April 2023 Revenue Report

Projected Revenue for Major Revenue Categories for Fiscal Year 2022-23

Fiscal Year 2022-2023 Projected Revenue Explanations:

- -Frachise Fee revenue projections are 16% above budget due to increasing energy provider collections in the second half of the year.
- -GF Room Tax revenue projections are up 5% compared to budget due to strong room tax collections in the first five months of the fiscal year (July to November). Room tax collections from December to April averaged 10% lower than the same period in the previous year. The projection for the remainder of fiscal year 2023 assumes room tax revenue will be 10% lower than the same periods in the prior year.
- -Hwy Gas Tax revenue projections are 11% higher than budget due to an increase in revenue allocations from the State.
- -Water SDC projections are 8% below budget due to a decrease in development activity particularly in areas that are assessed a Water SDC.
- -Sewer and Transportation SDC projections are 19% and 27% higher than budget due to higher than expected collections from large development projects received to date this fiscal year.
- -Projections for Fiscal Year 2022-2023 are in line with the 2022-2023 estimates provided in the proposed 2023-2025 biennial budget except for the following:
 - The Franchise Fee projection is 20% higher than the proposed budget for the reason noted above.
 - The Building, Planning, and Engineering projection is 8% higher than the proposed budget due to higher than anticipated activity during January through April of the fiscal year.
 - Water, Sewer, and Transportation SDC projections are 21-23% higher than the proposed budget to higher than anticipated activity during January through April of the fiscal year.
