**Subject:** Stevens Rd change

I am in favor of realigning Stevens Rd. to Join 27th at the intersection with Reed Market for two reasons:

1. It is very difficult to see traffic coming south on 27th while making a left turn to 27th.. The bridge over the canal hinders the view.
2. Since the area south of Stevens is being considered for further development, the realignment should be done as soon as possible.

I know the realignment is in the transportation plan, but the plan and funding should be done as soon as possible.

Thank you for the opportunity to give input.
