Please consider a roundabout at knott Road and China Hat It understand that this was considered sometime ago however it was felt that large trucks would have a hard time maneuvering around it.

This is not true large trucks have no problem maneuvering around other roundabout within the city.

Traffic safety should be the priority as well as injury or death.

There have been several injury collision as well as property damage.

The residents in this area would like your consideration as to a roundabout or signal light or four way stop.

Your action is required as to this community problem.

Thank you
