

Notice of Availability Draft Application for City of Bend's Proposed Small Conduit Hydroelectric Facility

The City of Bend filed a Draft Conduit Exemption Application to the Federal Energy Regulatory Commission (FERC) on January 3, 2012 for a proposed small conduit hydroelectric facility. The hydroelectric facility would be constructed at the City's Outback Reservoir site located about 1/4 mile north of Skyliners Road at the north end of US forest Service Road 4606-100.

The City of Bend is formally requesting review and comment on the Draft Application, which is available for review on the City of Bend's Surface Water Project website at : <http://www.ci.bend.or.us/index.aspx?page=155>.

Comments on the Draft Application are due on April 4, 2012. Please send or email your comments to:
