

2026 Q3 Quarterly Report

From the Chief

The weather is changing, kids are back at school and the visitors floating on the river every day have dropped as summer vacations end. That means it's fall in Central Oregon!

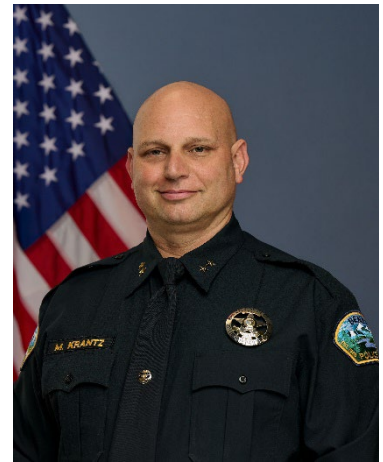

The start of the school year is a good time to remind folks about the importance of slowing down in school zones, stopping for buses and making sure we are all paying attention to our driving. There are more kids riding, walking and driving to school, and we want to keep them all safe.

It's also a good time for a refresh on the rules surrounding e-bikes and e-motorcycles. If your child is under the age of 16, it is illegal to ride an e-bike. And if what your child is riding can travel at speeds above 28 MPH without pedaling, it is no longer an e-bike. It's an e-motorcycle, and off-road motorcycles that cannot be registered are not legal on city streets, sidewalks or trails in city limits. I'm sure sometimes I sound like a broken record, but we have seen a lot of crashes and dangerous behaviors on these vehicles and we just want kids in our community to stay safe.

If fall is here, that means winter is on the way. Please make sure your vehicles are ready for the winter weather – we never know when snow might arrive here in Central Oregon, and it's your responsibility to get your car winter-ready so you don't put yourself or other drivers in danger when the roads are slick. Take a few minutes to ensure your tires are in working order, all your fluids are topped up, and that your windshield wipers actually work. You'll thank yourself on that first snowy day.

And finally, I want to give kudos to the hardworking officers and staff we have at this agency, who have difficult, sometimes thankless jobs but who, in addition to the calls for service they go to and the investigations they conduct, find time to positively interact with the community on a daily basis. In just the past couple months, our team has gathered with community at our annual National Night Out and as guests at Welcoming Week, as well as on a daily basis at schools and sporting events and in countless other ways. I feel lucky that our agency is filled with people who care about their community and want to make it better.

Stay safe and call us if you need us.

National Night Out

We had a wonderful time celebrating National Night Out with hundreds of community members at Mountain View High School on Aug. 4.

Thank you to our sponsors and everyone who came out to spend time with members of our agency. From playing lawn games and face painting to jumping in bounce houses and eating lots of hot dogs, every moment was fun and we can't wait to do it again next year!
