**Subject:** Transportation plan comments...

Dear BTAC,

As a former Commute Options, Founding Board member, bike commuter, city employee, and resident for 28 years, the TSP looks great.

My only comment is: If you create more bike lanes—please, please, please maintain them!! We cyclists are desperate for bike lanes that are swept in a timely manner, post-gravel.

Please don't create more (not really), if you can't maintain the bike lanes that exist!

**Thanks for all you do!**

Sincerely,

Karl J. Findling

Tumalo resident, daily Bend commuter and bike commuter—occasionally.
