

## POSTED FOR PUBLIC NOTICE: JUNE 9, 2025

### City of Bend Standard CAD Template Summary of Change

- **General Cover Sheet Clean-up and Layout Changes**
  - The cover sheet layout has been adjusted to resize and adjust locations of some items to make the layout more user friendly and consistent.
    - All content included on the previous CAD template is still included, although, some items were relocated outside of the printing area in the CAD file paper space.
  - Additional “non-plot” directional text was added to the CAD file to direct users on the requirements, depending on your project scope.
- **Legend Updates**
  - The Legend on the Cover sheet was updated and reformatted to better reflect items used and to better differentiate between proposed and existing items.
- **Sheet Index / Sheet Naming Standards Updates**
  - The Sheet index on the Cover Sheet was updated to reflect the new proposed naming convention to be used for all plans submitted to the City of Bend. This naming convention change will also be reflected in a future Standards and Specification update.
- **General Notes Sheet Updates**
  - The list of General Notes has been updated to reflect past standard changes and new requirements. The General Notes Sheet will also now include all of the notes in both the PDF and CAD updates.
    - In addition, the CAD template now includes two General Notes sheet tabs, one for private development projects and one for capital projects to be used as a reference.
- **Sheet Layout Updates**
  - Sheet Layouts guides have been updated for general project sheets as well as including additional directional text to be used for references.
- **Standard Layers**
  - The list of Standard Layers has been reduced to include only what linework is included within the CAD template file.
  - Layer naming and overall requirements will also be updated in a future Standards and Specifications update to help simplify and reduce the requirements for new layers.

## **City of Bend Standard and Specifications Part VI – Appendix A Teir 3 Plan Set Summary of Change**

- **Appendix A – Teir 3 Plan Set Updates**
  - The example plans set located on the Standards and Specifications Page was updated to reflect all the changes listed above for the City of Bend CAD template file.

All files noted above can be found on the City of Bend Standards and Specifications website at [\*\*bendoregon.gov/standards-specifications\*\*](http://bendoregon.gov/standards-specifications).
