Please add a connected bike network to this project. Bend advertises itself as “bike friendly” and that’s the term used for road biking for transportation when Bend is only mountain bike friendly.

Bend desperately needs a connected bike network for those of us who want to bike everywhere in town, but cannot thanks to no network. One cyclist = onceless car on Bend streets. This should be a no brainer priority.

Our friends who visit as tourists want this too! They don’t stay as long in Bend as they prefer Portland and even Eugene and Corvallis as road bike routes are better there.
