BACKGROUND

The Bear Creek Road and 27th Street Improvements Project will enhance connectivity in Bend by constructing safer and more accessible bike and pedestrian routes throughout the community. The Project will also construct a roundabout at the Bear Creek Road, Pettigrew Road and Purcell Boulevard intersection to improve safety at an intersection that experiences high crash rates. Water and sewer system improvements are also included.

FUNDING

This Project is primarily funded by the Transportation General Obligation (GO) Bond approved by voters in 2020 and will cost **\$12.8 million**, which includes \$1.4 million that is allocated for water and sewer upgrades.

PROJECT GOALS

- Enhance key transportation routes to align with community and city goals.
- Improve safety and connectivity for all travelers.
- Leverage the opportunity to simultaneously upgrade water infrastructure in the project area to minimize local impacts.
- Protect the environment and livability while promoting equity and access.

PROJECT TIMELINE

Design in 2024 and construction anticipated in 2025+.
