Subject: TSP Comments

Good morning Karen,

I understand that the Citywide Transportation Advisory Committee has recently reviewed analysis of proposed regional projects.

I urge the CTAC to add a safe and connected bicycle network to its list of regional priorities.

Additionally, I encourage the Committee to update the mobility standard metrics to take into account how well our system performs in multimodal goals, including safety, access to employment, availability of transit, biking, and walking, and cost to build and maintain.

Thanks for sharing my comments with the CTAC.

Michele McKay
