Dear Transportation Advisory Committee,

I live and work in the area that has become known as Midtown. I encourage you to give top priority to ways that connect the areas east and west of the parkway especially for pedestrians and bicyclists. Better connections will improve the business climate, reduce parking issues downtown and prevent congestion on the roads. Bend is on the cusp of becoming a major city and we must enhance culture and livability by filling the sidewalks, plazas and bike paths with friendly people.

Best Regards,

Bruce Sullivan
