

# CITY OF BEND HOUSING

This amendment was triggered by the cancellation of a public services activity previously described in the 2025 Annual Action Plan, at the request of the correlating entity on October 6, 2025. In February 2025, the Affordable Housing Advisory Committee incorporated contingency measures into its public services funding recommendations, specifying that any additional resources should be evenly distributed among the remaining activities. Accordingly, the funds previously allocated to the canceled activity are reallocated in equal portions to the two remaining public service activities. The scopes of these activities are adjusted to reflect the revised funding allocations.

## Executive Summary

### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

The 2025 Amended Annual Action Plan (AAP) addresses the goals of the 2023 - 2027 Consolidated Plan, which establishes local preferences for use of public funding to help low and moderate-income community members of Bend. The AAP was developed through a series of community engagement processes, including numerous public Affordable Housing Advisory Committee (AHAC) meetings. The U.S. Department of Housing and Urban Development (HUD) requires the community address affordable housing, homelessness, and community development needs as well as resources identified in the Consolidated Plan.

The HUD required AAP directs the City of Bend in utilizing federal Community Development Block Grant (CDBG) Program funding. The City of Bend receives a formula allocation of CDBG funds. The AAP identifies community development and housing goals and establishes strategies to meet them. This enabling document provides the City and its partners with information and support to achieve these housing and community development requirements and evaluates the effectiveness of particular proposals in relationship to the determined City goals and strategies. HUD does not penalize a jurisdiction if the goals are not met as established in the AAP. The AAP can be amended following a public process. The AAPs success is assessed by the Consolidated Annual Performance and Evaluation Report (CAPER) submitted to HUD at the conclusion of each program year.

## **2. Summarize the objectives and outcomes identified in the Plan**

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The objectives of the Strategic Plan of the 2023 - 2027 Consolidated Plan are to carry out five goals identified through the planning process: 1) Assist Homeless with Shelter and Services; 2) Create and Preserve Affordable Rental Housing -- produce and preserve rental affordable housing through creation of new rental units, providing land for development of rental units, and obtaining rental units to keep them affordable; 3) Provide Support to Necessary Public Services – provide assistance to necessary and prioritized public services, particularly services that increase community capacity for Permanent Supportive Housing (PSH) and “Housing First” model programs; 4) Homeownership – produce and preserve owner occupied affordable housing through creation of new homes, development of new homes, and obtaining homes to keep them affordable; and 5) Infrastructure Improvements – develop affordable housing infrastructure and economic development infrastructure in low to moderate-income neighborhoods with a focus on increasing affordable housing and child care facilities with public infrastructure improvements.

The outcomes of Goal One will be measured by the number of (1) homeless persons that receive overnight shelter, (2) additional emergency shelter or transitional housing beds created, and (3) housing units added for the homeless.

The outcomes of Goal Two will be the number of affordable rental units created, the number of affordable rental units rehabilitated, and the number of affordable rental units preserved.

The outcomes of Goal Three will be the number of low to moderate-income persons assisted and the number of low to moderate-income households that receive a housing related service.

The outcomes of Goal Four will be the number of households that purchase an affordable home, an affordable rehabilitated home, or financial assistance to purchase a home.

The outcomes of Goal Five will be the number of low to moderate-income households assisted with a housing benefit from public infrastructure and the number of low to moderate-income persons that benefit from public infrastructure investment that does not include a housing benefit.

## **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Since the adoption of the 2023-2027 Consolidated Plan, Bend's Affordable Housing Fund has supported the goals of the AAP. This past year the Affordable Housing Fund (AHF) funded homebuyer assistance for nine low- and moderate-income households. In addition, CDBG funds were awarded for homebuyer assistance for nine low- and moderate-income households, all of which are expected to close in early summer 2025. An additional thirty-three Permanent Supportive Housing (PSH) units were completed this past year with the help of AHF awarded in 2022.

With CDBG funding Bend made progress on the 2023-2027 Consolidated Plan goal to provide support for critical public services. Service providers that benefited from CDBG funding over the 2024 program year include Bend Church, J Bar J Youth Services' Living Options for Teens (LOFT) program, Thrive Central Oregon, and Volunteers in Medicine, who collectively served eight hundred sixty-seven individuals.

The City carried out the goal to assist in addressing homeless with shelter and services by continued funding for overnight shelter and transitional shelter, funding permanent supportive housing services of formerly chronically homeless persons. Early in the 2024 program year, Bethlehem Inn completed a 2023 CDBG contract extension and served one hundred fifty-one houseless persons with overnight shelter and services. In March 2025, the first Permanent Supportive Housing development in Bend, Cleveland Commons, opened its doors for thirty-three residents, utilizing a combination of Affordable Housing Funds and Commercial and Industrial Construction Tax funds.

Through the combination of CDBG and Affordable Housing funding Bend completed the 2024 Annual Action Plan goal outcomes. Moreover, Bend is on track to complete the goals of its 2023–2027 Consolidated Plan.

#### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

The City of Bend Housing Division prepared the 2025 Amended Annual Action Plan (AAP) with guidance found in 24 CFR Part 91 and in alignment with the City of Bend's Citizen Participation Plan. Agencies and individuals participated in the AAP preparation and are cited throughout.

On Monday March 10 Sunday November 23, 2025, the local newspaper, The Bend Bulletin, published notice regarding a public hearing on the notice to amend the 2025 Annual Action Plan, including notification of public hearing AAP at the regularly scheduled hybrid AHAC Affordable Housing Advisory Committee meeting on Wednesday April 9 Tuesday, December 16, 2025. Bend's Housing Division staff emailed the AHAC meeting notice to over one hundred sixty five individuals who were either former applicants or self identified interested parties.

~~The City published notice for proposals on September 3, 2024, in its local newspaper, The Bulletin. The notice provided City contact information and offered the proposal application in alternative formats such as Braille, large print, or electronic formats. Bend released the application for proposals on Monday, September 30, 2024, with the proposals due on Monday, October 28, 2024.~~

In addition to publication in the local newspaper, on November 24, 2025, the City posted the notice of proposed amendment to the draft 2025 Amended Action Plan at City Hall in both English and Spanish, and made a physical copy available at the Permit Counter's customer service desk for public access. On the same day, the notice and draft amended 2025 Annual Action Plan were also published on the City's website at <https://www.bendoregon.gov/government/departments/housing>, where the information is accessible in multiple languages. All published notices provide a city contact and offer materials in alternative format such as Braille, large print, and electronic format or to make a relay call for public comment.

~~In addition to the local newspaper publication, the City included the fund allocation schedule and access to the proposal application on its website. The City's website offered this information in multiple languages. All previous applicants and interested parties directly received the fund allocation schedule and proposal application information, totaling one hundred sixty-five persons.~~

From Monday, November 24, 2025, through Tuesday, December 23, 2025, public comment regarding the proposed amendments to the 2025 Annual Action Plan can be submitted to [housing@bendoregon.gov](mailto:housing@bendoregon.gov) or at P.O. Box 431, Bend, Oregon 97709. City staff will consider the written comments received. Oral comments are welcome at the public hearing hosted by the Affordable Housing Advisory Committee at 3:00 p.m., Tuesday, December 16, 2025. Meeting information is available on the committee website at [www.bendoregon.gov/government/committees/affordable-housing-advisory-committee](https://www.bendoregon.gov/government/committees/affordable-housing-advisory-committee). All public comments must be received on or before noon on Tuesday, December 23, 2025.

~~The opportunity for public comment occurred at meetings of the City's Affordable Housing Advisory Committee (AHAC), when the applicants presented their proposals to the committee on December 11, 2024, and January 15, 2025. The committee made its funding recommendations on December 11, 2024, and February 12, 2025.~~

~~AHAC public meetings were held in a hybrid meeting of in person and virtual access to participate and were available for viewing on YouTube shortly following the meeting. Closed captioning was available with multiple language subtitle options, both on Zoom and YouTube recordings.~~

~~On Monday, March 10, 2025, The Bulletin published notice regarding a public hearing on the 2025 AAP at the regularly scheduled hybrid AHAC meeting on Wednesday, April 9, 2025. Bend's Housing Division staff emailed the AHAC meeting notice to over one hundred sixty-five individuals who were either former applicants or self-identified interested parties.~~

~~Bend's published notices provided a city contact and offered materials in alternative format such as Braille, large print, and electronic format or to make a relay call for public comment. Bend also included drafts of the 2025 AAP on its website. The draft of the AAP was available for public review from Monday, March 10, 2025, through Tuesday, April 8, 2025.~~

Bend's City Council ~~will~~ reviewed and voted unanimously to approve the recommended 2025 amended Annual Action Plan on Wednesday, ~~May~~ January 7, ~~2025~~2026. Notification of the regularly scheduled City Council meeting ~~occurred~~ occurs on the events calendar located on the home page of the City's website in accordance with state public meetings notice requirements. The City Council meeting ~~was~~will be a hybrid meeting of in-person and virtual access to participate. Council will broadcast the meeting with closed captioning available. For anyone wishing to attend in-person Council meetings, City Hall meets the American with Disabilities Act accessibility standards and meetings occur in the evenings, so that more community members of Bend have the opportunity to attend. Upon 24-hour advance request, the City Manager's Office will make available a sign language interpreter service, assistive listening devices, a reader to review materials with the sight impaired, a language interpreter, and materials in alternative format such as Braille, large print, electronic formats, and audiocassette tape.

### Narrative (optional)

Bend, Oregon, is the lead agency for this funding. As the largest city in Oregon east of the Cascades, Bend is also the regional hub for business and as such have a larger housing and community development need than the City's population would indicate. CDBG is one of the valuable tools used to address this need.

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The City of Bend recognizes the importance of consulting with community stakeholders, service providers, and population organizations all year. Consultations occurred with the largest homeless service providers, as well as Deschutes County and the Homeless Leadership Coalition. Representatives of J Bar J Youth Services, Shepherd's House, Central Oregon Council on Aging, NeighborImpact, Thrive Central Oregon, Volunteers in Medicine and other shelter and service entities all provided content to this document, particularly with regards to information on what homeless services currently are available and which recommendations for this plan should be implemented.

Consistent with previous years, a review of the Oregon Health Authority's *Memento Morbi, a Monthly Communicable Disease Surveillance Report*, confirmed that 'lead poisoning' is not a public health hazard within Deschutes County in the last year. In the report, when there are fewer than six cases of lead poisoning or childhood lead poisoning, double asterisks (\*\*) are reported. From January 2014 – December 2024, only double asterisks were reported for Deschutes County. However, for the first time since the dashboard began tracking and reporting in 2014, 'childhood lead poisoning' had fourteen cases reported for Deschutes County between January and December 2024. Consultation with the Oregon Health Authority (OHA) on January 3, 2025, confirmed that the uptick is mostly due to a newly reduced testing threshold. In October 2023, to align with CDC reference values, the OHA threshold was reduced from a limit of 5 µg/dL to 3.5 µg/dL. In addition, most of the cases identified were exposed to lead while living outside the United States. In addition, in the last six years, the OHA compares addresses of cases against a list of pre-1978 housing. To date, no matches have been identified. This confirms that while an uptick in childhood lead poisoning cases were identified in 2024, there remains no public health hazard or link to housing developed prior to 1978's ban on the use of lead in residential paint.

The City of Bend Growth Management Division was consulted regularly about existing housing in Bend, population forecasts, expected housing needs, and other information.

### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))**

The City recognizes the importance of coordination among the community's public and private housing and social service providers in meeting the community's priority needs. Throughout the 5-year Consolidated Plan period, the City will undertake actions to coordinate with local housing and social service providers in the identification, documentation, and mitigation of community needs. This will result in a more streamlined and effective service delivery system. The City of Bend has five full-time staff dedicated to CDBG, affordable housing, middle-income housing, and increasing services for the

houseless community. The staff serve as the point of contact for the community and manage the City's role in addressing housing and community development needs.

The City Council appointed Affordable Housing Advisory Committee (AHAC) serves in an on-going capacity. The Committee is composed of housing developers, social service professionals, the public-at-large, an affordable housing tenant, and representatives from home builders, the real estate industry, and Chamber of Commerce. Together, they provide valuable expertise to City staff and the City Council and serve to enhance the coordination of service delivery in the broader community.

Through its involvement with the Homeless Leadership Coalition, the HUD-designated Continuum of Care serving Deschutes, Jefferson, and Crook counties made up of a coalition of stakeholders in housing- and homelessness-related work, the City of Bend works with providers for the homeless population. The City assists in coordinating programs, including funding, for agencies that work with the chronically homeless. This includes multiple providers of services to the chronically homeless.

State legislation under HB 4123 (2022) enabled the City of Bend to implement the Coordinated Homeless Response Pilot between Deschutes County and the municipalities within it to address homelessness. Bend and Deschutes County, along with other smaller cities, are committed to forming a collaborative office to address homelessness, pooling resources, coordinating and supporting services for the houseless in Deschutes County.

The City of Bend has a long-standing partnership with Oregon Housing and Community Services (OHCS), the state housing finance agency. The City has worked with OHCS on several projects, including Neighborhood Stabilization Program. As the City does not receive any HOME funds as an entitlement community, any HOME projects in Bend are funded through OHCS. The City works with OHCS on those projects by providing environmental review, expedited permits, and other assistance when necessary. In all of these activities, the City maintains compliance with the State Consolidated Plan, particularly on projects that are funded by both entities.

The City of Bend works with Economic Development for Central Oregon (EDCO). Additionally, the City has a relationship with the Central Oregon Builders Association (COBA). COBA and the City have worked in partnership in the past and expect to continue to partner to aid in the utilization of Central Oregon contractors for projects funded by the City of Bend. Between these two agencies the City has contacts and connections with many of the major participants that contribute to economic development in the region.

The City continues its partnership with the Central Oregon Regional Housing Authority dba Housing Works for housing development in combination with services. One partnership incorporates housing with services from a community-based health care provider to low-to-moderate income households where health care is accessible on site. Another partnership provides permanent supportive housing with case management for formerly chronically homeless households.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The priorities of the Central Oregon Continuum of Care are Permanent Supportive Housing and Rapid Re-housing. Most of the Permanent Supportive Housing (PSH) in the region is operated or managed through three programs: the housing authority, Housing Works; NeighborImpact, and Shepherd's House. In 2024, the Continuum of Care continued to administer two PSH grants that assist youth experiencing chronic homelessness, families with children experiencing chronic homelessness. These two Rapid Rehousing programs serve households with children, domestic violence survivors, human trafficking survivors aged 18-24, and those 18-24 at risk of human trafficking. These programs have served fifty four individuals this year. Results of the 2025 Point-in-Time Count, the annual one-night census of people experiencing homelessness - both sheltered and unsheltered - in the tri county region shows a 17% increase of people who reported experiencing homelessness between 2024 and 2025, and at the same time, a 12.66% increase in Deschutes County and a 4.38% increase in the City of Bend. Providers reported that the 2025 PIT Count had improved access to persons living in hard to reach areas, possibly explaining the increased figures. In Bend a total of one thousand and one community members were counted as houseless in the PIT count. The number of Veterans Affairs Supportive Housing (VASH) vouchers dropped slightly from prior years, from eighty-nine to eighty-five housing vouchers. The shelters in Central Oregon continue to be underwritten by private and foundation support with some Emergency Solutions Grant (ESG) and State Homeless Assistance Program (SHAP) funding. NeighborImpact receives through OHCS. The youth services continuum is funded with federal Runaway Homeless Youth (RHY) and state funds.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The Continuum of Care's Homeless Management Information System (HMIS) lead agency is NeighborImpact; they are also the primary Emergency Solutions Grant (ESG) recipient from OHCS and administer the funds for Homeless Prevention and Rapid Rehousing categories. The area sub-recipients apply for funding and are reviewed and approved by the Homeless Leadership Coalitions voting members based on the projects ability to align with the program guidelines for ESG funding. OHCS requires from the Continuum of Cares ESG recipients quarterly reporting on performance standards. The quarterly reports are then presented to Homeless Leadership Coalition voting members for review and monitoring of ESG performance. All recipients must participate in WellSky Community Services (the state mandated HMIS) and are supported by the HMIS lead. The policies and procedures in place are outlined in the contract with each sub-recipient at the start of the funding cycle.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities**

The agencies involved in the drafting of the draft 2025 Amended Action Plan are the three public services activities previously described in the approved 2025 Annual Action Plan. Volunteers in Medicine notified the City of Bend on October 6, 2025, that they regrettably decline their funding allocation for 2025-2026. The entity had not yet executed their Subrecipient Agreement, and the City of Bend accepted their request to decline funds. The remaining two public services activities, Thrive Central Oregon and Saving Grace, were consulted to verify they can utilize the reallocated funds, in alignment with the contingency measures incorporated in their awards. No additional consultations were needed for the drafting of the amended 2025 Annual Action Plan. All agencies listed in the table below were involved in the original drafting of the 2025 Annual Action Plan.

**Table 2 – Agencies, groups, organizations who participated**

1	<b>Agency/Group/Organization</b>	Bend-Redmond Habitat for Humanity
	<b>Agency/Group/Organization Type</b>	Housing Services - Housing
	<b>What section of the Plan was addressed by Consultation?</b>	Housing Need Assessment
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	As a regular recipient of CDBG funds from the City of Bend, Habitat for Humanity was consulted via interviews about needs for affordable housing that would assist in their mission. Continued coordination with Habitat for Humanity should improve facilitating homeownership financial assistance for low- and moderate-income households.
2	<b>Agency/Group/Organization</b>	Bethlehem Inn
	<b>Agency/Group/Organization Type</b>	Services-homeless
	<b>What section of the Plan was addressed by Consultation?</b>	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Bethlehem Inn is an emergency shelter that provides a warm, safe place to sleep, nourishing meals, and case management services for adults and children experiencing homelessness. Consultation with Bethlehem Inn included barriers to housing for those in emergency shelter. Potential outcomes include (1) increased case management services toward self-sustaining housing, (2) increasing housing options for single households, and (3) increasing sustainable employment opportunities.

3	<b>Agency/Group/Organization</b>	Building Partners for Affordable Housing
	<b>Agency/Group/Organization Type</b>	Housing Business Leaders Civic Leaders
	<b>What section of the Plan was addressed by Consultation?</b>	Housing Need Assessment Market Analysis
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Through numerous conversations Building Partners was consulted regarding housing needs in the community and how best to address them, most particularly how to bring private equity and private contractors/developers/builders into the arena. Bend will continue to consult with Building Partners to continue the unique partnerships that have developed between the City and the local development community.
4	<b>Agency/Group/Organization</b>	Central Oregon Council on Aging
	<b>Agency/Group/Organization Type</b>	Services-Elderly Persons Services - Narrowing the Digital Divide
	<b>What section of the Plan was addressed by Consultation?</b>	Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	The City of Bend consults regularly with Central Oregon Council on Aging regarding senior needs. Central Oregon Council on Aging explored partnerships with the City to expand capacity to serve the elderly with access to communications with fellow community members, meals, and other resources.
5	<b>Agency/Group/Organization</b>	Central Oregon FUSE
	<b>Agency/Group/Organization Type</b>	Housing Services - Housing Services-homeless

	<b>What section of the Plan was addressed by Consultation?</b>	Homeless Needs - Chronically homeless Homelessness Strategy Anti-poverty Strategy
	<b>Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?</b>	Central Oregon FUSE provides housing and case management to formerly chronically homeless in scattered housing sites throughout Bend. The City of Bend consults with the Program Manager and Board Chair regularly regarding efforts to expand capacity with a dedicated housing development and increased operational capacity. FUSE participated in the OHCS sponsored Supportive Housing Institute and seek further resources to build housing and increase services in Bend. City staff will continue consultations and support of Central Oregon FUSE efforts.
6	<b>Agency/Group/Organization</b>	Central Oregon Regional Housing Authority/Housing Works

The HLC mission is to prevent homelessness where possible or, if it cannot be prevented, work to ensure it is rare, brief, and non-recurring. The HLC is currently updating their strategic plan to identify opportunities for collaboration and coordination of services and efforts to serve people experiencing homelessness and address the housing affordability and availability crisis. The City of Bend is a member of the HLC and is represented on the Board of Directors.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

The City of Bend expects to receive \$583,169.00 in CDBG entitlement funds. Outside of that the City estimates that it will receive \$1,000,000 in local Affordable Housing Funds which in many cases are utilized in conjunction with CDBG funds. All cases funds are obligated and spent per the priorities in our Consolidated Plan.

Table 54 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

Historically CDBG funds have leveraged extensive outside funding, either private equity or other grant sources. This year's leverage ratio is approximately 12:1. This is most often the reality of a relatively small amount of CDBG funds compared to a large need in a growing community. It is very rare that CDBG funds are the sole source of funding on any project. With the limited amount of CDBG funds available to the City, Bend has long utilized these funds in conjunction with other resources to meet local housing and community development needs. Most particularly, the City will have its Request for Proposals (RFP) for local Affordable Housing Fee funds (typically \$1 million annually) and Commercial and Industrial Construction Tax (CICT) coincide with CDBG RFPs. This allows both applicants and staff to best combine these funds, along with any federal or state funds that a recipient may be receiving into complete packages that will create the best projects. Matching requirements are a HOME regulation and not required for cities that just receive CDBG. Bend has learned that relying upon Federal or State funding is not a feasible option to address its affordable housing needs. This may be because priorities and allocation systems of federal funds do not factor in the needs of communities such as Bend, and State of Oregon funding is allocated to larger urban areas such as the Portland Metro region and in the Willamette Valley. Bend's local Affordable Housing Fund is a necessity to overcome the lack of support that Bend receives from Federal and State resources.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

The City has sold approximately 10 acres of surplus land at cost for the development of 130 units, and two parcels were sold for affordable housing development in 2024. The City has identified limited capacity to surplus workable properties and provide them for affordable housing development. The City will continue working towards additional properties to surplus for affordable housing development.

### AP-35 Projects – 91.220(d)

#### Introduction

The following describes the program activities that will be undertaken with the City of Bends 2025 CDBG allocation. Priority levels are based on the evaluation of needs outlined in the 2023-2027 Consolidated Plan. Bends CDBG program administration will bring fair housing awareness when participating in development of City policies and ensure funded projects conduct their programs in furtherance of fair housing.

	<b>Needs Addressed</b>	Provide Support to Necessary Public Services
	<b>Funding</b>	CDBG: \$28,456.00 <del>50,184.00</del>
	<b>Description</b>	This project will provide intensive and comprehensive services to the community's highest risk domestic violence survivors. High-risk survivors come to Saving Grace with a range of immediate needs, including the need for emergency shelter, safety planning, protection orders, and support as crime victims when domestic violence cases are prosecuted. Law enforcement depends on Saving Grace to immediately address survivors safety needs, prevent future harm, and ultimately prevent homicide. Any additional funding received in PY2024 because of the City of Bend's CDBG entitlement, subject to the 15 percent public services cap, will be allocated evenly amongst the public service awarded programs.
	<b>Target Date</b>	6/30/2026

	<b>Planned Activities</b>	Funding will be used to cover staff support / staff wages of the Law Enforcement Liaison <a href="#">program</a> , whose job is designated to provide services to LAP-referred clients.
<b>4</b>	<b>Project Name</b>	City of Bend (Sidewalk Improvements)
	<b>Target Area</b>	
	<b>Goals Supported</b>	Infrastructure
	<b>Needs Addressed</b>	Infrastructure Improvements
	<b>Funding</b>	CDBG: \$467,126.00
	<b>Description</b>	Certain affordable housing developments currently have no sidewalks or no paved roads, which can require residents to either travel exclusively by car, risk walking in the road, or take lengthy detours to paved sidewalks. Some of the units near the sidewalk projects are reserved for people with high physical needs, which makes walking or rolling in the road dangerous. By developing sidewalks in areas without them and improving sidewalks in disrepair, the City will enhance pedestrian connectivity in low-income communities and provide a safer, more reliable way for residents to traverse the community. Any additional funding received because of the City of Bend's CDBG entitlement, minus 15 percent of PY2024 program income for additional public services and 20 percent of PY2025 for additional CDBG administration expenses, will be allocated to the City of Bend Sidewalk Improvements.
	<b>Target Date</b>	6/30/2026
	<b>Estimate the number and type of families that will benefit from the proposed activities</b>	Three census tracts are involved in this project. They are Tract 15.01, 18.01, and 18.02. 13155 individuals live in these census tracts, which have been identified as HUD as having greater than 51 percent of residents as low to moderate income. In addition, in comparison to the City of Bend as a whole, these tracts have more persons with disabilities, more single income earning households, and more renter occupied units than owner occupied units.

	<b>Location Description</b>	All three tracts have been identified by HUD as Difficult Development Areas (DDI). The tracts have ample affordable housing and retirement communities.
	<b>Planned Activities</b>	Installation of 1,740 ft of sidewalk and road infrastructure improvements to complete gaps in the sidewalk network immediately adjacent to low-income housing developments within the City of Bend. Project will facilitate increased housing and transportation options for those with limited access to personal vehicles in three census tracts.

## AP-50 Geographic Distribution – 91.220(f)

### Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Affordable Housing Fund development will be disbursed throughout Bend, including in Central, East, and Southwest Bend. Homeownership financial assistance will occur in Central Bend utilizing Community Development Block grant funds from the 2024-2025 program year. There are no concentrated areas of racial, ethnic, or poverty populations in Bend.

#### Geographic Distribution

Table 84 - Geographic Distribution

#### Rationale for the priorities for allocating investments geographically

Activities are awarded funds not based on geographic location but rather on how they address Plan Goals and feasibility of projects.

#### Discussion

CDBG Public Service funds serve all geographic areas of Bend. The City of Bend strives to fund projects that span the city's geography while keeping in mind the most leverage potential with limited funding.

## Affordable Housing

### AP-55 Affordable Housing – 91.220(g)

#### Introduction

Utilizing CDBG to leverage against other funds is the only way the City can get any new units on the ground that meet this category. However, many more units are constructed in Bend that are outside the scope of CDBG, approximately 100 per year. This year the number will be closer to forty-five new affordable rental units that did not utilize any Community Planning and Development (CPD) funds.

Bend-Redmond Habitat for Humanity will develop nine homeownership units, utilizing 2024 CDBG funds. In addition, RootedHomes will develop forty homeownership units, utilizing 2022 and 2023 CDBG funds.

## AP-60 Public Housing – 91.220(h)

### Introduction

Although federal, state, or local funding subsidizes affordable housing located in Central Oregon, there is no public housing within the City of Bend. The City of Bend has a long and productive partnership with the local housing authority, Central Oregon Regional Housing Authority dba Housing Works. The City has partnered with Housing Works on hundreds of units over the years, with such assistance as land donation (or land lease with minimal, \$1 per year, payments) and direct financing through both CDBG and Affordable Housing Funds. The City also consults on a regular basis with Housing Works staff on potential projects and policies to increase and enhance the number of affordable housing units in Bend. A Housing Works staff member also sits on the City's Affordable Housing Advisory Committee.

### **Actions planned during the next year to address the needs to public housing**

There is no public housing within the City of Bend. The City works with the Central Oregon Regional Housing Authority, dba Housing Works, to identify ways in which the City can assist with affordable housing development, upgrades, and activities. Currently, residents of Housing Works properties take part in voluntary activities toward establishing self-resilience as well as holding a position on Housing Works governing board.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

Residents of Housing Works, the Central Oregon Regional Housing Authority, properties are encouraged to take part in voluntary activities toward establishing self-resilience and participate through resident representation on the Housing Works governing board and through resident meetings.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

The PHA is not designated as troubled.

### Discussion

Housing Works is a viable, competent, and valued partner of the City of Bend in addressing the needs of community through affordable housing. In addition to the numerous projects done over the years with Housing Works, the City fully expects to continue this collaboration in the future. Housing Works will be an integral partner in addressing the ongoing rental housing crisis. They are the most experienced and successful developer of large-scale affordable housing projects in the region and are the owners of the largest portfolio of affordable housing in the eastern part of the state.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

There is a wide network of social service providers in Bend that provide valuable services to help prevent and/or assist persons to move out of homelessness. Some of providers focus on a particular type of service (e.g. housing, health care, transportation) while others focus on a particular population (e.g. victims of domestic violence, seniors, or veterans). The City works with all providers, either directly with financial assistance, or in partnership with other entities. Examples of these providers are Shepherds House, J Bar J Youth Services, NeighborImpact, Bethlehem Inn, Central Oregon FUSE, Saving Grace, Central Oregon Villages, Central Oregon Veteran and Community Outreach, Shepherds House, REACH, various health care providers, and other contributors in addressing persons experiencing homelessness and with special needs.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

#### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

This year the City of Bend continued funding four shelters and utilizing CDBG to support three projects that address the needs of houseless individuals, particularly those that are unsheltered. Specifically, the City is funding case management personnel for Bend's only shelter for domestic violence survivors, Saving Grace. Support services for houseless persons is funded through Thrive Central Oregon.

#### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The projects above provide ancillary housing services. In its 23-25 biennial goals, the City Council adopted a goal of optimizing the housing continuum, with an action to seek sustainable funding for shelter operations to maintain 505 existing level of shelter beds. Bend directly supports four shelters, one hotel for non-congregate shelter, one hotel for congregate shelter, a shelter comprised of small, individual sleeping units, and the Lighthouse Navigation Center, the City's only low barrier walk up resource, with day services and congregate overnight shelter. Resources available through the State and Local Fiscal Recovery Fund of the American Rescue Plan Act and Oregon Housing and Community Services, enable the Lighthouse Navigation Center to operate as a services hub with 33 local partner agencies and organizations. All of the City-supported shelters offer robust housing-centered case management.

Council adopted the Safe Parking Program into the City Code in the spring of 2021. The Safe Parking Program allows property owners or lessees limited overnight parking for persons experiencing homelessness. At the time of drafting this Annual Action Plan, there were twelve parking spots at four

locations, totaling sixteen beds, within Bend.

Council adopted additional shelter City Code changes to make citing shelters easier in the future. Council adopted a Camping Code which will give greater clarity to Bend's community members regarding where, when, and how camping can occur in Bend's public rights of way.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

Case management at shelters within the City of Bend, including Bethlehem Inn, Central Oregon Villages, Franklin Avenue Shelter, LOFT, Grandma's House, the Lighthouse Navigation Center, and Stepping Stone, provides homeless individuals and families with assistance and education necessary to transition to permanent housing and maintain housing stability. Affordable Housing Funds supported the construction of thirty-three Permanent Supportive Housing units for chronically homeless households at the recently completed Cleveland Commons.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

City funding supplements federal funds in providing case management, the provision of shelter-related supplies, and rent assistance to maintain housing. In 2024, eleven organizations received over \$3,000,000 in ARPA and Deschutes County funding to expand houseless services, including housing-focused case management, outreach, eviction prevention and rehousing assistance, and shelter services. This includes NeighborImpact, Central Oregon Villages, Mountain View Community Development, Shepherd's House Ministries, Thrive Central Oregon, Saving Grace, FUSE, REACH, Home More Network, Companion Animal Medical Project, and Mosaic Community Health. In addition, five organizations received over \$350,000 in Commercial and Industrial Construction Tax (CICT) funds to provide shelter-related supports, case management, and rental assistance. This includes awards to Bend Church, Bethlehem Inn, Thrive Central Oregon, J Bar J Youth Services, and Home More Network.

## **Discussion**

The City of Bend has created a webpage to provide updates and resources to the community

[www.bendoregon.gov/houselessness](http://www.bendoregon.gov/houselessness).

In addition to CDBG resources, the City participated in an Emergency Homelessness Task Force in partnership with Deschutes County to address the continuum of homelessness. Because persons experiencing homelessness require a spectrum of facilities and services - from a range of low-barrier overnight shelters to higher-barrier emergency shelters - the task force identified City and regional gaps in the continuum and recommended implementing actions to address the needs. The Task Force findings can be found at Addressing Houselessness in Deschutes County ([houselessindeschutes.org](http://houselessindeschutes.org)).

The state legislation adopted in 2022 as HB 4123 enabled the City of Bend to implement the Coordinated Homeless Response Pilot between Deschutes County and the municipalities within it to address homelessness. Bend and Deschutes County, along with other smaller cities, are committed to forming a collaborative office to address homelessness, pooling resources, coordinating, and supporting services for the houseless in Deschutes County.

## AP-75 Barriers to affordable housing – 91.220(j)

### Introduction:

The lack of buildable land and the resulting high home and rental prices resulted in a greater number of households experiencing housing cost burden in Bend. While the City has expanded the Urban Growth Boundary in 2016, and again in 2023 for a piece of state-owned land at the direction from the Oregon legislature, getting land ready for development in the annexation process requires significant investment in public infrastructure to service (not including private infrastructure), which delays land being available for development. In addition, rental and home ownership prices have significantly outpaced wage growth.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

A strained housing market throughout Oregon intensified during the pandemic and the City continued pursuit of code changes that would increase housing supply. In 2019, state legislation (HB 2001) enabled the City to update codes for increased housing density in single-family housing zones. On July 22, 2021, City staff presented to Council and the community the affirmatively furthering fair housing basis for the code changes (See the City staff presentation at <https://youtu.be/h4dC1NALdzY>). Council adopted the City codes changes for more middle housing in single-family zoned areas, such as duplexes, triplexes, quadplexes, townhomes, and cottage clusters.

Council adopted property tax exemptions for non-profit affordable housing developments and mixed-use developments which would provide more affordable housing. Following several large projects seeking the City's property tax exemption for mixed-use developments, the City paused accepting applications to address desired outcomes for developments supported through property tax exemptions or rebates. The City's urban renewal agency, the Bend Urban Renewal Agency, adopted a policy to use tax increment financing to support housing developments that provide a minimum of 15% of units for rent for households earning up to 90% area median income, and five developments are seeking to use this program to create several hundred units in mixed-income developments throughout the City. Central Oregon Veteran and Community Outreach received the first non-profit tax exemption for its existing affordable housing developments. These are just some of the affordable housing developer incentives expected to increase affordable housing in the upcoming program year.

Housing staff continue their work to affirmatively further fair housing in Bend. In 2024, staff completed an updated Analysis of Impediments to Fair Housing. Additionally, Housing staff regularly work with all other City departments and the County to streamline affordable housing developments throughout

Bend, so that all Bend community members can find housing in the neighborhood of their choice.

**Discussion:**

The City has completed two UGB expansions, however, there is still land waiting to be annexed into the City. The parcels which have been annexed and are expected to provide approximately 1000 new units in the next 5 years. Additional lands are anticipated to have infrastructure service and be ready for housing development approximately one to two years from now at the earliest.

Since 2015, Bend has worked toward the ability to build higher density housing types, such as duplexes, townhomes, and accessory dwelling units (ADUs) in single-unit residential zones. A strained housing market throughout Oregon intensified during the pandemic and the City continued pursuit of code changes that would provide greater upzoning opportunities. Council adopted the City codes changes for more middle housing in single-family zoned areas in 2021. Adding these types of homes helps meet the housing needs of many younger people, older people, and people who can't afford a large, detached house of their own. Production is expected to continue to increase as Bend developers transition to building these types of units.

Finally, the Affordable Housing and Sustainable Development goal of the 2023-2025 Council includes strategies to optimize the housing continuum, including exploring code and policy options to streamline housing development processes for greater affordable and middle-income housing options.

## AP-85 Other Actions – 91.220(k)

### Introduction:

City of Bend addresses the Community Development and Housing needs of Bend through local funding and will do so for the foreseeable future. The use of CDBG funds is severely limited which has forced the City to be both creative and diligent in supporting the Consolidated Plan.

### Actions planned to address obstacles to meeting underserved needs

Generally, the obstacles to meeting underserved needs are the lack of funding and the lack of information regarding available resources. Individual City departments actively monitor and pursue funding opportunities for a broad range of project areas, including housing and community development. During the program year, the City will lead in continuing to seek ways to expand and refine how those whose needs are underserved are informed about the financial and informational resources available to them in the community. Primary examples are the following:

- Coordination with Oregon Housing and Community Services (OHCS) and the Central Oregon Intergovernmental Council (COIC) on funding for shelter operations in Bend
- The financial, rehab, and planning support of the Lighthouse Navigation Center, and
- The on-going CDBG and Affordable Housing Funds projects.

Access to broadband internet increasingly impacts communities economic and community development. As mentioned in section MA-60 of this document, 92 percent of Bend's households subscribe to broadband. Bend's households with higher incomes are more likely to have broadband with an internet subscription. All households with children enrolled in Bend La Pine Schools receive an iPad and, if needed, a mobile internet hotspot. The local Connect2Compete program provides a broadband internet subscription for \$9.95 a month to households with children enrolled in K through 12. Through the Lifeline program, Oregon's Public Utility Commission offers income-qualified households with a monthly discount (up to \$15.25) on a phone or broadband (up to \$19.25). The Deschutes Public Library makes available computers with internet during its hours of operation and 50 mobile hotspots for check-out up to 3 weeks at a time.

Extreme weather instances in the region the past three years also taught valuable lessons. Partnerships between homeless service providers and the City enabled expanding places to sleep and hours of operation at emergency shelters for persons experiencing homelessness to escape winter cold or summer smoke and heat. In the Summer, the City of Bend funded hygiene and cooling stations with water to identified areas where community members were living outdoors.

### Actions planned to foster and maintain affordable housing

The City of Bend actively pursues policies and actions that enhance the supply of Affordable Housing in Bend. The most important of which is the implementation and management of a local Affordable Housing Fund, until recently the only of its kind in Oregon, that by far dwarfs whatever funds the City receives from Federal or State sources.

In addition, the City provides expedited permitting and exempts System Development Charges (SDC) for affordable housing. After the success of the City's deferral and loan program to facilitate affordable developments, Council adopted a blanket exemption of SDCs for affordable housing developments in 2017. In April of 2024, Bend updated its SDC methodology and included an exemption of SDCs for affordable housing development and homeless shelter developments. The City of Bend has a robust Developer Incentive Program to assist affordable housing developers by removing some of the obstacles to creating affordable housing. Incentives currently offered, in addition to expedited processing and SDC fee exemptions, include a density bonus, cottage code, and surplus land awards.

To assist developers of affordable housing, the City of Bend adopted a policy to provide property tax exemption for multi-family housing developments that are affordable to households earning up to sixty percent of Area Median Income. The exemptions are provided for twenty years, after Council approval. Recently the City implemented a tax exemption for non-profits providing affordable housing. As it relates to fostering affordable housing through homeownership, the City supports multiple organizations with land acquisitions, site planning, and down payment assistance.

### **Actions planned to reduce lead-based paint hazards**

The City continues research on the lead-based paint hazard in Bend and will explore options for funding lead-based paint evaluation and abatement projects as needed. Additionally, the City acts as a resource to agencies and individuals regarding Lead Based Paint questions and the City is able to provide both Risk Assessment assistance and consultation regarding hazard abatement and project management.

### **Actions planned to reduce the number of poverty-level families**

The City actively works with housing and community development providers to help families move out of poverty through the funding and implementation of public service activities, especially those that promote self-reliance, as well as job attainment and retention skills. This also includes those community development activities that assist the homeless and the near homeless to become active members of the community. In 2025, the Lighthouse Navigation Center, Franklin Ave Shelter, Stepping Stone, Bethlehem Inn, Cleveland Commons, the LOFT, and Grandma's House will provide coordinated services directed at moving individuals and families into permanent housing and stabilization.

### **Actions planned to develop institutional structure**

The City will continue offering technical assistance to agencies implementing projects with CDBG funds. This may include incorporating specific language from federal regulations into grant agreements, encouraging strategic plan development, providing staff training assistance, and fulfilling the City Risk Assessment and Monitoring Plan. The Risk Assessment and Monitoring Plan outlines procedures the City will use to determine an organization's capacity to undertake a CDBG funded activities. Project requirements for both City staff and the organization are monitored and clearly outlined within this Plan. The results of the risk assessment will assist the organization in identifying ways to improve its

capacity, efficiency, and service area analysis (markets), and to improve outcomes. Many of the actions identified in this Action Plan will improve institutional structure by enhancing coordination with housing developers and service providers in the community, thereby improving the capacity of the City and collaborating organizations to meet the community needs.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City recognizes the importance of coordination and has taken an active leadership in the County and across the state to enhance coordination between public and private housing and social service agencies. With the Deschutes County Coordinated Houseless Response Office and the Homeless Leadership Coalition, the City will further coordinate with local housing and social service providers in the identification, documentation, and mitigation of community needs. This will result in a more streamlined and effective service delivery system. The Housing Division Manager serves as a point of contact and to coordinate the City's role in addressing housing and community development needs. The Affordable Housing Advisory Committee reviews all CDBG applications. The Committee, which is composed of housing developers, social service professionals, affordable housing tenants, realtors, lenders, and individuals with experience in addressing housing and community development issues, provides valuable expertise to City staff and the City Council and will serve to enhance the coordination of service delivery in the broader community.

#### **Discussion:**

It is difficult, if not impossible, to address and alleviate all underserved needs in the community. Bend, in cooperation with numerous partners, attempts to do so on a regular basis. While unlimited funding would make this an easier prospect, Bend does a very good job with what resources it has.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

#### Introduction:

The City of Bend has been extremely successful in meeting program requirements for CDBG. Over ninety percent of its funding timely assists low- and moderate-income individuals within the community. The needs of the community are great, and this program helps the most disadvantaged.

#### Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
<b>Total Program Income:</b>	<b>0</b>

#### Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. <u>Overall Benefit</u> - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	90.00%

Bend does not have the luxury of a large amount of CDBG funds that would allow it to participate in such things as 108 loan guarantees and other more out of the ordinary programs. It is basically because of local funds that Bend retains and creates the amount of affordable housing it has in recent years.
