

FLOOD PREVENTION TIPS

Thinking Beyond the Sandbag

SANDBAG ALTERNATIVES:

1. *Straw bales + plastic sheeting to create a dam*
2. *Plastic sheeting/garbage bags filled with dirt*
3. *Plastic sheeting/garbage bags secured to openings around doorways to keep water from getting in*
4. *Tires + plastic sheeting to make a dam*

ADDITIONAL PREPARATION TIPS:

1. *Remove snow away from the foundation of your home.*
2. *Make sure you have clear drainage to catch basins or drainage areas on your property. (Don't dig drainage into your neighbors property.)*
