STIPENDS PAPERWORK

We need to have a wet signature on file in order for you to receive your stipends

CORE AREA ADVISORY BOARD

August 18, 2022

AGENDA

- Fill out Stipend Paperwork
 - Public Comment
- Midtown Crossings Update
 - Funding Priorities
 - Performance Metrics
 - City updates

WELCOME & INTRODUCTIONS

Roll Call

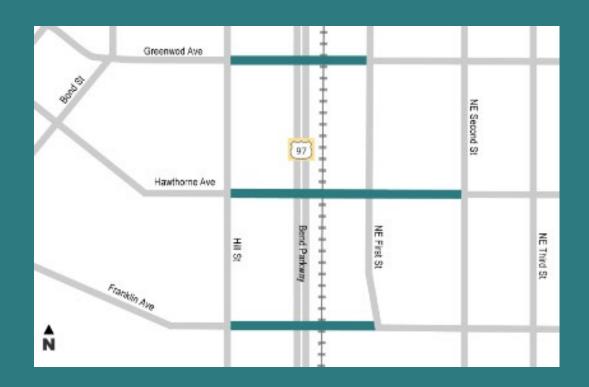

Approval of Minutes (from April)

PUBLIC COMMENT

Please use the Raise Hand function and you will be called on.

If you are on the phone:
*9 to raise your hand
*6 to mute/unmute

MIDTOWN PEDESTRIAN AND BICYCLE CROSSINGS FEASIBILITY STUDY

STUDY SCOPE OF WORK

Hawthorne

Greenwood

- Design features
- Constructability
- Property/street impacts
- Fatal Flaw Screening
- Public engagement and outreach
- ODOT and railroad coordination
- Implementation recommendations
 - Cost estimating

Franklin

Current Budget Prior and Proposed \$20,970,000 Current Funds Available* Transportation Construction CIP \$2,000,000 GO Bond \$12,970,000 Core Area TIF (Urban Renewal) \$6,000,000 Total Current Available Funds \$20,970,000

*Funding through grants, other sources (Infrastructure Investment and Jobs Act, etc), and additional synergy projects may be added as the project develops further.

PROJECT COST INFORMATION

Current Contracts	Amount				
Feasibility Study Contract (KPFF Consulting Engineers)	\$517,120				
Previously Approved Contracts	Amount				
None	\$0				
Future Contracts & Amendments	Amount				
	Amount TBD**				
Amendments					

^{**}Note that the cost of design and construction depend on the outcome of the feasibility study.

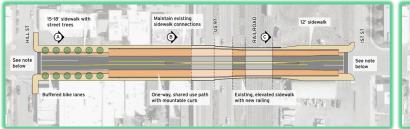

2022	2023	2024	2025	2026
Feasibility Study Contract Approva FEASIBILITY STUDY	I			
(Feb to Sep)	DESIC	GN*		
			CONSTR	UCTION*

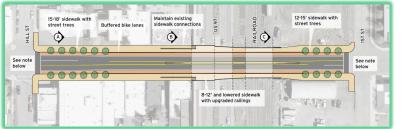

^{*}Exact dates for design and construction subject to feasibility study outcome.

Greenwood Avenue Undercrossing

Concept 1: Shared Use Path / 3 Lanes

Concept 2: Lower & Widen Sidewalks / 3 Lanes

Hawthorne Avenue Crossing

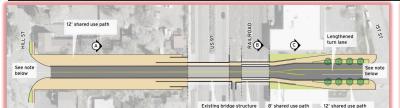

NW Hawthorne Ave: One-way westbound traffic - Two-way traffic - 5' Sidewalks

Concept 1: Straight Approach

Concept 2: Switchback Ramps / Franklin Avenue Undercrossing Maintain 4.5% Slope

Concept 3: Stair & Elevator Bridge Access / No Ramps

Lengthened See note below

Concept 1: Widen and Level East

Concept 2: Full Rebuild / Widen Undercrossing Opening

Access - Plaza

PUBLIC OUTREACH AND PARTICIPATION

☐ Open House Notifications:

- > Postcards mailed to 678 addresses and organizations in the project area
- > Flyers distributed directly to businesses and organizations in the area
- Project website
- > Earned media on television, radio, print and digital media outlets
- > Social media posts
- > E-mails to people who signed up for updates for Midtown events on COB events calendar

☐ Online Open House:

- ➤ English Language: June 13 July 5
 - o 123 people participated
- Spanish-language: June 13 July 17
 - 3 people participated
- ☐ Feedback received by e-mail: 6

☐ In-person Open House:

- English Language: June 22
 - o 80 people attended
- Spanish-language: Two events in July
 - 17 people attended

□ Key Themes and Takeaways

- Overall participant feedback & preference
 - Minor preference to Construct new Hawthorne Avenue Crossing (40%)
 - Improve existing Franklin Avenue undercrossing (32%)
 - Improve existing Greenwood Avenue Undercrossing (28%)
- Greenwood Avenue
 - Most in-person participants preferred Concept 2 (81%) Lower and Widen Sidewalk
 - No clear preference when combining online and in-person responses
- > Hawthorne Avenue
 - Overall excitement with the new crossing/bridge
 - Elevate Bend to a "new level as a sustainable, healthy, and people-forward city"
 - Most participants preferred Concept 1 (65%) Straight Approach
 - Strong concern with elevators (Concept 3) and ramp slope (Concept 1)
 - Ramp slope to be further evaluated during design phase, following survey collection

□ Key Themes and Takeaways

- > Franklin Avenue
 - Most in-person participants preferred Concept 2 (81%) Full Rebuild
 - Strong desire for protected bike lanes separated from traffic by bollards or railing
 - Concerns about ongoing maintenance of future improvements due to historic lack of maintenance (all 3 corridors)
 - Flooding in undercrossing
 - Snow and debris clearing

General

- Many participants showed high understanding of the project and the GO Bond
- Many participants expected more information such as funding estimates, traffic counts, and "road diet" impacts
- Some want to fix what they can now
- Some want to wait and "go big"

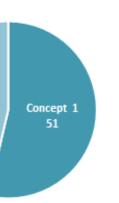

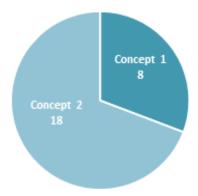

☐ GREENWOOD AVENUE

Which alternative design concept for the Greenwood Avenue under-crossing do you prefer?

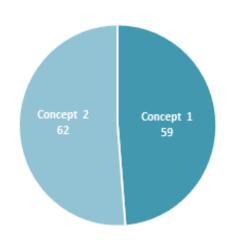

Greenwood Avenue Online Responses

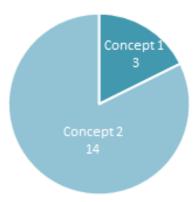

Greenwood Avenue In-Person Responses

Greenwood Avenue: All Responses

Greenwood Avenue Latinx Responses

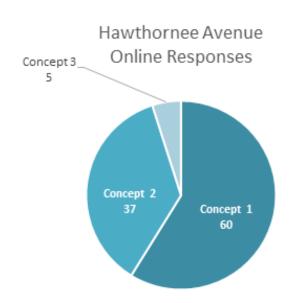

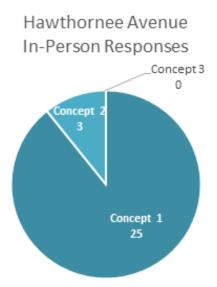

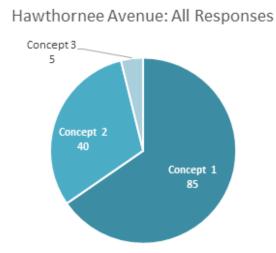

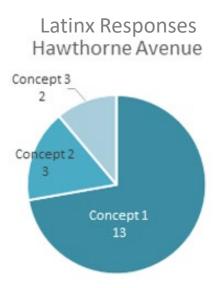

☐ HAWTHORNE AVENUE

Which Hawthorne Avenue design alternative do you prefer?

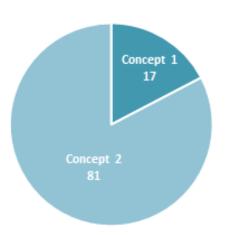

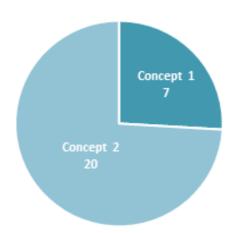

☐ FRANKLIN AVENUE

Which Franklin Avenue design alternative do you prefer?

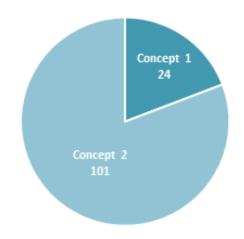

Franklin Avenue: Online Responses

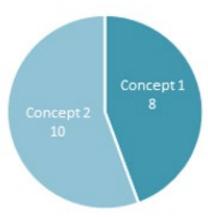

Franklin Avenue: In-Person Responses

Franklin Avenue: All Responses

Franklin Avenue Latinx Responses

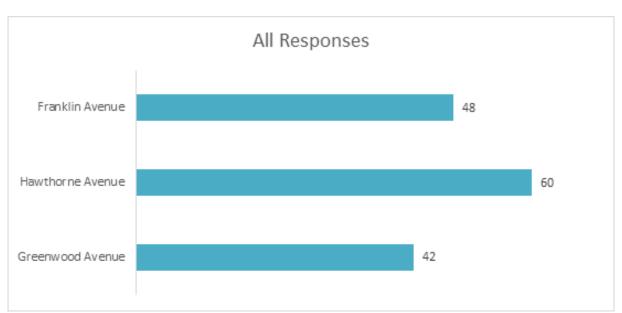

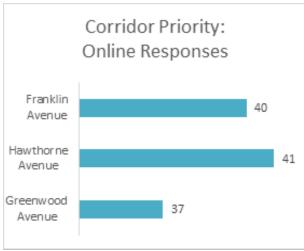

CORRIDOR PRIORITY

Which Midtown pedestrian and bicycle crossing corridor should we work on first?

MODIFICATIONS TO ALTERNATIVES

Greenwood Avenue

- Both Concepts
 - Future Consideration: Explore vertical separation for bicyclists, requires coordination with Emergency Services (EMS):
 - Collapsible bollards instead of the rolled curb.
 - Retaining wall to elevate shared use path.

Hawthorne Avenue

- ☐ All 3 Concepts
 - > Eliminate bridge support between US 97 and railroad.
 - Eliminate parking on the north side of Hawthorne between US 97 and Hill Street.
- ☐ Concept 2: Switchback Ramps / Maintain 4.5% Slope
 - Provide rounded corners on the switchbacks
- Concept 1: Straight Approach / Maintain 7.5% Slope
 - > Reduce approach slope.

Franklin Avenue

- Both Concepts
 - Widen walkway at western plaza area to maintain emergency access to adjacent properties.
- ☐ Concept 2: Full Rebuild / Widen Undercrossing Opening
 - Raise the shared use path to be vertically separated from travel lanes and reduce slope for users.

EVALUATION CRITERIA OVERVIEW

<u>Criteria</u>

- Alignment with Community Goals
- Safety, Security, and User Comfort
- Equitable Outcomes
- Urban Design
- Community Support
- Design Feasibility

- Cost
- Temporary Construction Impacts
- Environmental and Cultural Resource Constraints
- ROW Acquisition Needs
- Maintenance Requirements
- Feasibility with Respect to BNSF & ODOT Facilities

MIDTOWN COORDINATION & NEXT STEPS

August 18, 23, 25

Presentations to Committees (CAAB, TBOC, COBAAC)

September 13/14

Midtown Crossings Sounding Board meeting (CAAB, TBOC)

October 19

City Council work session & direction

Project Team to develop preliminary recommendations for stakeholder consideration

August-September 11

Draft Feasbiility Study Report & Recommendations

September 16-October 15

SOUNDING BOARD

- Seeking up to four (4) CAAB members and up to five (5) TBOC members to serve on sounding board subcommittee
- Sounding board tentative dates/time:
 - 4-6pm on Tuesday, September 13
 OR
 - 4-6pm on Wednesday, September 14

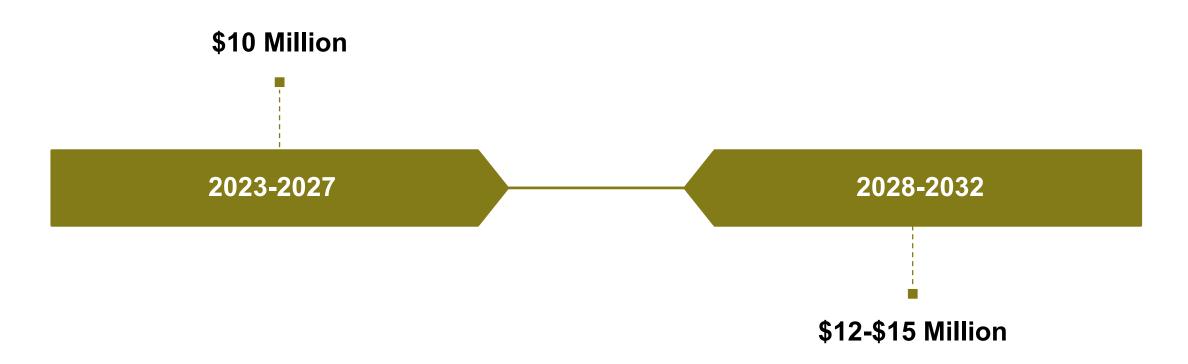

QUESTIONS?

FUNDING PRIORITIES

CORE AREA FUNDING CAPACITY ESTIMATES

CORE AREA CIP NEXT STEPS

TODAY- more feedback from CAAB to draft CIP options for CAAB to review

18 August

CAAB to review draft CIP options (will be developed in coordination with Midtown Crossings effort)

15 September

CAAB meeting and direction on draft CIP, update on Midtown Crossings input

20 October

CAAB to review and consider recommendation to BURA on Core Area 5-year CIP

17 November

12–14 September

Midtown Crossings work group

19 October

Council work session & direction on Midtown Crossings

16 November

Optional BURA work session on Core Area CIP & Midtown Crossings 7 December

BURA to consider CIP recommendation from CAAB

CAAB SURVEY FEEDBACK

How would you rank, or prioritize, the following projects. Use the arrows to place projects higher or lower on your priority list.

More Details

Rank Options First choice Midtown Crossings (Greenwood... 2nd Street South improvements... Franklin Corridor Improvements... Business Assistance- support for... Greenwood Corridor Improvem... Hawthorne Corridor planning a... Private Development Assistance... 2nd Street North improvements... Affordable Housing Assistance- ... Financial support for park acqui...

OTHER PROJECT IDEAS

- Master Plan for Core Area
- Art & public art- murals, sculptures, interactive landscape design
 - Affordable artist spaces
- Sidewalk infill
 - Sidewalk in lieu of program
- Mobility stations including bike parking
- Public gathering spaces (specifically near Franklin/2nd)
- Small-scale catalyst projects such as wayfinding/signage, small pocket parks/landscaping improvements, art
 - Engage design community to solicit input

- Can TRT monies be used for Core Area Improvements?
- Prioritize funds with City's CIP/GO Bond projects (synergy with Midtown Crossings)
- Expedite permitting turnaround times
- Hawthorne Corridor planning- idea for linear park

WHERE ARE WE GOING?

Why a Core Area 5-year Capital Improvement Program (CIP)?

- To help identify:
 - Project priorities and estimated funding amounts by year
 - If there are new projects to add to City of Bend work plan
 - If any new programs need to be created/established
- A CIP is a *living* document that will be updated regularly based on updated information as it's available

2023-2027 FUNDING PRIORITY EXAMPLE

Infrastructure \$6-9 Million

- Midtown Crossings (Franklin, Greenwood, Hawthorne)- \$6 Million earmarked
- 2nd Street Streetscape (Franklin to Greenwood)- \$2.5 Million

Affordable Housing \$0-\$500K

 No anticipated projects 2023-2027 but have some available for potential opportunities as they arise.

Business Redevelopment and Development Assistance \$750K-\$1M

- Flexible assistance to developments, focus on Bend Central District, public improvements, and existing business enhancements which could include art installations (murals)
- > \$750,000 assistance to privately owned projects triggers prevailing wage requirements

Open Space, Facilities, Amenities, and Wayfinding \$0-\$2M

- Park development and/or acquisition support
- Prioritize in later years

FUNDING GAME: GROUP 1 RESULTS

Core Area Advisory Board Funding Game Result Summary Group 1 (Board Room) Thursday, June 16, 2022

	2023		2024	2025		2026		2027			Totals	Notes/Ideas
\$	500,000	\$	1,300,000	\$	700,000					\$	2,500,000

CORE AREA CIP NEXT STEPS

TODAY- more feedback from CAAB to draft CIP options for CAAB to review

18 August

CAAB to review draft CIP options (will be developed in coordination with Midtown Crossings effort)

15 September

CAAB meeting and direction on draft CIP based on Midtown Crossings input

20 October

CAAB to review and consider recommendation to BURA on Core Area 5-year CIP

17 November

12-14 September

Midtown Crossings work group (CAAB & TBOC) 19 October

Council work session & direction on Midtown Crossings

16 November

BURA work session on Core Area CIP

7 December

BURA to consider CIP recommendation from CAAB

DISCUSSION QUESTIONS

- \$6M of Core Area TIF is reserved to support Midtown Crossings.
- With the remaining \$3-4M of anticipated funding capacity, how do you want that to be prioritized?
 - Diversify remaining funds?
 - Align infrastructure improvement priorities in first 5 years to Midtown Crossing priority locations(s)?
 - Prioritize 2nd Street (Greenwood to Franklin)?
 - Prioritize private development assistance to support pioneering investors and/or small businesses?
 - Develop smaller scale "catalyst" programs and funds to support businesses such as the arts, sidewalk infill, etc?

PERFORMANCE METRICS

PERFORMANCE METRICS

- Introduce topic today, follow up again at October meeting
- Staff prepared memo that outlines framework for 16 performance metrics organized by Core Area Guiding Principle
- Staff would like to reduce total metrics evaluated by at least two. Potential metrics to drop include:
 - Average/median rental leases
 - Average/median commercial leases
 - Walk Score
 - Mode Split

QUESTIONS FOR CAAB TO CONSIDER

Send feedback to staff by email before our next meeting

- What indicators do you feel are critical to measuring the success of the Core Area? Which indicators are not?
- Do you agree with staff recommendations for baseline metrics?
- Are there any other types of metrics that you would rather see to help measure Core Area success instead of one of the metrics provided?
- Do you agree with staff recommendations around reporting frequency and format? Are there any metrics that you would like to see more frequently?

NEXT MEETING: THURSDAY, SEPTEMBER 15

MEETING TOPICS

- Affordable Housing Overview
- Private Development Partnership Program Best Practices
 - Draft CIP Options

Location: Council Chambers
