RESOLUTION NO. 3495

A Resolution of the City Council Recognizing the Century West Neighborhood District.

Findings

A. Chapter 1.70 of the Bend Municipal Code establishes a system of Neighborhood Districts
B. Bend's Neighborhood District Program is intended to: encourage and build community and neighborhood awareness and understanding of City issues; provide for inclusive, representative, informed, and effective communication and feedback between the City and community members on issues and concerns related to City issues, especially those related to City Council goals; and to support positive and meaningful connections within neighborhoods and the City as a whole.
C. The Municipal Code provides that recognition of a Neighborhood District is by resolution of the City Council.
D. After extensive outreach efforts and requests for cooperation and engagement to the old Century West Neighborhood District, the City made the decision earlier in 2026 to terminate recognition of the Century West Neighborhood District pursuant to Bend Municipal Code 1.70.040.
E. Since that time, community members in the Century West area have come together with the intention of reestablishing the Century West Neighborhood District so that the area can have representation in the Neighborhood District system and meet the intentions articulated in the Municipal Code.
F. The Bend City Council finds that this resolution is necessary to recognize and establish a new Century West Neighborhood District.

Resolution

Based on these findings, the City Council of the City Of Bend resolves as follows:

1. The Century West Neighborhood District is hereby recognized, having the same geographic boundary as the former district.
