I use a pedal assist cargo bike for all my trips in Bend for shopping, appointments and transportation of my four year old grandson to preschool. I do this 12 months per year unless deep snow prevents me.

- I support investments in **walking, biking, and transit**, and you're pleased to see that these modes seem to be an emerging priority.
- I would encourage you to move **bike/ped Key Route investments** into the near-term priorities list.
- I want all three **midtown bike/ped connectivity projects**(Greenwood, Hawthorne, and Franklin) to remain near-term priorities. It is not safe for cyclists to travel across Bend from east to west with the current fragmented cycling routes.
