# CITY OF BEND

CITY OF BEND  
PUBLIC SERVICE PROGRAM APPLICATION

**City of Bend**  
710 NW Wall St.  
Bend, Oregon 97703  
(541) 323-8550  
[housing@bendoregon.gov](mailto:housing@bendoregon.gov)

This section provides general information regarding the federal Community Development Block Grant (CDBG) program and the types of activities that are eligible for funding. For more detailed information on eligible activities, please contact the City's Affordable Housing Program at [housing@bendoregon.gov](mailto:housing@bendoregon.gov), or (541) 323-8550, or P.O. Box 431, 710 NW Wall Street, Bend, OR 97709 or visit the HUD website at [www.hud.gov](http://www.hud.gov).

Community Development Block Grant (CDBG) is authorized under Title 1 of the federal Housing and Community Development Act of 1974, as amended. The primary objective of the CDBG Program is the development of viable urban communities through:

- The provision of decent housing,
- The provision of a suitable living environment, and

Printed By: Mellissa Kamanya on 11/27/2023

- The expansion of economic opportunities.

The Community Development Block Grant Program is administered at the federal level by the Department of Housing and Urban Development (HUD).

### **National Objectives**

Federal regulations specify that all activities undertaken using CDBG funding must meet at least one of the following national objectives:

- Benefit to low-and moderate-income persons,
- Aid in the prevention or elimination of slums or blight, or
- Meet a need having a particular urgency.

HUD considers persons below 80% AMI low-income and persons at 80% AMI moderate-income. The three national objectives are summarized below:

#### **1. Benefit to Low- and Moderate-Income Persons**

Under this objective, CDBG-assisted activities must primarily benefit low- and moderate-income persons. The income thresholds for meeting the low- and moderate-income requirement are determined by HUD. Projects funded with CDBG dollars must either:

- benefit all of the residents of a particular area, where at least 51% of the residents are low- and moderate-income,
- benefit specific populations (e.g., homeless persons, elderly persons, or persons living with HIV/AIDS), as long as 51% of those served are low- or moderate-income,
- provide or improve permanent residential structures for low- and moderate-income persons, or
- create or retain permanent jobs, at least 51% of which will be made available to or held by low- and moderate-income persons.

#### **2. Elimination of Slum and Blight**

Under this objective, CDBG-assisted activities must help to prevent or eliminate slums and blighted conditions. These activities must either:

- prevent or eliminate slums or blight in a designated area in which slums or blighted or deteriorating conditions exist,
- prevent or eliminate slums or blight on a spot basis in an area not located in a slum or blighted area, in cases where a specific condition is detrimental to public health and safety, or
- be in an urban renewal area.

#### **3. Urgent Need**

The Urgent Need category is designed only for activities that alleviate emergency conditions of recent origin that pose a serious and immediate threat to the health or welfare of the community, and for which no other sources of funding are available. An example of an eligible project under this category would be a major flood that causes serious damage to buildings and infrastructure, thereby threatening the safety of occupants or nearby residents.

### **Eligible Activities**

In order to meet local needs within the national objectives, the CDBG Program provides a great deal of flexibility in the eligible uses of CDBG funds. The following is a summary of the range and types of activities that may be funded through the CDBG Program. The summary is not a complete list of eligible activities; please contact the City's Affordable Housing Program for more detailed information regarding the eligibility of specific programs or projects.

### **Basic Eligible Activities**

According to federal CDBG regulations outlined in 24 CFR 570, the basic eligible activities include a variety of uses including public services.

**Ineligible Activities** In general, activities that are not specifically identified as eligible are considered by HUD to be ineligible. The following activities are specifically identified by HUD as activities that are not eligible for CDBG funding. Please contact the City’s Affordable Housing Program for more information on ineligible activities.

- Acquisition, construction, or reconstruction of buildings for the general conduct of government
- General government expenses
- Political activities
- Purchase of construction equipment, fire protection equipment, furnishings and personal properties
- Operating and maintenance expenses
- Income payments
- Construction of new housing

### Eligible Proposals

In general, only public or private non-profit agencies or organizations are eligible to apply for CDBG funding. However, the following two exceptions apply: (1) for-profit organizations may apply for CDBG funds to undertake certain economic development activities related to microenterprise assistance, and (2) under certain limited circumstances, for-profit organizations qualifying under HUD criteria as Community-Based Development Organizations (CBDOs) may apply for funds to carry out neighborhood revitalization, economic development, or energy conservation projects. Regulations pertaining to these exceptions can be found at 24 CFR 570.201(o) and 24 CFR 570.204.

Any public or private non-profit agencies or organizations currently under investigation regarding previously awarded federal, state, or local government funding are ineligible for assistance from the City of Bend’s Affordable Housing Program.

### HUD Income Limits

The current income limits for City of Bend are shown below. Updated City of Bend income limits may be applicable on July 1, 2023. Recipients of CDBG funding must meet the income guidelines at the time the funds are utilized. City staff will be able to provide funding recipients with updated income limits information when available.

## B. Organization Information

---

Please provide the following information.

### **B.1. What is the organization's background, mission, and service history:**

Bend United Methodist Church was established in 1906. A century later, in 2006, our congregation re-affirmed a commitment to social justice in our mission statement: "Open Doors, Open Hearts, Open Minds." For decades, we have used our Compassionate Care funds (contributions) to assist those in need, including food, gas, propane, and housing assistance (utilities, rent, etc.). In 2015, we started Back Door Café, a small breakfast program to feed the hungry. This program grew to include showers, clothing, food baskets, haircuts, and a mail room. The COVID pandemic forced us to scale back some of these services.

Post-COVID, we continue to serve a growing number of clients, particularly, individuals with substance-abuse problems, those with mental illnesses, and those who are either homeless or in danger of becoming homeless. Currently, we provide mail service to approximately 300 people who have no other address, enabling clients to apply for driver's licenses or ID cards, receive disability checks, and apply for employment. We provide immediate on-site help in the form of snack foods and fruits, some basic canned or boxed foods, bottled water, personal hygiene products, blankets and sleeping bags, and free clothing. Finally, we provide assistance with cell phone minutes, gas, propane, utilities, rent and other needs to help those without housing and those in danger of losing employment or housing.

Our commitment to helping the unsheltered is evident in our participation in Central Oregon Villages, where our pastor is a board member. Our church was a founding member of this project which has moved 10 people into secure small shelters on land leased from Dream Streams Church (<https://covillages.org/about/>). In addition, our congregation purchased two pallet homes placed on our church property in downtown Bend. These are occupied by formerly unsheltered individuals. These shelters are a first step toward permanent housing.

### **B.2. Provide a brief description of the organization's financial stability as it pertains to the organization's capacity to successfully complete the project, including a brief financial history and primary funding sources. The City may request copies of the organization's financial audit or review for the last two years.**

Our 2023 Church Budget is about \$600,000. The church building on Bond Street in downtown Bend has no mortgage or lien and we are financially sound. Our income is primarily from church pledges although other income is generated by organizations that use our facility (e.g., a Montessori school operates on our premises, as do a Boys & Girls Club Kindergarten and ReVillage, an affordable childcare facility). As evidenced by our long history in Bend, we are responsible stewards of the funds we administer.

As a United Methodist Church, we follow the financial policies as set forth in The Book of Discipline. (<https://www.umc.org/en/content/book-of-discipline-2584-committee-on-finance>). These policies include, among other requirements, documented internal controls of the church and an annual audit of the financial statements of

the local church and all its organizations and accounts. The financial records of the church are available for inspection.

## C. Project Description

### C. Project Description

---

Please provide a brief description of the following:

**C.1. Amount Requested:**

\$12,200.00

**C.2. Number of people to be served with requested funds:**

300

**C.3. In one or two sentences, describe what the requested funds will be used for.**

With the requested funding we would expand our assistance by approximately \$50 per person. We would expand emergency assistance for housing (rent, utility bills), job-support (gasoline, cell phones), clothing, water, hygiene items and food.

**C.4. Describe the need or problem your project will address.**

The City has made it a high priority to support entities that providing public services such as food pantries. Providing services to those in need is precisely who we are. On a weekly basis, Bend Church provides mail services to about 300 individuals who have no other address. These and other low and no-income people request help for other items: in the summer: water; in the winter: warm clothing, sleeping bags; and year-round: hygiene items (razors, deodorant, toothpaste, etc.). As our volunteers interact with these individuals, we learn of unmet needs that are impeding their road to shelter, employment and health. Many of our clients have substance abuse or mental health problems, and most are unsheltered with no address where they can receive mail.

In addition to helping meet these basic needs, we assist in removing barriers to obtaining or keeping employment and housing. Our mail room serves those without a permanent address. Cellphone minutes assist our clients with contacting employers or medical providers. Some clients lack money to pay for a tank of gas to get to work, to repair a flat tire on a vehicle, or items necessary for personal grooming. There are also barriers to maintaining health: lack of access to food, water, and protection against the elements. Finally, there are those who are sheltered, but sheltered very precariously. They may be behind on paying for utilities, lacking funds for the deposit on a rental, or have an unexpected expense that throws a monkey wrench in their budget.

Many of these needs are such that individuals may not have the wherewithal or willingness to seek out governmental services, or they may not qualify for specific services, or their needs may be so overwhelming (or conversely, minor) that they have no confidence in the ability of other service-providers to help them. But, having established a rapport with Bend Church, they come to us. Thus, we are an in-between, fill-the-gaps service.

**C.5. Describe how your project will address the identified need or problem, including project background, project objectives, services to be provided by the project, the populations or areas to be served, and how the funds will be used.**

Identified need and project background: Our project addresses an identified need: services to homeless and special needs populations with the most urgent needs, particularly individuals with substance abuse problems, individuals with severe, persistent mental illnesses, and homeless families (Public Service Goal 3). This is a population that we are already serving, but we could do more. We want to expand the quantity and type of services offered by Bend Church, in one form or another, for over 100 years. We have a track record of providing services. It is the heart of what we do.

To meet these needs, the church relies on our church budget allocation to this mission, as well as to donations directly to Open Door Ministries. However, the expanding number of people in need have outpaced our donations. We have the volunteer base to continue staffing the hours that our ministry is open to those in need, but we do not have the funds to purchase items to meet the increased needs.

Project objectives Our aim is to reduce barriers for the unsheltered on their path to regaining housing, and to assist those in danger of becoming unsheltered. To that end, we are low barrier providers. Our objectives are to:

- Meet immediate needs for winter such as warm clothing (hats, gloves, jackets) and winter shelter (sleeping bags, tents, blankets, propane)
- Meet immediate needs in hot weather for water
- Aid with access to medical care and employment, such as gas, pre-paid cell phones, or other needed items
- Provide assistance to people in danger of losing their current housing (utility payments, rent or deposit insurance, etc.)

Services to be provided: With the funds from this project, we could expand our assistance to the number of people served. In addition, we could include items that are relatively low-cost, but beyond the reach of some seeking better living conditions. We will use the block grant funds to provide:

- Pre-paid cell phones which can be used to contact employers, potential employers, other agencies that can assist with housing or employment, and medical care
- Gas money and/or Uber and Lyft rides to provide transportation for medical and employment needs
- Rental and utilities assistance, insofar as possible, to leverage funds from the recipients themselves or coupled with funds available to assist the individual from other resources. This assistance can allow LMI people to remain in their current housing. Where rental assistance is to be provided, in addition to typically being less than the full amount of a particular obligation, it will also be limited to three months.
- Expand our current program assistance with additional warm clothing, tents, sleeping bags, water, and packaged foods.

Population to be served: We believe our project aligns with the national goal (Goal #2, CBCP) of being of benefit to low-and-moderate income persons. It will benefit homeless persons, including those struggling with severe mental illness and substance abuse. Our screening process will ensure that the majority of those served are low or moderate income. We expect this to be close to 100% of our clients.

How the funds will be used:

Church volunteers will use the funds to purchase the items listed above at the lowest cost possible. The items will be distributed to those who come to Bend Church seeking assistance. The Church does not give cash to individuals, but will purchase gas cards, pre-paid phones, or work with landlords or utility companies to meet needs. We will spend no money on publicity or staff.

Please note that our only aim is to serve our clients by meeting their physical needs. We do not proselytize.

**C.6. Describe how your project will address the identified need or problem in a way or to a degree not already being achieved in the community. Please identify any other similar programs or projects and how your project will add to or**

**improve upon existing services.**

Our mail service is meeting a need that (to our knowledge) is otherwise not being met for unsheltered individuals in downtown Bend. The service draws in people who might otherwise not contact service providers. The increased demand we see at our current Open Door program is evidence that the needs we plan to address are not already being met. As mentioned, we have been unable to meet many requests for gas money and cell phones. We are also unable to meet all the requests for the other items we provide: snack foods, water, and clothing.

We are gratified that other churches and organizations also have programs to help those in need, including Bethlehem Inn, the Salvation Army, Nativity Lutheran Church, the Giving Plate, THRIVE, and more. We fill a gap – the need for immediate help in downtown Bend. In most cases, our clients do not need to wait for approvals, submit to background checks, or be inundated with paperwork. Often, we provide needed items on the spot.

**C.7. Describe the ways in which your project will have a long-term impact on the need or problem being addressed.**

This project will help to alleviate stresses and pressures that unsheltered and low-moderate income people experience daily. As a result, it can potentially reduce the demand for those necessary public services on city, county, state, federal and private facilities. By addressing these needs, we intend that persons who are housed can avoid becoming homeless and those who are experiencing homelessness can be assisted toward becoming housed.

It is self-evident that energy consumed in a daily fight to stay cool in summer, warm in winter, to be fed and clothed, to maintain contact with healthcare providers – all of these can sap an individual's power to cope. In addition, many of our clients have substance abuse or mental health issues, and the stress of living unsheltered or poorly sheltered, hungry, and thirsty, is not conducive to their recovery. We help them with the first step toward wholeness.

**C.8. Describe your organization's plan for evaluating the progress of the project toward addressing the identified need or problem.**

We will determine the project benefit by tracking assistance recipients and their outcomes. In many cases, the financial assistance received will resolve the problem or need, and that resolution will determine the project benefit on the spot. In other cases, we will work with agencies and organizations within the community to track over a longer period whether the need or problem is resolved, and if so, we will document it in our records. At this juncture our sources used are those we have developed internally but we will work with city staff in establishing benchmarks to use any sources they recommend.

Each quarter we will report and evaluate the extent to which we are serving clients as follows:

- Number of clients served each week with food and/or other supplies
- Number reporting they are homeless
- Number of requests for cell phones and number fulfilled
- Number of requests for gas money and number and amount fulfilled
- Number of requests for utilities or rent assistance and number fulfilled

In addition, we will keep contemporaneous notes about unresolved needs, as well as any issues that come up.

**C.9. Describe your organization's collaborations with other agencies, including those that serve protected classes under the Fair Housing Act. Briefly explain your organization's history with these agencies, including any measurable**

**outcomes in the last 12 months. What are your expected outcomes for this project?**

Bend Church is a founding member of Central Oregon Villages. Our pastor is on the board of directors and our church has provided support for this organization since the idea was first hatched. The recent open house at Oasis Village is a broadly recognized outcome of this collaboration – a visible, measurable outcome of our work.

Over the years our members and our leadership have collaborated with other agencies and churches as well. For example, we supported Family Kitchen at our neighbor church, Trinity Episcopal, which has been providing meals for 35 years on a no-questions-asked basis.

Our expected outcomes are as listed above: meeting immediate needs for small items to overcome barriers to a healthier and more productive existence for those in need.

Please provide the following information.

### D.1. Anticipated Start Date:

07/01/2024

### D.2. Anticipated Completion Date:

06/30/2020

### D.3. List of Task(s) Needed for Project

Task	Start Date	End Date
Acquire items for distribution	07/01/2024	06/30/2025
Coordinate volunteers to staff the program	07/01/2024	06/30/2025

	M/d/yyyy	06/30/2025

**NOTE:** If funded, staff will work with you to set benchmarks for your project. Failure to meet these benchmarks could mean a reduction in funding during current or future years.

## E. Project Benefit

Completed by office.bendchurch@gmail.com on 11/10/2023 8:02 AM

**Case Id:** 30240

**Name:** Bend Church - 2024

**Address:** 680 NW Bond Street, Bend, OR 97703

---

### E. Project Benefit

---

Please provide a brief description of the following:

**E.1. Estimate the total number of persons to be served by the project. How many of the total persons served are low- and moderate-income persons?**

We estimate between 100 and 300 people will be served. We currently serve 300 with our mail room. We have additional persons who do not receive mail at the church but do request assistance.

**E.2. Is the project in a slum or blighted area? If yes, describe the population that will be served and the characteristics of the slum or blighted area (if applicable).**

While not in a blighted area, the population that will be served is currently living unsheltered and is part of the population pitching tents on city property or living in broken-down vehicles in and around downtown Bend. Through assistance with gas money and cell phones, we intend to give aid in seeking and keeping employment as well as contacting medical providers or meeting other needs. Recently, Bend Church has engaged security services, costing approximately \$4500 per year, to monitor church grounds and address the problem of unsheltered individuals camping on church property. This expense has been necessary to keep good relationships with our residential and business neighbors in downtown Bend. We believe our project prevents blight.

**E.3. Describe how the project will ensure that moderate-income persons do not benefit to the exclusion of low-income persons.**

(Not enough space. Inquiry sent to city).

**E.4. Explain the methods used to determine the project benefit. How are the sources used to determine the project benefit documented and maintained?**

For each individual receiving mail at Bend Church, we keep an information sheet. When a client fails to pick up mail for four consecutive months, their mail is returned to sender. The information sheet is retained at the church. This same information sheet can be used to record the distribution of food, clothing, cell phones or other assistance.

### F. Financial Information

---

Please also provide the following financial information:

**F.1. Provide a detailed line-item budget describing the total project cost and operating income and expenses, including consideration of inflationary factors, maintenance costs, potential relocation costs, and increased insurance costs associated with the project.**

**Budget Form \*Required**

Bend Church BG Budget SUBMITTED.xlsx

**F.2. Describe the assumptions used to determine the total project cost and the operating budget, including the sources consulted and how costs were determined.**

The costs could be completely open-ended, but we have estimated needs for 2024-2025 based on the numbers we currently serve through our Compassionate Care Fund, estimated growth over the next two years, and the capacity of our volunteers to serve. We are not requesting funds for salaries, maintenance, relocation, insurance or other factors referenced in the previous section (F1). Our estimates of our in-king contributions are based on current expenditures and (in the case of our bookkeeper) hourly wages.

**F.3. Provide a brief description of your organization's plan for funding the project after the first year, if applicable.**

Bend Church is committed to serving the people who come to us for assistance. We will continue to budget money for these purposes and to make special appeals to the congregation to meet these needs. We will serve them at whatever level we can. One hope would be the possibility of out-year funding beyond the requested funds. If not, we will seek donations from our congregation and pursue other funding opportunities as they become available.

**F.4. Explain your organization's ability to proceed with the project without your requested CDBG funds, or with an award less than your requested amount.**

We already have experience in implementing and managing activities described in the proposed Project. These personnel are already trained and are administratively capable of completing the project. It is not a matter of newness; it is solely a matter of expanded scale from what we are already doing. As demonstrated by our 106-year history in Bend, and our formal programs in place since before COVID, we are a church committed to our Open Doors, Open Hearts, Open Minds ministry. Without these funds, or with a lesser amount, we will continue our activities, but will be unable to expand to the project activities listed above.

**F.5 CDBG Funds Requested:**

\$12,200.00

**F.6 Leveraged Funds:**

\$50,600.00

### H. Project Feasibility and Readiness

---

Please provide the following information regarding project feasibility and readiness:

**H.1. A description of the organization's administrative capacity to complete the project, including its experience in implementing and managing activities similar to the proposed project. If capacity is achieved through partnerships with or utilization of other organizations or agencies, describe the nature and status of these partnerships.**

We already have experience in implementing and managing activities proposed in this project. These personnel are already trained and are administratively capable of completing the project. It is not a matter of newness; it is solely a matter of expanded scale from what we are already doing. Our church staff and volunteers are enough to do this work. No other partnerships are required.

**H.2. A description of neighborhood and/or community support for the project. Attach letters of support or other evidence of neighborhood/community support.**

We have received letters of support from Bethlehem Inn and St. Vincent De Paul.

**Letters of Support**

**H.3. A description of the organization's readiness to proceed with the project. For example, is staff currently available to work on the project, or is the organization ready to proceed with hiring staff?**

We have no need to hire staff. We are ready to proceed with the Project. The key personnel are already on staff and already trained.

**H.4 For CDBG applicants, a description of the organization's familiarity with meeting the federal requirements listed in the [City of Bend Public Services Program Rules and Requirements](#), and/or the organization's plan for ensuring that these requirements are satisfied.**

We have reviewed these requirements and are familiar with them. We will work with city staff to ensure compliance.

**H.5. For CDBG applicants, will the full amount of the funds be spent by June 30, 2024? Select from the dropdown menu.**

Yes
