Subject: TSP Comments: Need bus shelters

I hope any further public transportation progress in Bend will include allocation of funds for bus shelters.

It breaks my heart to see the elderly or mothers with children or students standing at bus stops with no place to shelter, especially in Bend's weather, which is often uncomfortably hot or bitter cold. The "chair person," who has left lawn chairs tethered to the bus stops so people can sit down, should embarrass authorities into realizing the desperate need for bus shelters now.
