportation (ODOT) Transportation Planning and Analysis Unit (TPAU) analyzes the long-range effects of transportation decisions on travel behavior, transportation system performance, land use and the economy, to help inform investment decisions at state, regional and local levels. TPAU provides essential analysis and technical support for other divisions and units within ODOT, as well as other public agencies and external customers.

TSP Transportation System Plan, a 20-year plan for transportation facilities that are planned, developed, operated and maintained in a coordinated manner to supply continuity of movement between modes, and within and between cities and counties. Link to Bend TSP Plan Page: https://www.bendoregon.gov/city-projects/transportation-system-plan

UGB Urban Growth Boundary, an officially adopted and mapped line that separates an urban area from surrounding rural lands. All cities in Oregon are required to have a 20-year supply of land for housing and employment in their Urban Growth Boundary. Link to Bend UGB Project Page:

https://www.bendoregon.gov/government/departments/growth-management/urban-growth-boundary-remand

UPWP Unified Planning Work Program, a federally required annual report describing the MPO's transportation work program and budget, and detailing the various local, state and federal funding sources that will be used. The FHWA and FTA rules are provided here: https://www.fhwa.dot.gov/legsregs/directives/fapg/Cfr450c.htm

Appendix A: Figure 6 Line Item Detail – Sized for Readability

Line No.	Account Description	FY21-22 Revised Budget	FY21-22 Actuals (as of 3/28/2022)	FY21-22 Year End Projection	FY22-23 Adopted Budget
