Subject:

Hi - as a homeowner right near the BCD I want to strongly support more connected bicycle transit routes, and also voice support for making things more walkable overall. Separated bike lanes and over/underpasses make a huge difference. Cars, traffic, speed, noise all detract from how attractive and livable neighborhoods are...let's please try something a little different. It can have huge payoffs.

By the way very excited about the opportunities the redevelopment of this district presents!

Thank you,

David Anthes
