Troubleshooting Common QR Code Issues

I never can get my QR Code to work.
a) Call Parking Services and ask if your QR code is valid.
b) Check that you are scanning in front of the camera not the screen.

I know my QR Code is valid but it takes multiple times to get it to be recognized.
a) Make sure your QR Code is sized as shown above. Larger QR Cods are more difficult to be scanned.
b) Ensure your fingers are not covering the QR Code.
c) Ensure your phone display is bright enoiugh.

I printed my QR Code but it is not recognized
a) Don't laminate your print out.
b) Ensure its not too large.
c) Ensure your fingers are not covering it.
