

Awbrey Butte Waterline Improvement Project

PHASE 2 CONSTRUCTION: JANUARY 2024-SPRING 2025

Waterline improvements will be constructed in phases to minimize traffic impacts. Short durations (up to two weeks) for periodic asphalt and concrete restoration work expected through Spring 2025. Local access and access for emergency vehicles will be maintained.

CITY OF BEND

SUBPROJECT 8:

Mid-January 2024-Spring 2025
New Awbrey Transmission

8,600 feet of new 30-inch pipe between the Mt. Washington Drive/Shevlin Park Road roundabout and the Awbrey Reservoir near Hillside Park. Route follows Shevlin Park Road, easement through private property, College Way, Saginaw Avenue, Juniper Street, Trenton Avenue, and 12th Street.

Synergy Project: 1,500 feet of new 15-inch sewer main along Shevlin Park Road. Stormwater improvements consistent with the South Awbrey Butte Drainage Project along Saginaw Avenue and Juniper Street.

SUBPROJECT 7:

Summer 2024-Fall 2024
Awbrey Butte Pipe Distribution Improvements

Upsize 1,260 feet of existing 6-inch pipe to 8-inch pipe along NW Trenton Avenue between NW Juniper Street and NW 12th Street.

SUBPROJECT 2:

January 2024-Spring 2025
Awbrey Butte Pipe Distribution Improvements

Replace and/or upsize 3,500 feet of existing water pipe along portions of Portland Avenue between NW Ninth Street and NW Wall Street.

Synergy Project: Portland Avenue Improvements GO Bond project improvements including street widening for buffered bike lanes, signing, striping, and lighting enhancements.
