2. Selection Process

The following process will be used in the City's review and selection of funding proposals for the City's System Development Charge Exemption 2017 Program Year. Approximately \$500,000 in exemptions will be available for qualified projects dependent upon City Council approval.

1. City staff will review each proposal to determine:
 - **Whether the proposal is complete, based on the requirements of this Request for Proposals (RFP),**
 - **Whether the project is eligible for Exemptions under City of Bend's Systems Development Charge Exemption Program requirements, and**
 - **Whether the project is consistent with the goals and funding priorities outlined in the City of Bend Consolidated Plan.**

Detailed information regarding the above requirements is contained in this RFP.

2. Proposals will then be reviewed and evaluated by the City of Bend Affordable Housing Advisory Committee. The evaluation criteria that will be used by the Committee in reviewing proposals are contained in Section 5.

The Advisory Committee will score project proposals according to the following formula:

- Project proposals will receive up to 10 points for each of the general criteria outlined in Section 5.2. The maximum score any proposal may receive in this section is 110 points.
- Projects may receive additional points if they meet one of the funding priorities identified in Section 5.3.
 - Projects addressing one of the needs identified as "high priority" will receive an additional 50 points; and
 - Projects addressing one of the needs identified as "low priority" will receive an additional 30 points.

Projects meeting none of the priority needs will receive no additional points. Projects may fall into only *one* of the above categories.

- Based on the formula outlined above, the maximum number of points any project proposal may receive is 160 points.

During the application review period, applicants will be invited to deliver an oral presentation on their project proposal to the Advisory Committee. Applicants will be allowed approximately 5 minutes to present their proposals, followed by a 5 minute question and answer session.

City staff will have an opportunity to make a formal recommendation to the Advisory Committee regarding project funding before the Advisory Committee finalizes its funding recommendations.

City staff will have an opportunity to make a formal recommendation to the Advisory Committee regarding project funding eligibility before the Advisory Committee finalizes its funding recommendations.

3. The Advisory Committee's recommendations will be forwarded to the City Council for final approval.

3. System Development Charge Exemption Program Overview

This section provides general information regarding the System Development Charge Program and the types of activities that are eligible for funding. For more detailed information on the System Development Charge Exemption Program and eligible activities, please contact the City's Affordable Housing Manager or Coordinator.

3.1 Objectives

System Development Charge Exemptions shall only be granted for affordable housing projects evaluated pursuant to the priorities established through the City of Bend Consolidated Plan.

3.2 Eligible Activities

All funding from this source must be targeted for housing opportunities for residents at or below 60% of area median income for Rental Projects and 80% of Area Median Income for Homeownership Projects.

Basic Eligible Activities

Eligible System Development Charge Exemption activities include a variety of uses such as homeownership activities, rental housing activities and special needs housing. All projects must meet the following affordability periods:

Rental Projects: Through deed restrictions or other instruments approved by the City, the project receiving SDC exemptions must remain affordable for a period of 60 years (consistent with the requirement of the Low Income Housing Tax Credit – LIHTC – as established by the Tax Reform Act of 1986)

Homeownership Projects: System Development Charges will be deferred for as long as the home is owned and occupied by the original purchaser in the form of a deferred payment loan. When that property changes hands the entire amount will be due and payable unless the purchaser qualifies as low-income (80% AMI) in which case the loan may be assumed.

3.3 Ineligible Activities

In general, activities that are not specifically identified as eligible are considered to be ineligible. The following activities are specifically identified as activities that are not eligible for System Development Charge Exemptions. Please contact the City's Affordable Housing Manager for more information on ineligible activities.

- Rental projects targeted to populations over 60% of Area Median Income (AMI)
- Homeownership projects targeted to purchasers over 80% of AMI.
- Portions of mixed use projects not attributed to the affordable housing units
- Commercial or retail projects (that do not have an affordable housing component)

3.4 Eligible Applicants

Applications will be accepted from property owners, private sector for-profit developers, certified Community Housing Development Organizations (CHDO's), government housing providers and qualified 501(c)(3) organizations.

3.5 Income Limits

- Initial tenants of assisted units must have an annual household income which does not exceed 60% of the median income for the City of Bend (adjusted for family size) for rental projects and 80% of the median income for homeownership projects.

4. City of Bend System Development Charge Exemption Program Goals and Objectives

Any System Development Charge exemption must be consistent with the program goals outlined in the City of Bend Consolidated Plan. The Consolidated Plan is a five-year housing and community development strategy.

4.1 City of Bend Consolidated Plan Goals

All activities receiving exemptions must be consistent with Goal One of the City of Bend's 2014-2019 Consolidated Plan:

Goal #1: Affordable Housing Production and Preservation

Exemptions will be directed toward activities that produce both renter- and owner-occupied affordable housing. Consideration will be given to projects that accomplish at least one of the following:

- Create new Rental Units
- Home Ownership

5. Evaluation Criteria and Funding Priorities

The evaluation criteria outlined in this section have been developed to be consistent with priorities of the City of Bend 2014 -- 2019 Consolidated Plan, and City's System Development Charge Exemption priorities. All proposals will be reviewed using these criteria.

5.1 Consolidated Plan Goals and Objectives

Only those projects addressing Goal #1 identified in the Consolidated Plan (listed in Section 4.1) and at least one of the objectives associated with these goals will be considered for exemptions. Please review the Consolidated Plan goals and objectives to ensure that your project is consistent with these goals and objectives before submitting a project proposal.

5.2 General Criteria

In reviewing and evaluating proposals consideration/priority will be given to the following:

- Projects that successfully maximize utilization of outside funds and services (including cash contributions, in-kind contributions, and volunteers).
- Projects that effectively utilize/maximize partnerships with other organizations and agencies.
- Projects that are sponsored by organizations or agencies that can demonstrate that they have the staff capability and capacity to successfully implement the proposed project.
- Projects that are clearly defined and realistic in scope, location, need, budget, and goals.
- Projects that demonstrate a clear and effectual plan for evaluating the progress of the project toward addressing the identified need or problem.
- Projects that utilize a proven effective strategy to improve conditions or solve an identified problem.
- Projects that can demonstrate readiness to be implemented in a timely manner once the System Development Charge exemptions are awarded.
- Projects that have strong neighborhood/community support, with sufficient evidence illustrating this support.

- Projects that will have a sustainable long-term impact, secured by deed restrictions, land trusts or other mechanisms.
- Projects that do not result in the permanent displacement or relocation of current occupants from their homes or rental units in order to create additional affordable housing.
- Projects that are constructed adjacent to transit corridors and have provisions to increase public transit and other alternative commuter options

5.3 City of Bend Funding Priorities

To assist with the allocation of resources in meeting the above goals, the City has established the following funding priorities. While the City recognizes that all of the objectives identified in the Consolidated Plan are critical issues for the City to address over the 5-year Consolidated Plan period, project proposals addressing higher priority needs will score higher.

High Priority

- Increase the supply of affordable rental housing that is available to moderate low (60% median)-, very low (50% median)- and extremely low (30% median) income.
- Increase homeownership opportunities for moderate low (80% median)- and very low (50% median) income.
- Homeless Shelter Development
- Transitional Housing

Low Priority

- Permanent Supportive Housing for Homeless

Applicable regulations and requirements are summarized below.

City staff will be available to provide technical assistance in determining which regulations apply to each project and interpreting the relevant regulations. However, recipients will be responsible for satisfying these requirements, documenting how the requirements are being satisfied, and reporting to the City on how these requirements are being satisfied.

6.1 Written agreements

Each recipient will be required to enter into a written agreement with the City that requires compliance with all System Development Charge exemption terms applicable to the project, and with the RFP, the proposal, and any modifications and conditions imposed by the City. 6.3 Other Requirements

In addition to the record-keeping and reporting requirements outlined above, System Development Charge exemption projects may also be subject to other requirements. The following is a brief summary of additional requirements that may apply to each project.
