Subject: Re: Bend's Transportation Plan: Upcoming meetings

Thanks for the info. I will try and make those meetings.

Biking in Bend is great in places. There are great paths on the west side that allow you to bike all the way from down town to a bunch of locations. On the East side there are a few cool paths, but non of them go downtown. I hear you are making 6th street a bike friendly street - that is fantastic! The biggest concern I have is the bike lanes just stops on Greenwood when you are going downtown. There are great bike lanes all the way East of third, and all the way West of Wall Street, but they are totally missing in-between? Which seems like the most important part!

Could you please put a safe bike path in? If you need help or ideas, please let me know :) I would be happy to help!

Thanks,
Andrew
